Wait and See.

The Daily News announced this morning that Sir Edward Morris left for Berlin and will be absent for ten days or a fortnight. It is said that an expenditure in the neighbourhood of some \$70,000 is to be made on roads in that district. The Daily News, however, did not explain what Sir Edward had been doing before he left and since his return from the glorious times he had in England towards settling the appointment of a manager for the Savings Bank. This office has now been vacant since June 21st, 1910. It is now August 1st, 1911. For the past fourteen months this vacancy has been made a political football. The vacancy was to be filled when Premier Morris came back from his trip to England last August. Nothing was done. It was to be filled at the New Year. Nothing was done. It was to be filled immediately after the House of Assembly closed. Nothing was done. It was to be filled immediately after the return of Sir Edward Morris from England this summer. Nothing is done. And now Sir Edward Morris is off to Berlin, and the vacancy still exists. Rumor has it that there is discussion in the Executive Council over the appointment. The rumors are Mr. P. T. McGrath and Hon. R. Watson, and the Council cannot agree on which to appoint and how to satisfy the disappointed one. Meanwhile the public are beginning to consider that there is no need of any appointment being made at all. If the office can be kept vacant for 14 months for partisan expediency without any hurt to public interest, why should not the office be abolished as unnecessary?

Meanwhile the people must possess their souls in patience and wait and see until the Premier can summon up enough energy to do the right thing.

STEPHANO Sailed.—The Red Cross boat Stephano sailed at 4 p.m. Saturday for New York via Halifax. Besides the 160 round trip passengers there went from here:—Miss M. Meyers, Dr. Lehr, Geo. Seager, Mrs. Seagar, J. H. Hawvermale, Miss L. Hawkins and Thomas Ryan.

Police Court News.

A 25 year old laborer of Mount Pearl Road was sent down to prison for six months. He was connected with the larceny of the following goods from a carriage opposite Mr. R. Fennell's door, Duckworth Street East, the property of Mr. R. Carroll, of Torbay: 1 lb. sugar, 3 lbs. salt beef, 1 lb. currants, 2 sticks tobacco, 2 lbs. soda biscuits, 1 lb. cheese, 1 tin corned beef, etc., all of the value of \$1.18. A drunk from the Poor Asylum was discharged.

A 32 year old laborer of the city, named Gray, stole a vest valued at \$50 from Ronald Moore on the 19th inst. and was given six months.

A 22 year old laborer of Water St. West, drunk and fighting, fined \$5 or 14 days.

Two seamen from Norway and Kellogg, respectively, arrested for being drunk, were released yesterday.

Inspector General Sullivan summoned one Pitcher before Judge Connor to-day for cruelty to animals in not having a pricket under his car. He was fined \$2 or 7 days.

A young man who jumped through a window in his house on LeMarchant Road was sent to the Asylum.

Fogota Arrived.

The s.s. Fogota returned from the north at 6.30 this morning. The ship brought a large freight, including 500 barrels of whale oil, which was landed at Pitts' for Harvey & Co. It was taken on board at Beaverton. The following passengers came in saloon: Mrs. F. R. Earle, Mr. and Mrs. Humphries, Dr. and Mrs. Burns, C. H. Moehan, Alex. Robertson, Mr. Wall and son, J. Evans, P. Holwood, Miss F. Holwood, Mrs. W. Scammell, Miss F. R. Earle, Miss E. Wellon, T. Young, Capt. N. Kean and son, Capt. G. Hann, Miss B. Day, Miss M. Green, Miss E. Green, Mr. Wheeler, W. Scott, Master Horwood, M. O'Neill, Miss M. O'Neill, Miss M. Flynn, H. Barrett and 22 in steerage.

His Purse Stolen.

A little girl went into a Water St. store on Saturday evening to get some of the bargains going. Her purse containing \$1.30 was laid on the counter while she went to look at a piece of goods. When she turned round a few seconds afterwards to get her purse it was gone. Boys were stepping in and out and Mr. Templeton believes that one of them stole the purse. Indeed one of these thieving lads did a bolder deed. He went into the store, picked out a new cap, put it on his head after putting the old one in his pocket, and then coolly walked out.

Fogota Fishery News.

The S. S. Fogota reports a "slack off" in the fishery down north. All the crews are in from Pickford's Island. Scarcity of bait has been a serious drawback to the fishery the past two weeks. There was a sign of squid the first for the season at Musgrave Harbor last Thursday, and the fishermen are confidently expecting when they get plenty of these bait fishes to do good work with hook and line and trawls.

Church Ship O. K.

The Church ship Amazon was at St. Anthony last Sunday week. The Lord Bishop is delighted with the ship, and the report that she broke down at Tilt Cove is not correct. From St. Anthony the Amazon went to Flower's Cove last week.

A Slick Horse Trick.

Mr. Jennings, of Portugal Cove, had a beautiful pony. Two weeks ago he let it out on grass. Another man found the animal and sold it to James Neil, of Major's Path, and then skipped out of the country. Neil will have to give up the pony.

Appointment Gains Favor

Lord Kitchener Expected to Improve Conditions in Egypt—No Change in Policy.

London, August 18.—Except among the Egyptian Nationalists, who, however, have been very quiet of late, the appointment of Lord Kitchener as British Agent in Egypt and the Sudan, has been received with the greatest enthusiasm. Here in England satisfaction is expressed at the fact that the Government has at last found something for the greatest of British generals to do, something that is considered worthy of his talents, while the British residents in Egypt have received the news with the greatest delight.

Although Sir Edward Grey has announced in the House of Commons that the appointment of Lord Kitchener does not foreshadow any change in the Government's policy, there is a feeling, both here and in Egypt, that if there is no change, there will at least be a different way of carrying out that policy. Kitchener's reputation gives the Imperialist hope that he will deal a little more drastically with those Nationalists, who at the commencement of the late Sir Eldon Gorst's administration, attempted and to some extent succeeded in stirring up trouble.

While the Nationalists are quiet and their leaders disassociate themselves from all talk of violence, there is known to be a great deal of smouldering discontent, encouraged by the Socialist members of parliament. A strong man, it was felt, was needed to keep this under, and in Kitchener the people believe they have the man. His long experience in Egypt and the Sudan further fits him for the place and his appointment was doubtless made with the almost practical certainty that British prestige would benefit from his administration. There are some optimists who believe that this benefit will spread throughout the Near East, and that with Kitchener and a strong army in Egypt, Britain will be able to formulate and carry out any plans she may have in Turkey and Persia or frustrate any schemes of other powers that might interfere with England's policy.

Receives \$25,000 Annual Salary.
 Lord Kitchener's full title is Minister Plenipotentiary and Consul-General and his salary is \$25,000 a year; in theory he simply acts as the authorized exponent of the views and wishes of his Government to the Government of Egypt. In reality, however, he is arbiter of Egyptian policy, and will be responsible, under the British Government, for the administration of Egypt and the Sudan and the Khedive, the theoretical ruler, is bound to accept his advice. The Khedive is said to have opposed the appointment of Kitchener, for with a strong man at Cairo, the Sultan's representative will have very little to say.

Contest Over Citizens' Army.

Trade Unionists are looking forward with interest to a fight over the question of the organization of a citizen army to be raised at their annual congress in September. The subject is to be brought forward by the London Glass Blowers' Society in the form of the following resolution: "This congress realizing that militarism and the existence of a regular standing army constitute a menace to popular liberty, is of the opinion that the time has arrived for the institution of a real citizen army, free entirely from military law during times of peace, officered entirely by the selection of the rank and file. Such citizen army to be used for defensive purposes only."

The members of the congress are not by any means agreed on this subject. At previous congresses similar resolutions have been defeated, the members declaring themselves opposed to all forms of militarism. If the proposer of the resolution is to be credited, however, Trade Unionists are coming around to the view repeatedly urged by Will Thorne, M.P., the labour member, that every man should be compulsorily trained to bear arms, and that they should be organized into a citizen army to take the place of the standing army. A variety of opinions have been given by labor leaders and social reformers on the resolution. It is rather interesting to hear H. W. Lee, the secretary of the Social Democratic Federation, declaring that "military training in some form or other is bound to be introduced into this country before long, and we prefer to see it universal and in as democratic a form as possible, without the application of military law in time of peace."

Pony Killed.

A fine pony belonging to Mr. Dillon, of Freshwater Road, was killed by a train last Friday on the track. The animal was frightened by an automobile and ran to cross the track just as the train was passing.

NINARD'S LINIMENT CURES GARTER IN COWS.

Here and There.

The Mayflower arrived at Sydney from Brazil this morning.

WILL GO TO TRINITY.—Mr. C. Hamlin, of the Free Press Office, will go to Trinity by the S. S. Prospero to spend a vacation of two weeks.

WEDDING ANNIVERSARY.—Mr. H. J. Crawford, Purchasing Agent of the R. N. Co., celebrates his 25th anniversary to-day. Congratulations.

KILLED BY TRAIN.—Mr. Peter Murphy, of Topsail Road, had a fine calf killed by the outgoing train at Waterford Bridge crossing yesterday.

Mr. J. A. Lawrence arrived to-day from New York to spend a holiday with his friends. He holds a good position in the Indian Refining Oil Co.

DOING WELL.—Capt. J. Lewis, in the Hispaniola, arrived at Holyrood in search of squid. He has 250 qts. on board. He has also 1,400 landed at Harbor Breton.

FOR POOR ASYLUM.—Mrs. Butler, an old lady of Musgrave Harbor, came along by the S. S. Fogota this morning and was taken to the Poor Asylum.

LETTER PICKED UP.—A letter addressed to the Rev. Mother Superior, St. Michael's Convent, was picked up this forenoon, on Bannerman Street, by a lad named Willie Groves. He posted it.

GRAND PICNIC.—The children of the C. of E. and Methodist Sunday Schools of Channel had a very successful joint picnic at Little River last Saturday. Rev. Mr. Reid had charge.

WRIST BADLY CUT.—Jas. Cantwell, working at Franklin & Co's., met with a serious mishap this morning. His arm just above the wrist was terribly mangled by a cask falling on it. He was brought to Mr. Courtney's drug store where the wound was dressed.

Mr. T. Armstrong, of the R. N. Co. electrician department, while on his vacation in Canada, called on Archbishop Macdonald, who formerly presided over the Diocese of Harbor Grace. He is now invalided at Pictou, N.S. He desired Mr. Armstrong to remember him to all his old friends in Newfoundland, for whose people he professes to have a great regard.

MR. P. C. O'DRISCOLL AS AN ARBITRATOR.—In another column appears the above gentleman's advertisement. Mr. O'D. has had twenty-one years' experience as an arbitrator and any parties who have land the Government is taking for railway extension will do well in looking him up. Mr. O'Driscoll has settled many complicated arbitrations, both in the city and outports.

Edison's Rules of Life.

Expects to Reach One Hundred and Fifty.

"Why don't you try to invent an airplane?" Thomas Alva Edison was asked recently.

"Why don't I try?" responded Mr. Edison. "Why, I did try thirty years ago. I looked into it from every side. We knew then the principles of gliding just as you have them now, but we didn't have an internal combustion engine."

Speaking on his rules of life the great inventor said: "With my system of living I expect to live 150 years."

"My system is based on proper living, sleeping and clothing."

"I am in bed six hours, all of it good, solid sleep. It's enough."

"I don't ever intend to retire. Work
