GETTING READY FOR TAX RATE

filling in their pavement. The letter
was sent through their solicitors,
Lewis & Richards. Referred to Board
of Works.

The residents of Ursuline street
asked that E. B. Jones be appointed
inspector of their sewer.
Mr. McGowan, chairman of the
Public School Board, and H. S. Cle-
mons, a school trustee, addressed the
Council in reference to the hearing of
the Central school, which matter has
been discussed at the School Board
meetings. The new heating system
will cost between five and six thou-
sand dollars and they wished to have
the Council's consent before they go
on with the work of installing the
system.

They were assured that the Coun-
cil would look into, and deal with
the matter.
Chairman McGowan of the Board
of Works, reported that the claim of
Geo. Lamphard, for damages sustained
through one of his horses falling in
the Head street sewer, has been
settled satisfactorily for all parties
concerned. Horn Bros., the contrac-
tors of the sewer, paid the amount
and a receipt in full has been ob-
tained from Mr. Lamphard's solicitor.
Ald. Edmondson submitted the half-
yearly report of Fire Chief Pritchard.
It showed 26 alarms with loss to
buildings \$1,661.50, and to stock \$4-
350.

In moving its adoption Ald. Ed-
mondson paid a glowing tribute to
the department.

The tenders for new mattresses for
the fire department were referred to
the Property committee.

The City Engineer wrote further
condemning a number of city side-
walks. On motion of Ald. McGowan
the initiative was taken in all cases.

The tenders for the various sewers
were received. Two which were re-
ceived late were read. They were as
follows:

Forest street—R. Stevens \$124,
Horn Bros. \$95, Jas. Summers \$85,
Alex. Findlay \$120.
Scane street—R. Stevens \$191; Horn
Bros. \$220, Jas. Summers \$159.50, Jas.
Sterling \$255, Alex. Findlay \$160.
Jeffrey street—R. Stevens \$201;
Horn Bros. \$210, Jas. Summers \$195.
Lydian avenue—R. Stevens \$354,
Horn Bros. \$450, Jas. Summers \$475.50
and \$435.

The tenders were accepted as fol-
lows:

Forest street—Jas. Summers.
Scane street—Alex. Findlay.
Jeffrey street—Jas. Summers.
Lydian avenue—R. Stevens.

Ald. Marshall said he was not pre-
pared to discuss the proposed grant
to the School Board. At the present
time their estimates showed a mill
rate of 5 6-10, which the chairman
considered enormously high.

The Mayor referred the matter to
the Finance committee.

Several local improvement by-laws,
a by-law regulating the Opera House
and a by-law amending the market
by-law were put through their final
stages.

IAN HAMILTON WITH KUROKI.

General Kuroki's Headquarters in
the Field, Tuesday, June 28, via Ping
Yang, July 10, via Seoul, July 11.—For
the first time during the war, news-
paper correspondents and military at-
taches have been permitted to ac-
company the Japanese troops on an
advance, instead of remaining behind
with the headquarters of General Ku-
roki. Almost all the correspondents
are now attached to the staffs of the
division generals, and although they
are not on the fighting line, they now
witness the operations from a closer
range than heretofore.

Lieut.-General Ian Hamilton, one of
the British attaches, travels with
General Kuroki. Col. Hume, another
British attaché, and Col. E. H. Crow-
der, of the general staff of the Ameri-
can army, are to go with the western
column, while Captain P. C. March,
of the artillery corps, U. S. A., is to
travel with the eastern column. The
country throughout which the army
is advancing is a succession of ranges
of closely wooded hills, with narrow
valleys between them. The valleys
are sown with corn and beans, and
are traversed by many streams. The
roads are winding and rocky. There
are many steep passes, and the engi-
neers are required to do much build-
ing. The Russian force on the Pekin
road before Mo Tien Pass consisted
of two regiments of East Siberian in-
fantry, with four guns and an outpost
of 300 cavalry. There was a suc-
cession of fresh graves, each surmounted
by a wooden cross, upon which had
been pencilled tastefully the name of
the buried man, marking the line of
the Russian troops. Sunday was op-
pressively hot, but the army on the
Pekin road camped in shadeless and
sandy fields. The soldiers improvised
shelters of boughs and corn stalks,
but still they suffered much from the
heat.

Monday brought a heavy and chill-
ing rain, and the army was soaking
for twenty-four hours. There were
few tents, and the men huddled un-
der trees or built shelters on the
banks of the river; but most of them
slept in the fields with little to pro-
tect them from the rain. To-day,
Tuesday, it is still raining, but the
army is on the march. The men drip-
ping wet, plodding steadily on
through the deep mud. Neither sun
nor rain affects the army of the Ja-
panese soldiers, who are in fine con-
dition, confident of victory, and keen to
meet the enemy. The men are won-
derfully hardy, and there is remark-
ably little straggling or dropping out
of lines. The Chinese in this region
complain that the Russians confiscat-
ed all their grain and provisions, and
they are now helping the Japanese in
all possible ways.

WORLD OF SPORT

BASEBALL

M. CAMPBELL CO. WIN.

(Special to The Planet.)

Dresden, July 12.—The Dresden base-
ball nine were defeated yesterday by
the team of the Mangson Campbell
Fanning Mills, Chatham. The score
was 6-3, in favor of the visitors, who
put up a good game throughout.
The pitching of Emory for the home
team, was the feature of the game.
He struck out fourteen men, and would
have won out, if his support had been
up to the mark. Unfortunately the
Dresden team was handicapped by a
shortage of players and had to fill
in with a couple of juniors.

ABOUT ROY MILLER.

Roy Miller, of this city, who is
playing with the Crookston baseball
team, out west, is evidently pretty
much the whole thing, from the news-
paper accounts. Here are a couple
of clippings from the account of a
Crookston and Winnipeg game.
Excepting in the first and third,
Pitcher Miller was an enigma too deep
for the locals to solve, but the brace
of tallies scored in each of the before
mentioned periods, were big. After
the third, the Maroons swung their
clubs fruitlessly, and only twice did
a man get to the first stopping
place, once on an error and the other
occasion on Miller's only compliment-
ary.

It was Pitcher Miller, the southpaw
twirler, who played the greatest havoc
with Bem's slants. His best efforts
was a clean four-strike in the 7th
which happened fortunately with no
one on the paths. It was undoubtedly
the longest drive ever seen on the
home grounds, going clear to the po-
tatoe patch, back of deep centre.

LAOSROSSE

THE BIG GAME TO-MORROW.

The Tecumseh had their last work-
out yesterday afternoon and are rest-
ing quietly to-day for the big game
at St. Thomas to-morrow. Every
man is in the pink of condition and
if they don't win to-morrow it will
be because they are up against a
better team. Manager Babcock re-
turned from the East yesterday and
at once, accompanied by Treas. Mc-
Coy, visited the grounds, where the
boys were practicing and both kept a
sharp eye on every movement and will
to-night pick the team and will prob-
ably decide the championship of this
district. Grace received a bad clip
on the arm from Pickering's stick,
but will be in the game all right.

IN WHAT COURT?

George R. Ridout was killed by
Samuel Jarvis in a duel fought in
1817, and was acquitted.—Toronto
World.

A friend of mine went to Vancou-
ver last year. Passing Glacier House
a little cascade was noticed that
started away up on the mountain
near the snow line. The little stream
came down in sheer drops of several
hundred feet and just touched the
mountain at a few points. High up
near its source an observatory was
noticed. Then all began to wonder
how it had been built away up there.
My friend asked one of the railroad
officials how they had taken the
lumber up. "Oh, that was very easy,"
remarked the railroad man. "Indians
took the lumber up in their canoes."
As my friend looked at the cascade
and the sheer precipice and then at
the man who had spoken, he wonder-
ed if he really looked that green, but
he didn't go around asking questions
anymore.
