The Governor, Newfoundland:
The French Government reports a slight advance in Louvain.

The Russian Government reports continued fighting in East Prussia, and further capture of officers, men and machine guns in the Carpathians. Russian torpedo boat destroyers have bombarded three enemy batteries at Trestland, destroyed railway bridges, and sunk fifty enemy sailing vessels.

HARCOURT.

BERESFORD ON RAIDERS.

LONDON, Feb. 11.
In the Commons to-day, answering a question put by Admiral Lord Charles Beresford, concerning German air and sea raids on undefended towns, Premier Asquith said, "I am not prepared to make any general statement. Each case must be dealt with on its own merits." Beresford asked the Government to treat German raiders on undefended places as pirates, and after trial by court martial to hang them in public for the killing of women and children.

TAKING MORE STRINGENT MEASURES.

LONDON, Feb. 11.
Premier Asquith, in an announcement made in the Commons, said that the Government is about to take more stringent measures against the trade of Germany. He promised that arrangements will be made to publish communications from Sir John French twice weekly, thus giving more news of the war. In connection with his recent statement to the effect that British casualties in the western fighting zone numbered 104,000 officers and men, the Premier explained that approximately 60 per cent. of alleged wounded had already recovered and were fit for service.

THE COST OF LIVING.

LONDON, Feb. 11.
The housewives' side of the great war occupied the attention of the House of Commons this afternoon. For this body, by motion, invited the intervention of the Government in the present fight, which has been going on against the increased cost of living in the British Isles. The Government has already appointed a Parliamentary Commission to investigate this matter, and Premier Asquith explained to the House the result of inquiries, thus far made, and outlined certain proposed steps dealing with urgent necessities which are causing much hardship on the poor. The Premier admitted the formidable rise in the cost of the necessities of life, but he contended that prices were substantially below the level, which the best informed judgment of the country would have anticipated at the end of six months of a war, involving, virtually, the whole civilized world, with the exception of the United States.

Eastern front, and his conference with General von Moltke and other army leaders in Berlin indicate that he was dissatisfied with the result of his army's efforts. Another shake up in the German army administration is predicted, by which Von Moltke would again become Chief of the General Staff and Von Falkenhayn would return to his work at the War Office.

EVACUATION OF INTERBURG REMOVED.

COPENHAGEN, Feb. 11.
Private reports from Berlin say that it is rumored there that the Germans have evacuated Interburg, in East Prussia, and that the inhabitants of the city are fleeing in panic before the Russians enter.

BULGARIA TO MAINTAIN STRICT NEUTRALITY.

SOFIA, Feb. 11.
Bulgaria has decided to maintain a strict and loyal neutrality, said Premier Radokoff, at a meeting to-day with his parliamentary adherents, at which a German loan to Bulgaria was discussed. The Premier declared that the military and financial preparations of the country were adequate for any eventuality, but the Government was confident that the friendly relations of the Powers towards Bulgaria would result to its advantage.

CANADA'S WAR BUDGET.

OTTAWA, Feb. 11.
The necessity of raising upwards of thirty million dollars by new taxation, and the means by which this sum is to be raised, were the outstanding features of the Budget Speech by Finance Minister White, delivered in the House of Commons this afternoon. Following are the provisions announced by the Minister for restoring the revenues to the "minimum amount regarded as necessary." Special taxes are expected on rough estimate, to produce eight million dollars, and increased custom duties will add to the revenue from twenty to twenty-five million dollars on the General Tariff. The increases are seven and a half per cent. intermediate; five per cent. preferential, with certain exceptions, such as tea,

sugar, wheat and flour, with special war taxes, including one per cent. on bank note circulation; one per cent. on gross income (Canadian), trust and loan companies; one per cent. on net premiums of insurance companies, except life, fraternal and marine; one per cent. on telegraph cable messages; ten cents for every five dollars on railroad and steamboat tickets; ten cents on sleeping car, and five cents on parlor car tickets; one to three dollars per passenger from steamboat companies carrying to ports other than Canada, Newfoundland and the United States and British West Indies; two cents on all bank cheques, receipts and bills of exchange, express and post office orders; one cent on postal notes; one cent (war stamp) on each letter and post card; two cents on bills of lading; five cents per pint on non-sparkling wines sold in Canada; twenty-five cents per pint on champagnes and sparkling wines.

SUBMARINE ATTACK FOILED.

MUIDEN, Netherlands, Feb. 11.
The German submarine U-3 yesterday attempted to torpedo the British steamer Laertes, which arrived here to-day from Java. The vessel escaped by adroit manoeuvres and fast steaming. When attacked, the steamer was flying the Dutch flag. The attack on the Laertes was made while the vessel was steaming between the Meuse lightship and Schouwen bank. The submarine fired several shells which damaged the steamer's funnel, compass and upper deck. As this did not induce the captain to stop, the submarine made an unsuccessful attempt to torpedo the steamship. The Laertes, when challenged by the submarine, was proceeding without showing her nationality, and when asked to stop, the vessel flew the Dutch flag, but this did not prevent the Germans, according to the ship's officers, from firing on the steamer and attempting to sink her. The captain of the Laertes says he flew the Dutch flag in order to save the crew, which consisted of subjects of neutral states, including those from China and Norway.

WILL INVESTIGATE.

THE HAGUE, Feb. 11.
The Dutch authorities will make an inquiry into the attempt of the German submarine U-2 to torpedo the steamship Laertes, as it is suggested that the attempt was made inside Dutch territory.

Hr. Grace Notes.

Our harbor from the Point of Beach is now free of ice, but people are still crossing forth and back on the ice in the upper part of the harbour.

The masquerade ball held in the Academy Hall last night by the K. E. B. was a grand success. The costumes were very pretty to look at and the evening was most enjoyable. The sum of \$45.00 was the proceeds of the ball.

Mr. Graham Duff arrived from Nova Scotia by last night's train on a visit to his parents and other friends. All Graham's acquaintances are pleased to have him home for a holiday.

Some industrious men are now engaged getting muscels, which they sell at 10 cents per bucket. Although at such a small price the vendors make fairly good pay, as good muscels are always salable.

Some of the shopkeepers sold flour yesterday for \$2.00 per barrel, and are of the opinion it will be higher soon. CORRESPONDENT.

Hr. Grace, Feb. 11, 1915.

Fred Ebsary, St. John's.

The total number on parade yesterday was 262, and these visited Government House grounds, where they were put through various exercises.

Two Little Waifs.

The two reel feature, "Two Little Waifs" presented at the Crescent Picture Palace to-day is a production of the Bison Company and contains a beautiful story.

There is a very realistic war scene in this drama pictured in the Bison way, King Baggot appears in "No-toriety" a drama of stage life produced by himself for the I. M. P. Company.

"Sergeant Hofmayer," the greatest comedy of the year introduces Ford Sterling in the title role. Sterling is the funniest man in filmdom, don't miss seeing him.

J. O'Neill Farrell, Baritone, sings a patriotic song written and composed by Judge and Williams, the writers of Tipperary, entitled: "Look out, mother, when the bands begin to play."

There will be extra pictures at the Saturday matinee, send the children, along, they will be sure to enjoy themselves.

On Monday "The Spider and her Web," a big two reel feature.

Fogota Here.

The S. S. Fogota, Capt. Dalton, arrived in port from the northward last night, having been unable to get further north than Greenspond. Adventure Back.

The s.s. Adventure, Capt. Couch, reached port yesterday evening from Alicante, after a sixteen days' passage. The ship left here the day after New Year's Day, in the height of a storm and made the run across to Gibraltar in ten days. Remaining there four days for orders, the ship then proceeded to Naples where a portion of her fish cargo was discharged. The balance was unloaded at Alicante. The ship then went to Gibraltar to bunker and after a delay of one day left the "rock" for this port, meeting stormy weather most of the passage, but sustained no damage. Coming over the Banks near the Flemish Cap, considerable heavy ice was met and one large berg.

HELD UP.

Capt. Couch and his crew had an eventful experience, owing to the Adventure being twice held up, first by a British cruiser off Gibraltar and again by a French ship near Sardinia, an island in the Mediterranean. As the Adventure did not halt quick enough a shot was sent across her bows. The Adventure's nationality and mission were made known by signals and she was allowed to continue. The ship will now get ready for the sealing voyage.

Narrow Escape From Drowning.

From passengers who arrived in the city by last night's train, we learn that Dr. Chisholm and his driver had a narrow escape from drowning. While proceeding from Britannia Cove to Clarendville to connect with a cross-country train, Dr. Chisholm, his driver and horse went through the ice where they were crossing the Arm and only with great difficulty were the two men rescued from a perilous predicament. They were unable to get dry clothing until they reached Clarendville, consequently, they suffered much from their immersion.

DISEASE BEING STAMPED OUT.
