To Hon. Gideon Welles, Secretary of the Navy:

I have the honor to inform you that we have been eminently successful in our expedition. All that could have been wished by the most hopeful has been accomplished. This morning we are taking on board the officers and men, numbering six hundred and fifteen which surrendered yesterday, after a bombardment from the fleet of parts of two days. I shall forward a full account immediately on my arrival at the surface, and falling back to reload like a regular soldiers.

But the most singular thing about it is its property of propagation or indefinite multiplication, without any change of its structure or development—that is, it does not grow up into a plant and go to seed, but each seed brings forth a plant seed and that another, ad infinitum. There is of course much speculation about its nature, many looking upon it with almost superstitious curiosity, as if it were an exception to all known laws of life and growth. We are inclined to think, however, that it is simply a new species of the

force the rebels to abandon their threatened attack on Washington by making counter attacks on various points in the South.

The Tribune's dispatch says that advices at the War Department confirm the report that the Camanchies and Kiowa Indians have joined the rebels and are rendezvouing near Fort Bent.

The same dispatch says that it is believed in Richmond that the blockade has been effectually the same dispatch says that it is believed in Richmond that the blockade has been effectually

broken by the arrival of the British ship Alliano at Beaufort, N.C.

The Herald's dispatch says that during the entire day brisk skirmishing had been kept up between the pickets, but with no definite resuit.

between the pickets, but with no definite resuit. It is estimated that there are 75,000 rebels between Edwards' Ferry, and Harper's Ferry, waiting for an opportunity to excess into Maryland, there to be assisted by the Maryland secessionists, and it is reported that a hundred of the latter are congregating on the eastern shore.

The Tribune says the World newspaper was yesterday sold to Z. R. Ford for \$30,000.

New York, Aug 31.—The Times' special Washington dispatch says the rebels made a demonstration with three pieces of artillery this morning on the pickets at Falls Cross Roads.—Our troops returned their fire, and they soon retreated. Two scouts report seeing 500 arms stacked at Munson's Hill, and the rebels are throwing up breastworks. A contraband reports 300 rebel infantry and 400 cavalry at Falls Church. They are still impressing negroes.

PURIFY THE BLOOD.—Not a few of the worst PURIFY THE BLOOD.—Not a few of the worst disorders that afflict mankind arise from the corruption that accumulates in the blood. Of all the discoveries that have been made to purge it out none have ever been found which would equal in effect Ayer's Compound Extract of Sarsaparilla. It cleanses and renovates the blood, instils the vigor of health into the system and purges out the humors which make disease. It stimulates the healthy functions of the body and expels the disorders that grow and rankle in the blood, its extraordinary virtues are not yet widely known, but orders that grow and rankle in the blood, its ex-traordinary virtues are not yet widely known, but when they are it will no longer be a question what remedy to employ in the great variety of afflicting diseases that require an alterative remedy. Such a remedy, that could be relied on, has long been sought for, and now, for the first time, the public have one on which they can depend. Our space here does not admit certificates to show its effect. But the trial of a single bottle will show to the

One week after, her hashand informs us that for the first time in many husband inf rm us that for the first time in many years she had slept soundly, and in one month she was entirely restored.

Mr J. P. SMITH, of Stockton, Owen county ind., says :—

" My wife has been severely afflicted for three years with Bronchitis, and having heard of Dr. D. Jayne's Expectorant, I purchased one bottle of it and one box of Sanative Pills, and I am now happy to inform you her cough was immediately suppred, and in one month a complete cure effected."

Mr. J. E. HILDRETH, of Ozark, Jackson county Iowa writes:

"My family having used Dr. Jayne's Expectorant for a number of years, I can safely say it gives the quickest relief of any medicine I ever tried for Coughs and Cold and Shortness of Breath, and I can, therefore, conscientiously recommend it to the public."

REV. RUFUS BABCOOK, D.D., formerly mended Dr. D. Jayne's Family Medicines, and especially the Expectorant. I know that these medicines are highly esteemed and frequently prescribed by some of the most respectable of the regular practitioners of medicine; and I do not hesitate to commend them as a valuable addition to our materia medica, and a safe as well as eminently beueficial remedy for the diseased."

MAURICE SCHWARS, of Concord, Wis. "When the Whooping Cours prevailed to some extent at our place, the disease seemed to baffle our physicians. In various cases the Expec-torant was used, and it did not fail to cure."

Mr. C. T. PORTER, Superintendent, of Akron. Ohio) Schools, says :-"Being troubled with a severe, dry cough, ver troublesome at night, and the usual remedies failing to relieve me, I was induced to try Jayne's Expectorant. After taking it for three days, my dugh was cared.

This EXPECTORANT, and all of JANNE's FA-MILY MEDICINES are sold by Brown Brothers & Co., Ordnance Square, Halifax, and by Agents through-ent the country.
