### FURIOUS BAYONET BATTLE RAGING IN CARPATHIANS.

PETROGRAD, April 6.—Despatches reaching here today declare the most furious bayonet battle in the history of the world is being fought on the southern ridge and slopes of the Carpathians at the Lupkow Pass.

The Austrians in their retreat southward from the railway abandoned much of their artillery. Guerilla warfare and fierce struggles between small groups in the narrow defiles is strewing the Lupkow region with thousands of dead.

## WEDDING BELLS.

HUTCHINSON—PECK.

A very pretty wedding was quietly solemnized at the home of Mr. and Mrs. Jas. S. Peck, 227 Ann St. on Saturday April 3rd at high noon, when their eldest daughter, Edith Hazel, was united in marriage to Mr. Oscar A. Hutchinson, youngest son of Mr. and Mrs. Jas. I. Hutchinson of Glenworth. The ceremony was performed by Rev. Chas. Geo. Smith, minister of the Baptist Church. The bride was given away by her father, and wore a pretty dress of white voile duchesse satin and lace, and carried a bouquet of white roses. Little Miss Ellen McLaurin, prettily gowned in white lingerie was the ring-bearer. Miss Ethel Nurse played the Wedding March. After the ceremony the guests served to a dainty luncheon. The tables were decorated in yellow ribbons, with daffodils and runners of smilax.

The happy couple left on the afternoon "flyer" for Toronto, where they will make their future home.

## Escaped From Flames Through Window

The dwelling and contents of a seven roomed house on the farm of Amos Atwood of Glen Major were completely destroyed by fire on Tuesday evening last week. Mr. Atwood was in the house alone at the time. He had just put a block in the stove and went up stairs, leaving two lamps burning down below. About five minutes later he started down again but was met by the flames at the foot of the stairs. Being trapped in he rushed back and threw a quantity of bedding out the upstairs window, then jumped out on this. He injured his leg so that his run to the neighbors for help was somewhat delayed. Absolutely nothing was saved and the insurance was very small. Mr. Atwood believes that a lamp must have exploded. The Atwood house was located three and three-quarter miles south of Uxbridge and just south of the Pine Grove Church.—Oshawa Indicator.

## Italian Assaulted?

## Biddy's Busy Season

Now in Full Swing

That cackling biddy is doing her share in trying to reduce the high cost of living in the neighborhood of Bogart is very evident from the shipment of eggs made on Tuesday by Mr. Pat Hopkins the popular general merchant of that place. There were over 200 dozen in the lot and were the result of only a few days gathering.—Tweed Advocate.

## Norwood May

Have Cheese Board

There is a strong likelihood of a Cheese Board being established at Norwood this coming season, in order to make the marketing of cheese more convenient and advantageous for the factories of this section.

It is felt that if the patrons of Stirling, Campbellford, Madoc and Belleville districts are served with boards, where the intervening distances between the centres are only about 15 miles, why should not this same convenience be afforded the factories of this section, who now have no board closer than Campbellford on the east, a distance of 16 miles, and Peterboro on the west a distance of 20 miles, making a stretch of territory of 36 miles without a board.—Register.

Miller's Worm Powders were devised to promptly relieve children who suffer from the ravages of worms. It is a simple preparation warranted to destroy stomachic and intestinal worms without shock or injury in the most sensitive system. They act thoroughly and painlessly and though in some cases they may cause vomiting, that shows of their powerful action and not of any nauseating property.

## Islands Likely to

be Very Popular

The "Post" man was in Kingston on Monday, and in the course of a few hours he was there meandered down to the water front. From the number of passenger steamers and barges laid up there it would seem as though about all the craft sailing on Lake Ontario and the River St. Lawrence were there. Among them were the "Alexandria," "North King," "Caspian," "Aethia," "America," etc. Men were heard working on the Alexandria and Caspian, getting them ready for the season. He was informed that the cottages at the Thousand Islands were being rapidly taken up by Americans, due of course to the war. Many who had formerly gone to England and the Continent in the summer time will now content themselves with touring their own country and Canada.—Deseronto Post.

## Gift of Clippings

Acknowledged

Principal Chas. Simpkins has received the following letter from Milton Vandervoort who was one of the volunteers from the Fifteenth Battalion to leave with the First Contingent. The letter is written in acknowledgement of the receipt of clippings from Belleville papers and other Canadian periodicals, which the pupils in the various schools have been making in order to have them sent to our boys at the front.

Dear Friends of Grier St. School: Many thanks to you all for gift of paper clippings. Am writing from the trenches so kindly excuse pencil!

Germans quiet today although they managed to damage one of our machine guns. Had a fair fall of snow last night, but weather is improving now. We have all the shelling we want and the towns in which we are billeted are shelled. We see many ruined towns and many refugees. In some places the trenches are only one hundred yards apart and remarks are often exchanged with Fritz, generally ending in rifle shots. Goodbye all. Your sincere and grateful friend M. Vandervoort.

Nights of Agony come in the train of asthma. The victim cannot lie down and sleep is driven from his brain. What grateful relief is the immediate effect of Dr. J. B. Kellogg's Asthma Remedy. It banishes the frightful conditions, clears the passages, and enables the afflicted one to again sleep as soundly and restfully as a child. Insist on the genuine at your nearby druggist.
