TRAFFIC TRUCK

TRAFFIC POPULARITY EVER INCREASING

TRAFFIC efficiency and economy of operation, plus service, which helps maintain complete and lasting satisfaction, are the reasons for TRAFFIC'S remarkable popularity, both in town and country.

Over bad country roads and on hills TRAFFICS pull with ease. Four out of every five TRAFFICS sold are in strenuous country use.

Every person needing a 4000 lbs. capacity truck, or interested in trucks at all, should come and inspect TRAFFIC or write for interesting illustrated catalogue. TRAFFIC, it should be remembered, is made in one size only, 4000 lbs. capacity and specialization on one model is alone responsible for its low price.

C. A. BATE, Chapel Street, Nanaimo, B.C.

WOMEN TO PREACH.

Geneva, Oct. 30.—Women's right to occupy the pulpits has been recognized by the Cantonal government of Basle. Two other cantons already have taken this action and it is expected in church circles that the Geneva synd will do likewise.
Interest in the question was quickened some months ago when Miss Madeleine Royden, of England, was permitted to preach in the cathedral during the last International Congress of Women.

SOME ONE LUCKY.

Chicago, Oct. 30.—Druggists of the Illinois, Wisconsin and Indiana districts have been warned by Federal Prohibition Director Ralph W. Stone to watch for the 10,000 stolen liquor prescription blanks which were stolen from his office within the past few days, and which are good, when filled out, for \$30,000 worth of whisky, it was said.

Minard's Lintment Cures Garges in Four

WHY I BOUGHT MY FOURTH TRAFFIC

An interesting letter written by JAMES COSSIS, Manager of Victoria Woodyard, Vancouver:

Vancouver, B.C., Sept. 21, 1920.

HAYES-ANDERSON MOTOR CO., LTD.
1260 Granville Street, Vancouver, B. C.

GENTLEMEN:

My first Traffic was bought, as you know, about a year ago. Before that time I had two other trucks which were not very dependable and, therefore, quite expensive to operate. Delivering wood is hard on a truck and I investigated all makes very carefully before deciding upon Traffic. What prompted my decision was, first of all, Traffic specifications, which comparisons show are exactly the same as those of other trucks of similar capacity, but costing at least a thousand dollars more. The next consideration was the character of your company and how you were organized to give service. I personally went into your stock room and saw for myself that you had a complete stock of Traffic parts on hand. I bought the truck. A few months later I bought another. Last June number three was added and today one more, making four altogether.

Today's purchase is the result of satisfaction—complete satisfaction in every respect. Traffics have stood up wonderfully and have proven most economical. Your service department has always been obliging and efficient.

To sum up, today's truck was bought because we have learned that Traffic is a real safe truck to buy from every possible angle, in addition to being low in price and economical to operate.

Very truly yours,

VICTORIA WOODYARD,
(Signed) Jas. Cossis, Manager.
