Dr. Shoop has created at his Laboratories a superior, sweet, toothsome candy tablet named Lax-ets. The ingredients are printed on the very attractive little lithographed boxes, in which these boxes are sold. Lax-ets sell at the very low price of 5 cents per box. A better, safer, or more certain laxative than Lax-ets is, Dr. Shoop believes, absolutely impossible. Lax-ets are for Constipation, Sour Stomach, Bad Breath, Sallow Complexion, Biliousness, Headache, Dizziness, etc., etc. Sold by O. H. Gunn & Co.

## ESTIMATES OF THE DEAD

Hundreds are Said to Have Died in Hotel Collapses

### LIVING WELL CARED FOR

San Francisco, April 23.—The announcement is made that the fire is out and that only smoking embers remain. The condition of the homeless and shelterless persons encamped throughout the city is remarkably good and of substantial assistance are being received from cities in all sections of the United States. The grand total of all moneys subscribed to date is \$4,154,000.

The engineering department of the United States army, having in charge the construction of temporary buildings in Golden Gate Park for the housing of the homeless, reported yesterday that eight buildings 150 feet long 18 feet wide and 12 feet high will be finished to-day. These buildings will be cut into compartments large enough to furnish sleeping room for a family, and each compartment will have an entrance from the outside. Lumber is being delivered at the park in large quantities and 135 carpenters are at work on temporary buildings.

The vaults of the shattered auditor and the tax collector are intact. There is something like \$5,500,000 in the vaults of the city treasury. The relief committee announced yesterday that the citizens no longer will be hindered going through the streets and no process will be necessary.

Celebration of Mass.  
On the steps of the shattered churches and on the green slopes of the parks and the cemeteries, the people of San Francisco assembled yesterday at the usual hour of religious service. Grateful for the opportunity of expressing thanks for their preservation and anxious for words of cheer and comfort to carry them through future trials, the people assembled yesterday in even larger numbers than is customary.

There was no distinction as to sect or denomination, the gatherings including as a rule a large percentage of the families camping or residing in the vicinity. Catholic clergymen celebrated masses in the Jewish cemetery and every creed knelt with bowed head while the services were in progress. On the steps of St. Mary's Cathedral and on the upheaved pavement of Golden Gate avenue, overlooking the blackened waste that commenced just across the street, Archbishop Montgomery celebrated mass at 8 o'clock.

The service, attended by thousands covering the church steps and extending up and down the street in either direction.

No Suffering.  
The committee having in charge the relief of the hungry reports that even the homeless person here is being cared for and that there is no suffering on the score of either food or drink within the city. Within a few hours an ample supply of milk will be assured.

Health Measures.  
Only 30 patients are quartered in the territory that comprises park emergency hospital. Considering that over 500 injured persons received attention at the park since Wednesday morning, this is regarded by the physicians as very promising. Over 1,000 physicians and attendants are serving in the park at present.

Water In Plenty.  
Experts of the Spring Valley Water Co., who have been engaged in making a thorough examination of the mains and reservoirs of the system, have reported that the company has in its reservoirs enough water to supply the city at the regular rate of 50,000,000 gallons a day for a period of 600 days. Street cars were running on Fillmore street yesterday, and there was plenty of power. The service was free. The cars on Sutter and Pacific avenue probably will be run by horses.

Will Occupy Houses.

Hundreds of houses in the unburned districts have been vacated by their occupants, who either have fled from the city or are camped in the parks. These, with 1,000 vacant homes and all public buildings, will be used for housing the homeless.

Gen. Funston, Mayor Schmitz and Gov. Pardee met in conference at Gen. Funston's headquarters at Fort Mason yesterday, and had a thorough understanding of the relief measures and the policing of the city. It was decided to divide the city into three districts, one under the federal troops, one under the state troops, and the other under the police.

The Dead Are Hundreds.

That the number of dead will run into several hundred is becoming apparent now. However, eastern people need to have little solicitude for their friends who were here as tourists at the time of the earthquake. It may be safely asserted that few, if any, such persons have been killed or injured. The casualties, with few exceptions, were confined to the occupants of cheap lodging houses.

The carving in of the Royal lodging house, at 40th and Minna streets, cost about 125 lives.

The collapsing of the Portland House, 60th street, between Mission and Market, entombed 60 persons. Many of these were saved before the fire reached the spot.

The large five-story Brunswick rooming house with its 300 rooms filled with guests at 60th and Howard streets, collapsed and fire started amid the ruins.

ruins five minutes later! It is estimated that over 300 persons lost their lives there.

Part of the large Cosmopolitan House, 5th and Mission streets, collapsed at the first tremble. Many of the sleepers were buried in the ruins and others escaped in their night clothes. At 7 o'clock, the Wilson Hotel, 10th and Mission streets, collapsed, with its four stories and 800 rooms, fell to the ground a mass of ruins. Few of the inmates were rescued.

The Denver House on lower Third street fared the same, and none may ever know how many were killed. Two hundred bodies found in the Potrero district, south of Shannon street, near the Union Iron Works, were cremated at the Six Mile House yesterday by order of Coroner Walsh.

At noon yesterday reports were made by the deputies sent out by the health officers of the finding of 200 bodies in the crash came, and are little better than the laborers who are digging through the debris. The court house, hall of records, the Occidental and the San Francisco Hotel, the Occidental Hotel, the new Masonic temple, Oddfellows' block, all the banks—everything—went, and in all the city not one brick or stone building is standing, except the California & North Western Depot. It is almost impossible for an outsider to realize the situation as it actually exists here. The completeness of the devastation is really the redeeming feature, for it puts all upon exactly the same basis, commercially speaking.

All on a Level.  
Bankers and millionaires are going about with only the few dollars they happened to have in their pockets when the crash came, and are little better off than the laborers who are digging through the debris. Money practically has no value here now, for there is no place to spend it. Almost everyone here is sleeping out of doors, being afraid to enter their homes, except for a short while at a time, until repairs have been made. There are plenty of provisions. Some have been supplied by other towns, and much has been brought in from the surrounding country. Before the fire gained headway, several grocery stores were emptied of their contents in anticipation of what might follow.

Another Town Demolished.  
Berkeley, Cal., April 23.—A private letter received Saturday by Postmaster Schmidt brings the information that Fort Bragg, one of the principal lumbering towns of Mendocino County, was almost totally destroyed as a result of a fire following Wednesday's earthquake. The bank and other brick buildings were leveled by the tremors. But one person of the 5,000 inhabitants was killed, but scores were injured. Relief expeditions at once were sent to Fort Bragg from surrounding towns and villages, and the people of the ruined area are being cared for.

Felt Quake in Vessel.  
Astoria, Ore., April 23.—The steamer Allamuck, which arrived yesterday from Eureka, reports that the Point Arena lighthouse was destroyed by the earthquake. The vessel, while off Eureka Wednesday morning, was severely shaken. The captain thought the vessel had struck bottom, but after making soundings, found that she was in 12 fathoms of water. The captain changed his course to westward.

Shetland Ponies For Canada.  
London, April 23.—A score of fine Shetland ponies were shipped to Canada from Dundee on Saturday, the first exportation for many years. It is expected to re-open a trade which was formerly considerable.

Judge Born in Canada Dead.  
New York, April 23.—Judge Martin McMahon of the Court of Special Sessions, died here Saturday night of pneumonia, aged 68. He was born in Canada on March 21, 1838.

Police Stop Vessels.  
Many Tons of Food Thus Received For the Stricken City.  
San Francisco, April 23.—For two days and nights a squad of police has been performing patrol duty in Golden Gate Strait. Two lieutenants and eight men, aboard the tug Sea Rover, Friday night, prevented the departure of several vessels from the harbor, for the reason that they carried food. All vessels were stopped and compelled to drop anchor in the stream or return to the dock, where the food was unloaded and turned over to the authorities. On Thursday a similar detail of police succeeded in saving for San Francisco many tons of food that would otherwise have been carried to cities up and down the coast.

Nelson Raises Funds.  
Nelson, B. C., April 23.—Mayor Gillette and a committee of citizens to-day raised about \$1,800 for the relief of San Francisco by public subscription.

Peterboro Is Prompt.  
Peterboro, April 23.—In response to a telegram from Vancouver to Mayor Best asking the city to send aid to the sufferers in San Francisco, a special meeting of the city council decided to forward sixty cases of Quaker Oats, and the American Cereal Co.'s agent in Vancouver has been wired to ship the goods at once. Their value is about \$200.

How New York Helps.  
New York, April 23.—One hundred wagons glittering with gilt and enamel, the property of Barnum & Bailey's circus, started Saturday from Washington Park, Brooklyn, on the most remarkable invasion of New York ever recorded in its municipal history. All of the wagons bore signs announcing that immediate contributions would be received along the route traversed of all non-perishable articles which might be sent to San Francisco at once. Everybody on the route gave everything they could spare for suffering strangers.

Sympathy Acknowledged.  
Ottawa, April 23.—The following telegram has been received at Rideau Hall:

Washington, D. C., April 21.—Earl Grey, Governor-General of Canada, Ottawa.

I thank you for the kind message of sympathy, which I assure you I deeply appreciate. Signed, Theo. Roosevelt.

Relief Reaches \$11,500,000.  
New York, April 23.—It was estimated last night that the fund rapidly is nearing the enormous total of \$10,000,000, and will have passed that figure by Monday, when Congress, it is announced, will add \$1,500,000 to the \$1,000,000 already appropriated.

'QUAKE, THE LEVELLER.

Santa Rosa in Ruins and Laborer and Millionaire on an Equality—100 Dead in the Town.

Santa Rosa, Cal., April 23.—The list of known dead now totals fifty-eight, and it is believed that 100 is a conservative estimate of the fatalities here. From the wreckage. The entire business section is in ruins, and practically every residence is damaged, fifteen or twenty being badly wrecked. The damage to residences was caused principally by the sinking of foundations.

The brick and stone business blocks, together with the public buildings, were all thrown flat. The court house, hall of records, the Occidental and the San Francisco Hotel, the Occidental Hotel, the new Masonic temple, Oddfellows' block, all the banks—everything—went, and in all the city not one brick or stone building is standing, except the California & North Western Depot. ## Sore Lungs

We want everybody who has a hard cold in the chest to use Ayer's Cherry Pectoral. Our long experience with it, over sixty years, tells us there is nothing its equal for coughs, colds in the chest, bronchitis, hoarseness, sore lungs, weak throats, and weak lungs. Doctors tell us the same thing. Ask your doctor about it.

We have no secret! We publish J. C. Ayer & Co., Lowell, Mass.

"Moses Oates" Is Dead.  
Toronto, April 23.—Death removed Saturday morning in the General Hospital J. Gordon Mowat, who, under the pen-name of "Moses Oates," was at one time a well-known figure in literary and journalistic circles in Toronto.

Many years ago Mr. Mowat owned the Galt Reformer. In the early nineties he founded a publication called The Lake Magazine, which only ran for about ten issues. Failure in that venture, however, did not discourage him, for he made arrangements for the publication of The Canadian Magazine, the first issue of which was brought out in March 1893. Mr. Mowat was its editor for two and a half years.

Two Tragical Deaths.  
Sarnia, April 23.—Carpenter Wesley Sauter, who was in jail here, had an attack of heart failure Saturday, and died in the hospital during the night.

Renford Johnston, 24 years old, formerly bartender at the Northern Hotel here, was found dead in the stable hayrack there yesterday. He probably fell from the hay-loft. Dr. Bradley will hold an inquest.

\$250 For Stabbing Father.  
Belleville, April 23.—George Cameron of Carlow Township, who stabbed his father, was convicted of common assault by Magistrate Jarman of Bancroft, and fined \$250 and costs. Old Mr. Cameron claimed he was suffering from a lapse of memory, and said he could remember nothing that happened on the morning the affray took place.

A drop in the bucket is worth two in the bucket shop.  
Great men are in some degree inspired.

Deserved Praise.  
The Blenheim News-Tribune in an account of a cantata recently given in that town, has the following to say of one of Chatham's talented and popular vocalists:

"Miss Gertrude Hollinrake, of Chatham, who has recently started coming to Blenheim to teach singing, also sang twice, and was recalled each time. She has a beautiful soprano voice, of much strength and deep expression. Her equal has seldom been heard in public here."

Work hard—you'll get there.

## More Bread in a Barrel.

That extra cost per barrel which your grocer asks you for

## Ogilvie's Royal Household

doesn't go into anybody's pocket.

It comes back to you.

It is the difference in money between flour you are sure of and flour you are not.

It covers the cost of inspecting the entire wheat crop of the country, and selecting the choicest grain.

It pays for advanced milling methods, for cleanliness, for purity and for scientific flour-making.

It comes back to you in the shape of light, wholesome, nourishing bread and pastry.

A barrel of Ogilvie's Royal Household Flour goes farther than a barrel of any other flour. It makes more bread and better bread.

You are not really spending that extra amount—you are investing it.

Do not let it stand between your family and good baking. Go to your grocer and say "Royal Household."
