

IS YOUNGEST OFFICIAL OF CANADIAN PACIFIC

LEO SOLLOWAY

Leo Solloway, recently appointed Asiatic Freight Agent of the Canadian Pacific Railway with office at Montreal and supervision over Oriental and Australasian traffic via Pacific Ports.

Born in Vancouver in 1895, Mr. Solloway has the distinction now of being the youngest official in Canadian Pacific service, a distinction which he has won through fourteen years' service in the freight department of the Company. He commenced work as stenographer in the steamship department of the General Freight office in Vancouver in 1910, and remained in that department until 1915 when he enlisted for active service with the 72nd Highlanders. He returned from overseas in the Fall of 1917 and was attached to the steamship export department in Vancouver until 1918 when he was loaned to the British Ministry of Shipping, acting as assistant to the agent of the Ministry at the Pacific port.

In June 1919, Mr. Solloway went to Montreal as chief clerk to the Asiatic Freight Agent. Two years later he was appointed chief clerk to the General Foreign Freight Agent, and last May appointed as Acting Asiatic Freight Agent which office has been confirmed by promulgation.

Harness Racing Rules Changed

Harness racing rules, which have stood for about fifty years, have been changed by the Harness Association of America, when changing rules were adopted as a part of the annual turf programme and it was decided to classify horses according to the amount of money won instead of on time records. A dozen minor rules, expected to popularise the sport, were also passed.

The 400 drivers, breeders and owners who attended the meeting decided to establish headquarters of the association in Chicago and voted to make the organization the parent body of the sport in America. It was announced that more than 1,400 tracks will be under the association's jurisdiction next year.

WHAT IS AN EDUCATION

A college dean of Boston puts the average maximum income of the high school graduate at \$1200 and of the college graduate at \$6000. Yet there is no fixed measure of the relative value of trained men. Two who have gone through the same curriculum

may be as far apart in the use they make of their minds. One man owes more to mother-wit than the books could teach him. But he who goes farthest absorbs theory and learns from practice too. The most skilful craftsmen at the work bench do not pour contempt on technical literature but consult it at every opportunity knowing where to put his finger on the reference he wants

The Ex-Kaiser Will Have A Thin Xmas

Former Kaiser Wilhelm is entering upon a thin Christmas. His imperial Majesty will not be able to send any Christmas presents this year according to his associates.

The imperial exchequer is low Prussia pays Wilhelm only \$18,000 a month it was explained and Wilhelm's family officials and other vice numbers forty persons. The monthly pension barely suffices to meet the demands of necessities.

Says Hetherington Leading For Senate

Hon. Dr. J. B. Hetherington, Provincial Secretary Treasurer and Acting Minister of Lands and Mines, has taken the lead in the race for the vacant New Brunswick senatorship, according to latest reports in political circles, says the Fredericton Gleaner. The paper continues:

For some time it has been known that the Hon. Dr. Hetherington who does not care to be bothered with the burdens of Cabinet portfolios has aspired to a seat in the Fed Chamber and lately it is said that he has become decidedly powerful factor in the long drawn-out race for the existing vacancy.

The expectation is, however that it will be some time before an appointment is made to the vacancy created by the death of the late Colonel George W. Fowler and mean while it is said, friends of Hon. Dr. Walter E. Foster former Premier of New Brunswick are just as active as ever on his behalf and they are confident that he will yet emerge the victor for his services to his political party.

It is said, however that all other candidates have been eliminated from the race.

Non-Unionists To Operate Their Church

Toronto, Dec. 19—A statement which was handed out last night signed for the provisional Home Mission Committee of the anti-union section of the Presbyterian Church by Rev. Dr. A. J. MacGillivray and others states: "Now that the Union of a section of the Presbyterian Church in Canada, with the Methodists and Congregational Churches is to take place on June 10 we wish to inform all non-concurring or non Union charges that provision has been made for carrying on the missionary, education and benevolent work of the church. "The federal executive of the Presbyterian Church Association has appointed provisional committees or boards for the prosecution of this work in its various departments. These committees and boards will be replaced by permanent bodies when the General Assembly of the Presbyterian Church meets and re-organizes on June 10 and the work of the church will continue without interruption.

The boundaries of synods and Presbyteries will be fixed as conditions may require. We wish to assure Ministers, Missionaries and Members who remain Presbyterian that full provision will be made to assist them in their work where assistance is necessary.

"Some congregations, especially those in the larger centres will encounter no difficulty, but some in the smaller towns and rural districts may require help. The continuing Presbyterian Church will make it a first duty to assist those that maintain their loyalty to the church of their fathers and will provide as adequately as possible for the following:

(1) Those congregations that vote to remain out and had their membership depleted by reason of some of their members entering the Union.

(2) Ministers in concurring congregations that may desire to continue in the Presbyterian Church.

(3) Mission fields and augmented charges that desire to remain in the Presbyterian Church."
