And by Using Dr. Chase's Kidney-Liver Pills You Can Prevent Billiousness and Stomach Troubles

Bile is usually thought of as a poison in the blood which causes biliousness, bilious headache and derangements of the digestive system. But, like most things in Nature, bile is of the greatest usefulness when found in its right place. It is the duty of the liver to filter the bile from the blood, where it acts as a poison, and to pass it into the heavels, where, by its antiseptic influence, it prevents the fermentation of the food, and hastens its passage through the alimentary causal.

Consequently when the liver is active in supplying bile to the latestines or bowels there is no constipation, no congestion of the kidneys, no clogging of the digestive system. By keeping the liver active Dr. Chase's Kidney-Liver Pills prevent and cure biliousness, constipation, chronic indigestion, as well as serious and complicated diseases of the liver and kidneys.

Mrs. Mishner, Thornhill, Ont, writes:—"Last January I was selzed with a very bad bilious attack, which saused me to have trouble with my liver, kidneys and bladder. I suffered so much with pain that I became completely worn out. Fortunstely I resorted to Dr. Chase's Kidney-Liver Pills, and the use of these pills has left me strong and able to do my work.

"Dr. Chase's Kidney-Liver Pills, as well as his other medicines, have been of great benefit in our household, and in fact the house is never without them. Please publish this letter for the benefit of other sufferers."

Mrs. John Dillon, 23 Pollock St. Galls Ont., writes:—"I had been fros we ar al wel. I am ritin you tonit. I am glid I havnit my team weth me," Of course one can is not a laughing matter. It is weman to see that our children

This was so bad at times that I telt I would suffocate before I could get relief. I got some of Dr. Chase's Kidney-Liver Pills, and after using these found I was completely cured of both the gas on my stomach and the headaches, and am now enjoying the best of health."
