## THE LOCAL BUDGET

Percy K. Morley spent yesterday with his Wallaceburg friends.

Bligh and Fielder have completed all the cement sidewalk contracts for the city this year.

A conservative meeting will be held this evening in Nazary Hall, corner of Princess and Wellington St. A good attendance is expected.

Fielder and Bligh moved the fence at the foot bridge over the creek and extended the sidewalk so that pedestrians can reach the walk without going on the road.

Geo. J. Mitchell, of Toronto, is visiting his old home in the Maple City. George is manager of the Bingham Drug Store and Palm Garden in Toronto.

Mr. Layman, of Merlin, telephoned this afternoon to state that the item in yesterday's issue of The Planet concerning the visit of Mr. Clements to his store and the false rumors circulated about it was absolutely correct. It should have been put out, however, that Mr. Clements was chatting to him personally about matters non-political for about an hour.

Nearly every disease originates from impaired tissue, that is why Vito Tonic rarely fails to effect a permanent cure; it acts as a food for the system. Patent medicines, on the other hand, produce only temporary relief. Vito Tonic is composed of herbs, barks and fruit. Messrs. Gunst & Co., druggists, keep it in stock.

James Houston, of Chatham township, and party, leave to-morrow on a two-weekly deer shooting trip through the Barry's Bay District. Mr. Houston goes up every year and this year he has decided to take a number of friends with him. The party will be composed of Mr. Houston, Joseph Tucker, of the Maple City Fire Department, Herbert Arnold, Gordon Arnold, Abe Houston, Chatham township; W. Allen, Chatham, and Silas Wilson, of Louisville.

Robert Cathcart spent yesterday in Wallaceburg.

A very happy event took place at the residence of Mr. and Mrs. Lenover, Irwin's Corners, when their daughter, Miss Mary, was united in marriage to Leslie Johnson, of Harwich. Rev. Rural Dean McCosh tied the nuptial knot. The happy young couple will spend their honeymoon in St. Louis.

## DISTRICT DOINGS.

Miss Carrie Osterhout will return home this week after a two weeks' visit with her brother in Ridgeway. A large crowd gathered in Hales Hall, Monday night, to hear some of the prominent Liberals of Chatham tell of the good times and the prosperous condition the country is in which they attribute to the Laurier government.

Corn husking is becoming general around here.

**DAWN VALLEY.**

## WILL ASK CANADA.

**To Modify Regulations Regarding Dumping of Goods.**  
London, Oct. 27.—(C.A.P.)—At a meeting of Liverpool Chamber of Commerce, referring to the new Canadian customs regulations, J. Crooks said: "The members of the general trade committee were hopeful that if they put forward their moderate resolution the Canadian Government might recognize and remove or modify the conditions so as to make it possible for us to continue our legitimate trade."

The chairman said it was somewhat remarkable that Canada in protecting herself from the evil of dumping should put the Mother Country in such a jacket and make it almost impossible to continue her trade with Canada. Canada, on the other hand, assisted in dumping in this country by giving bounties to their iron and steel manufacturers in order to supply the Mother Country with goods below the cost of production.

Charles Lancaster pointed out that Canada dumped more pig iron in this country than America, Germany and Belgium combined.

**Low Cheese.**  
Cheshire cheesemakers complain of the lowness of prices. This they attribute to the competition with which they are met from Canada.

**Tax On Food.**  
Sir John Gorst, in speaking at the Free Trade Union meeting at Macleod, said it was an undoubted fact that the tax upon food tended to raise the price of food, and the measure of advantage to the colonies of a tax upon food was the measure of increase in its price.

**Grave Responsibility.**  
London, Oct. 27.—(C.A.P.)—Colonial Secretary Lyttleton, speaking at Warwick, said a grave responsibility would be incurred if the colonies, being willing to meet in conference, Great Britain would be pusillanimous enough to refuse discussion.

**A Farce and a Fraud.**  
London, Oct. 27.—In a general attack on the Government at Norwich, Sir Henry Campbell-Bannerman, Liberal leader, said a conference on the question of an unrestricted preference between the Mother Country and the colonies would be a farce and a fraud upon and befooling of the colonies because taxes on food were wholly opposed to the interests and sentiments of the British people.

The country as sick of the whole thing. The fiscal controversy showed the Premier's contempt for the intelligence of the country.

**MANSLAUGHTER, NOT MURDER.**  
Salvatore Pecello Sentenced to Three Years in Penitentiary.

Port Arthur, Oct. 27.—The fall asport began here Tuesday with Judge Osler presiding. There were three cases in the docket. King v. Salvatore Pecello charged with the murder of S. Mezzo on June 6 last. The Carlistad shooting case, in which L. Sasso Andra was charged with shooting Engineer Turkel and Thomas Ward, G.P.R. trainman, with intent to kill, and King v. F. Hubert, forger.

In the Pecello murder case the evidence went to show that the accused and the deceased had a dispute over some money matters. A scuffle ensued, during which Mezzo was fatally shot. He died an hour after receiving the wound.

F. H. Keefer made a strong plea on the self-defence theory, based by a much larger and more eloquent man than the accused. R. C. Clute, K.C., for the Crown, made a forceful address to the jury.

Judge Osler's address was impartial. After being out more than three hours the jury returned to the court room with a verdict of manslaughter. The judge imposed the sentence of three years in the provincial penitentiary.

The jury in the Andra shooting case rendered a verdict of guilty. The sentence was three years in the Kingston penitentiary.

The Hubert forgery case was traversed to the next court, there being no civil cases upon the docket. The court closed yesterday afternoon.

**TRAMPS MALTREAT BOY.**  
Strip Him of His Clothing and Gag Him in Woods.

Ottawa, Oct. 27.—Chief Hamilton put in the court yesterday a couple of armed tramps, who committed an outrage at Dalmeny on Saturday.

About 9 o'clock Saturday morning a little son of Alex. Stewart, a well-to-do farmer, went to the bush to cut a shiny stick, and on the edge of the woods was accosted by two men, who asked him where his father kept his money. The lad replied that he did not know, and the tramps led him further into the bush, where they stripped him completely of his clothing.

Leading the naked lad further into the bush, where he was particularly dense, the scoundrels gagged the youth and made off. Wandering in his pitiable condition, the little fellow bravely started to find his way home and succeeded in reaching it at 6 o'clock that evening. He told his story and Chief Hamilton was notified.

The boy was able to give a good description of the men, and they will likely be run down. One was a stoutly built man and carried a gun and was apparently well up in years. The younger had no gun, but in a belt he carried a pistol.

**Died While Shooting.**  
Chatham, Oct. 27.—The friends of John Pidgeon of Chatham township were horrified to hear yesterday of his sudden death while duck shooting at Bear Creek Tuesday. How the accident occurred is unknown. The deceased was a friend, Simon Thibodeau, was shooting. Thibodeau had just fired at a duck when, on turning he found his friend lying prone on the ground and death followed almost instantly.

Thirty-seven factories boarded 4000 boxes of cheese. The bidding opened at 8 1/2c and was raised to 9 1/2c, at which price all the factories but seven were sold. Mr. Whitton bought 2000 boxes and Mr. Rollins the balance. Upon motion it was agreed that no factories should make cheese between Nov. 1 and May 1, as it was the opinion that the cheese made in this period was of an inferior quality. The board adjourned for two weeks.

Andrew Carnegie has a fund of stories about his canny countrymen, and he delights to tell them to a congenial company now and then. This is one he brought home with him after his last trip abroad:

"Of course we will call the hero Sandy," said Mr. Carnegie, "there couldn't be a Scotch story without a Sandy. Well, Sandy was asked by some friends to step up to the bar and have a drink. He poured out for himself a liberal dose of the national beverage, and then, placing his hands around the glass, drained it to the last drop before the others had even a chance to pour out their drinks."

"Why, Sandy," said the fellow who had invited him, "you didn't need to be in such a rush. What was your hurry?"

"Ach, mon," said Sandy, "still smacking his lips, 'I saw wan o' them things tipped o'er once.'"—New York Times.
