FOUND DAUGHTER

And Also a Fortune---She Had Been Searching for the Former for a Period of Over Twenty Years.

JACKSONVILLE, Ill., Jan. 28.—After a search lasting more than 20 years, Mrs. T. P. Fisher of Joplin, Mo., discovered through reading a newspaper story, not only that Mrs. Jansy Ellen Lesh of Los Angeles, recently acquitted at Sedalia, Mo., of poisoning two women, was her long lost daughter, but also that she (Mrs. Lesh) was one of the heirs to the large estate left by an uncle, W. T. Lumrell of this (Morgan) county. The newspaper story telling of the death of Mr. Lumrell and the estate left by him made mention of the fact that his niece, Mrs. Fisher, whose whereabouts was then unknown, was one of the heirs and also knew the relationship between Mrs. Fisher and Mrs. Lesh. Mrs. Fisher will come here to claim her share of the inheritance. Mrs. Lesh had not been heard from by any of her relatives since she was a child six years old, until she appeared as the central figure in the trial at Sedalia. Through Mrs. Fisher read accounts of the trial she did not know that the defendant was her lost daughter and only learned her identity when Mrs. Lesh was mentioned in connection with the trial in the article telling of the Lumrell estate.

PLUCKY CLERK

Stood Off Two Robbers of the Nova Scotia Bank in Edmonton--Most Daring Affair Reported in That Place.

(Courier Leased Wire). EDMONTON, Alta., Jan. 28.—The most daring bank robbery in the history of this city was pulled off at half past twelve this morning in the most thickly populated part of the city. Two unknown masked men carrying a coil of rope entered the bank of Nova Scotia and at the point of the gun demanded of the only person in the building, a ledger-keeper, named Clare West, that he throw up his hands. West refused to comply and a desperate struggle ensued while many late pedestrians passed by totally unaware of what was going on inside the bank. Eventually the robbers managed to bind West and hurriedly proceeded to the outer safe which they rifled of a hundred dollars. While they were continuing the search West managed to secure his revolver which was lying nearby and fired four shots at the men. They returned the fire, hitting him in the forearm, then they made their escape through the rear, while those on the outside, who heard the shots were unable to get in the front door which the robbers had locked after them. The police were soon on the spot and made a hurried search, but no trace could be found of the men. West was badly used up by the loss of blood. He is now resting easy at the hospital. No trace of the robbers has yet been secured.

"Votes For Women" Demand Pasted on Thousands of Eggs

(Courier Leased Wire). NEW YORK, Jan. 28.—A new scheme whereby the hope to "hatch votes for women" will be inaugurated to-day by ardent leaders of the cause. Headed by Mrs. Perry Haskins, president of the Interborough Storage Club and Women's Exchange, Mrs. Sophia Kreamer, vice-president of the organization, enthusiastic workers spent last night pasting notes for "womem" slips on 12,000 eggs. These eggs, which the women are fresh from the farm, are to be placed on sale to-day. The men behind the project believe that the missionary service will be performed through placing the fresh

eggs with their novel inscription in the hands of consumers. "We can get all the fresh eggs we want," Mrs. Kreamer explained. "They come from farmers in New York and New Jersey, and we intend to sell them at prices that will do away with the middleman." Two dozen of the eggs will not be sold. They are to be sent by parcel to Governor Wilson and Gov. Sulzer.

A special meeting is scheduled to be held this evening at which time arrangements for raising funds to finance the proposed strike will be made. George H. Alexander, chairman of the strike committee of the locals affiliated with the Union Garment Workers of America, said that the workers might leave the shops sometime to-morrow. Ocean Vessel to go Through the Panama Canal Before the End of the Year

(Courier Leased Wire). NEW YORK, Jan. 28.—An ocean-going ship will pass from one ocean to the other through the Panama Canal before the end of the year 1913. This was the promise that Col. George W. Goethals, chief engineer of the Panama Canal, made at a dinner in his honor given by the Lehigh University Club last night. "The question of the completion of the canal," said Col. Goethals, "is a question of the completion of the Culebra cut and lock gates. There was some delay in the matter of the gates, but the contractors have assured me that the Gatun gates will be ready by April 1st and those at Miraflores by June of this year. This will enable us to admit the water. "If a ship is to pass through the canal this year Culebra must be flooded in the present wet season. I expect to put a ship through in the latter part of 1913."

Burglar Left Impress of His Teeth in a Lump of Butter

(Courier Leased Wire). PARIS, Jan. 28.—Even the fingerprint method of obtaining evidence against criminals has been excelled by the police in establishing a burglar's identity from the tooth marks he left in a pat of butter. Pierre Bassaud, the alleged burglar broke into his former employer's premises at Montrouil-Sous-Bois. Failing to discover any valuables he went to the kitchen and had a feast. When arrested he denied the charge but the police found the marks of his teeth including one which was broken, exactly reproduced in a lump of butter into which he had probably bitten by mistake in the dark. Gasaud still protested innocence, but when the magistrate before whom he was arraigned, sent for some butter and made the prisoner bite into it the same irregular impression was obtained.

Took Trip Across the Continent While Unconscious

(Courier Leased Wire). SAN DIEGO, Cal., Jan. 28.—A remarkable story of a trip across the continent while unconscious, was told last night by a man who says he is Alexander Chambers, mine owner of Newton, Pa., who disappeared January 10, from the Broad St. station in Philadelphia. According to his narrative he lost consciousness at that time and when he came to his senses last Friday he found himself on a lonely island off the Lower California coast. He was taken ashore by Mexican fishermen and made his way to this city. Chambers says he had \$1,500 on January 10, which now is missing but that he still has \$5,000 worth of diamonds and jewelry which he had with him on that date. He expresses the belief that he was drugged in Philadelphia.

United States Team Had a Professional at the Olympic Amateur Sports

(Courier Leased Wire). NEW YORK, Jan. 28.—Although the United States still leads all nations as a point winner at the Olympic games notwithstanding the confessed professionalism of James Thorpe (Indian) and the consequent loss of points made by him, the American Olympic committee feels today the unhappy duty of returning to Sweden the handsome trophies awarded the Indian, while the amateur athletic union must revise all its records. By virtue of these changes Martin Sheridan, a New York policeman, automatically resumes his title as champion all-around athlete of America. Thorpe took the honor from him while competing in New York last Labor Day. All his records must go, however, and the trophies for first place that day will be awarded to J. Bredemus, a Princeton athlete who finished second.

Sheridan said to-day that he found no comfort in a title restored under such circumstances. Like all amateur athletes he feels keenly the blow that Thorpe's indiscretion in playing professional baseball brought about. The amateur athletic union regards it as an object lesson to all amateurs and it is not improbable that others will suffer. In his letter of yesterday Thorpe said other college men were playing baseball for money on the team of which he was a member and it was said to-day that an investigation of these charges would be made. Just when Thorpe's Olympic trophies will be shipped to Sweden was not announced to-day. They are at Carlisle, but will probably be turned over to the American Olympic committee within a few days, together with hundreds of other prizes he has won. A special meeting of the committee may be called to go over the situation.

Miss Hilda Huxley rendered a solo in a very pleasing manner, after which the meeting was closed with hymn and prayer.
