For the largest entry made by resi-ent of county of Wellington, one ient of county of Wellington, one rear's subscription of Poultry Graphic, conated by Horper & Sleeper, of Gen-seo. III., T. Macdonald. The annual show of the Guelph Fat

Stock Club and Poultry Association concluded Friday afternoon, and its success has been far beyond expectations The attendance showed a marked increase over previous years, the show was larger and better, and the sale of stock was most gratifying.
The show practically closed at noon, and by four o'ciock nearly all the stock was taken from the rink.

From Public Men.

neartily into the spirit of the event and short, spicy speeches brought the banquet to a close shortly before two o clock—an hour before quitting-time at the usual banquet least. Not a minute hung heavily, and scarcely a man arose to leave the room until the last speaker on the toast list had given his peroration.

Host Kenny and his large staff of waiters attended to the wants of the inner man in 10yal style. An expert of carvers in the kitchen made the work easy for the bey of fair maidens, who handed out New York counts, chicken saute a la Cumberland, and all the latest dishes in a manner which was most pleasing. If the latest proverb, "the quickest way to a man's verb, "the quickest way to a man's heart is through his stomach" be true then every wattress at the Royal, las-night must have wen a host of admir The dishes were delicately del Hamilton, Alex. Hamilton, county councillor, C. A. Zavitz, I. Wilson, Bloomfield; James Hales, St. Thomas; Wm. Hales, Dutton; A. Hales, Guelph; R. Martin, Arthur; R. Bride, Harristou; J. Hampton, Mount Forest; Ald. Best pair any other variety Ducks, prize by J. A. Harper, cash \$1, John Colson.

Best pair Cayuga Ducks, prize by the province owe much to the citizens of Guelph for providing a show so beneficial and educational. When at the International Exhibition in St. Johns, N.B., he was surprised to find that all the stock in the fat classes had been purchased in the vicinity of Guelph. At Brandon and Winnipeg two years ago the big prizes went to cattle which had been exhibited by James Oakes and Son, Alvinston, at the previous fat stock show in Guelph. Mr. Hobson closed his speech by expressing the hope that the Dominion and Provincial for the contingent. had been exhibited by James Oakes and Son, Alvinston, at the previous fat stock show in Guelph. Mr. Hobson closed his speech by expressing the hope that the Dominion and Provincial Governments would see fit to give liberal grants to the show held under the auspices of the Fat Stock Club.

D. D. Rogers, M.P., for Frontenac, and John Mutrie, M.P.P., responded.

Mr. Rogers expressed great pleasure at being present at a banquet under the auspices of men interested in stock raising. To be present with his fellow agriculturists was a greater honor to him than attending pink teas at Ottawa. He congratulated the club

at Ottawa. He congratulated the club on the success of their show, and de-plored the fact that practical business men and agriculturists did not fill the benches of the House of Commons in-stead of professional men. Before clos-ing Mr. Rodgers expressed confidence in the future of Canada, and hoped to see more practical men at the head of he country's affairs. Mr. Mutrie felt it an honor to be

present at the banquet of the pioneer Fat Stock Club of Canada, and he expressed pride in being able to represent so grand a constituency as South Wellington and the Royal City. He saw no reason why the Ontario Government could not double the grant to the Guelph show, since the city was

ernment could not double the grant to the Guelph show, since the city was a centre for agriculture and the seat of so excellent an institution as the Ontario Agricultural College.

C. T. Powell, of Ghent, N.Y., one of the largest breeders of Holstein cattle in the United States, was the first to respond to the toast "Our Agricultural Interest." Mr. Powell is a thoroughly practical man as his address proved. Agricultural, he said, was the leading industry of the world. All nations that have prospered. All nations that have affected agriculture have fallen into decay. It is the basis of all trade

neglected agriculture have fallen into decay. It is the basis of all trade and commerce. Although Great Britain in the greatest commercial nation of the world, yet her agricultural carnings exceeds the commercial.

Notwithstanding the money made and loss on the stock markets, Mr. l'owell is of the opinion that a well ored animal commands the highest of all prices. He gave examples. A Shorthorn cow, the "Sth Dutchess of Geneva," was recently sold for \$40,000. Geneva," was recently sold for \$40,000. August Belmont, of New York, paid \$100,000 for a thoroughbred stallion

Adjust Belmont, of New York, pand \$100,000 for a thoroughbred stallion and a ram, imported from Australia, was sold in Vermont for \$5,000. "Agriculture," said Mr. Powell, "calls for the best thoughts from the best minds." The speaker expressed his thorough sympathy with the work carried on in Agricultural colleges, but thought that agriculture, animal physiology, and plant study should be taught in public schools.

The name of Mr. James Tolton, a prominent farmer of Bruce, was also coupled with this toast. Mr. Tolton said the site for the O.A.O. was selected at Guelph because it was the general opinion that Wellington was the banner agricultural county of the Dominion. He spoke of the yearly pilgrimages by farmers to the O.A.O. and the benefits derived therefrom.

PRESENTATIONS.

PRESENTATIONS.

PRESENTATION OF TROPHIES President Mills presented the Holliday Cup to Mr. H. Smith, of Exeter. The president extended his warmest Letters of Regret Received depend so much on natural advantages as upon skill and industry. Mr. Smith, he said, was "The big man of the show, and the big man of the ban-

quet."
Mr. Smith responded, saying that a ming) Mr. Smith responded, saying that a the feeder of steers never could be a robust speaker. He thanked the club and the donor for the excellent trophy, which he hoped he bould win again.

E. P. Hawkins, in the happiest of his happy moods, was elected to present the valuable Bell trophy to Mr. Freid, a two clime to the supply of capital after dinner stories, and he told them in his best well as fixle.

MOULDER'S FORTUNE Geo.Barkley, of Hamilton, finds

a Cure for Rheumatism.

He Makes no Secret About it--Everbody Can Have the Benefit of His Experience Dodd's Kidney Pills are within the Reach of All.

Hamilton, Dec. 8 .- George Barkley, & Hamilton, Dec. 8.—George Barkley, a moulder, of this city, is satisfied he has found a sure cure for "Rheumatism at last. He, as is well known among his friends, has been searching for such a medicine for the last few years, and until recently quite vainly. He has since been cured of his own case, and he reasonably infers that the remedy that cured him will cure others. Rheumatism is well known to be a disease resulting from disordered kidneys. That is nowadays an acknowledged fact. Uric acid, which should be filtered out of the blood by the kidneys, remains in the system when be liftered out of the blood by the kidneys, remains in the system when those organs are unhealthy, and lodges in the joints, causing rheumatism. The reasonable argument remains therefore to cure Rheumatism by curing the kidneys. This is exactly what Mr. Barkley did. He used Dodd's Kidney Pills the best kidney medicine in the world.
