Are Your Eyes as Good as Your Memory?
It is easy to think back to the days of your youth, but only a few people can see as well as they could as children.
WEAR KRYPTOKS
If you need two pair of glasses in order to see at both the near and far points of vision, you should wear a pair of our invisible bi-focals. These wonderful glasses hide this fact so nicely that they take years off your age. They make you both look and feel younger.

STRAIGHTENING OUT TANGLES IN M.S.A. FIGURES

Officials Now Tabulating the Exact Number of Men Secured
Ottawa, Aug. 15.—Tangles in military service act figures are being gradually straightened out. Investigation is now in progress by the various registrars to determine exactly how many men have been secured who might properly be classed as "reinforcements" within the meaning of the act. Difficulties have arisen owing to the fact that a large percentage of men classed as deserters have joined the colors in other military districts. Revised figures, it is expected will be ready within the next week or two.
So far returns available show that up to noon yesterday, the net total of reinforcements secured under the Military Service Act, ss 58,713. This total is exclusive of those who have reported for service voluntarily since the act came into force. It is exclusively also of men discharged or on leave without expense to the public. Including these the total would be:
Obtained under Military Service Act, 58,713; voluntarily reporting, 19,477; number discharged or on leave without expense to the public 23,532. Total 101,713.
The total of 58,713 reinforcements secured under the act is made up as follows:
Number reporting as ordered, 54,722; number reporting late or apprehended as deserters, 17,913; defaulters (non-registrars) apprehended under act, 9,596; total, 82,236; less discharged or on leave without expense to the public, 23,532; total obtained under military service, 58,713.
This total of 58,713 reinforcements comprises:
Obtained west of great lakes, 22,496; obtained in Ontario 19,724; obtained in Quebec, 5,387; obtained in Maritime province 3,087; total obtained under military service act 58,713.
From the above 3,134 have been transferred to the royal air service and the inland water transport B. E. P.
The total of men ordered to report by registrars is 109,828 and 37,188 are classed as having failed to report. It is expected, however, that the revised figures will indicate many of these as having already reported in districts other than those from which their call was issued.

TUMBLING TO IT AT LAST. Tommy—who has been wounded for the 4th time—knows what it means mate, them Hunns don't want me in the war.—London Opinion.

REDUCE INTEREST RATE.
Washington, Aug. 15.—To aid further financing crop movements, the war finance corporation today reduced from six to five per cent the annual interest rate on short term advances to banks to cover loans made to farmers or merchants for marketing wheat and other crops.
BLAZE IN LONDON.
London, Ont., Aug. 15.—Fire which broke out in the Smirle Building on Dundas street at 5 o'clock this morning did damage estimated at \$150,000 to a branch of Penman's Limited, National Bowling Alley and Scotland Woolen Mill. The principal damage was done to Penman's Limited. The loss is covered by insurance.
SERVICE RESUMED.
Ottawa, Aug. 16.—The Ottawa street service was resumed in its entirety this morning five o'clock with all old employees in charge of the street cars. The question of the new men in the hands of the labor appeal board.
GAME POSTPONED.
St. Louis, Aug. 15.—St. Louis-Boston game today is deferred and will be played as part of a doubleheader next Saturday.
SUPPORT SCHOOLS.
Washington, Aug. 15.—General support for schools of all grades during war time is urged by President Wilson in a letter to Secretary of the Interior Lane today, approving the bureau of education's plan for an educational campaign this summer and fall.
GOLD CONFERENCE CLOSES.
Reno, Nev., Aug. 15.—The American Gold conference concluded a three days' session here today. After declaring that many mines have been forced to cease operation because of increased cost of operating in the last six months, many others are now running at a loss, and are about to be closed down or abandoned, and that a large portion of the gold industry is now threatened with extinction, the conference adopted a resolution requesting:
"Relief by the United States to the gold producers of this country to correspond with the increased cost of production, the extent of such relief to be fixed from time to time to meet changing conditions.
"That nothing contained in these resolutions as passed is to be construed as meaning an intention to alter the amount of gold in the dollar, or to place a premium on gold."

THE CROPS
The following is a summary of reports made by Agricultural representatives to the Ontario Department of Agriculture:
Harvesting is practically over, with returns in many places up to the average and in a few places slightly below.
Harvesting is now at its height. Fall wheat and barley are practically all cut and considerable quantities of both are reported from various parts of the province. The cutting of oats and spring wheat is also well under way, and good returns from both of these crops are sure.
The showers of the latter part of the week appear to have been fairly general and did much good, especially to the corn and roots.
Blight in potatoes is represented as doing considerable harm in some sections. Preparations for fall wheat sowing are under way, and some counties report the outlook as being favorable to an increased acreage, although the dry weather has made ploughing difficult, except where tractors are available.
The live stock situation is about normal, taking into account the condition of the pastures as a result of the dry weather. There has naturally been a decrease in the milk flow. Dundas county reports that pasturing of hogs is now a common sight. Hogs are fenced in on rape clover, with a small covering for shelter, and this has developed in popularity as a result of the high price of concentrate.
The demand for labor is now also at its height, but reports generally indicate that it is being fairly well met. The very general extent to which harvest leave has been granted is proving a big factor in the labor situation, and there is every assurance that a splendid crop will be satisfactorily harvested. The assistance of men and women from the towns and cities however is counted on in some sections.

SHE SUFFERED FIVE YEARS
Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.
Key West, Fla.—"For five years I suffered from irregularities, with terrible pains and a general weakness in my back. The doctor gave me different medicines but they did me no good. A friend asked me to try Lydia E. Pinkham's Vegetable Compound, and I found it to be the best medicine I ever tried because it made me well, and I can now do my housework. I am telling my friends about it."—Mrs. J. M. CARDS, 726 Caroline St., Key West, Florida.
Many women at some period in their life suffer from ailments peculiar to their sex and which in most cases may be readily relieved by this famous and herb medicine, Lydia E. Pinkham's Vegetable Compound, just as Mrs. Cards found it helped her after suffering for five years and trying everything else in vain.
If you have any annoying symptoms you fail to understand, write Lydia E. Pinkham, Medicine Co., Lynn, Mass. The results of their 40 years experience in advising women on this subject is at your service.

THE SAFEST MATCHES IN THE WORLD
Also the Cheapest Are
EDDY'S CHEMICALLY SELF-EXTINGUISHING Silent 500's
Safest because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished.
Cheapest, because there are more perfect matches to the sized box than in any other box on the market.
War time economy and your own good sense, will urge the necessity of buying none but EDDY'S MATCHES.
