

St. John's Municipal Council. PUBLIC NOTICE

The attention of the public is called to the following Section of the St. John's Municipal Act.

Section 157: (a) No horned cattle, sheep, or swine shall be driven through Water Street at any time or under any circumstances, except for the purpose of crossing the said street on the way to or from a waterside premises, when the shortest possible route shall be taken, nor through any other street which may be closed thereto by order of the Council.

(b) No horned cattle shall be driven through any other street within the city limits in numbers or herds of more than ten between the hours of eight a.m. and seven p.m. on any day from the first day of April until the thirtieth day of September, both inclusive in any year, or between the hours of nine a.m. and 5 p.m. on any day from the first day of October in any year to the thirtieth day of March in the next year, both inclusive. During the said hours herds of from six to ten cattle must be in charge of one competent driver, herds of from two to five cattle in charge of three competent drivers, and single heads in charge of the driver or of one competent driver.

(c) Any person contravening the provisions of this section shall be subject to a penalty not exceeding twenty-five dollars, and in default of payment, imprisonment for a period not exceeding thirty days.

By order
J. J. MAHONY,
City Clerk.

City Hall, Sept. 20th, 1923.

St. John's Municipal Council.

NOTICE

All persons to whom Stock Appraisalment Valuation Sheets have been delivered are requested to return same duly attested, to the undersigned by the 30th instant. Said persons are reminded that failure to comply with this request makes them liable to a penalty for breach of the Municipal Act.

J. J. MAHONY,
City Clerk.

City Hall, Sept. 20th, 1923.

HAMILTON STREET.

MARKET REPORTS

Indicate that there is no surplus of Anthracite Coal in the U.S. The shortage caused by the strike of Anthracite Miners last year has not been made up, and American hard coal will, in all probability, be hard to get and high priced. Coke is an excellent substitute for hard coal, and we have on hand a stock of same that will soon be disposed of, because a shortage of hard coal invariably creates an increased demand for our product. We advise our customers to book their requirements as soon as possible.

SPORTOGRAPHS

DUNDER VS. LEONARD.

Johnny Dundee, the featherweight champion of the world fights Benny Leonard at the Yankee Stadium, N.Y., on the 25th inst. In June, Johnny Kilbane had the title. Six weeks later he lost it to Eugene Criqui, the French boxer, who in turn lost it to Dundee last month.

THIEVES GET 23 MEDALS OF GOLD FROM MARSTON.

PHILADELPHIA.—Thieves entered the Overbrook home of Max Marston, holder of the many golf titles, and stole twenty-three of his most valued championship medals. They were gold medals emblematic of titles that he won between 1907 and 1915. Several trophy cups, also won by Marston, were found packed and ready for removal after the thieves fled. He was a member of the American Walker cup golf team and competed against British stars in Scotland last May.

LAST NIGHT'S FOOTBALL.

For the second time in the Tie Cup Series the Guards and Felidians played to a draw before the biggest crowd of spectators since the series started. Aggravated no doubt, by the Felidian protest, the Guards called up the Landsturm in the nature of Charlie Quick, Pad Conliffe and others; but their lack of training was very obvious after ten minutes of play and the pace set by the younger members of their team was too fast. We've got to hand a bouquet to Ernie Churchill for refereeing. He was the hardest worker on the field last evening and the manner in which he covered the play was gratifying to watch. Despite the best efforts of both teams to score the game was a scoreless one and dot necessity the play off will be on Monday evening. Owing to an injury to Goldstone, the Felidians had to play a man short throughout practically the entire game. We are sorry to learn that upon examination this morning, it was found that Goldstone had broken a small bone in his leg.

At the A.A.A. Championships held at Chicago last week three new records were established, viz:—High Jump, 6 ft. 5 1/2 inches by Brown of the New York Athletic Club. The old record was one-half inch less. Winners of first, second and third in the discus, bettered the old record of 140 ft. Six, Tom Lieb was the best performer with 151 ft. 4 in.

In the pole vault, L. Myers of the Chicago A.A., who went over the bar at 13 ft. 1 in., tied the mark of F. K. Foss and E. E. Myers who were joint holders of the record established in 1920. Hoffman's exhibition in the javelin throw bettered the old record of 193 feet 2 1/2 inches, by 1 foot 5 1/2 inches.

CHARLES TOTH, OF BOSTON, SWIMS THE ENGLISH CHANNEL.

Third American to Perform Feat This Summer—Comes Near Making New Record.

DOVER.—Charles Toth, of Boston, to-day swam the English Channel, starting last night from the French side, he landed near St. Margaret's Bay. He had been in the water sixteen hours, forty minutes.

Toth will not receive \$1,000 offered by the Daily Sketch for the man making the swim, the offer having expired September 7. He said he made the attempt "just to prove to the folks back home that I could do it."

Charles Burgess, the English swimmer, who was the first man after Capt. Matthew Webb, to swim the Channel, accompanied Toth in his successful effort.

When Toth turned up in Dover to-day in time for lunch it was the first real meal he had since dining in France Saturday evening. He made the greater part of the swim during the night and was the third American to conquer the channel this summer.

The other two men were Henry Sullivan, of Lowell, Mass., and Enrique Tirabocchi, an Argentine. It was 6.15 p.m. Saturday evening when Toth plunged into the Channel at Cape Gris Nez, France, and it was about 11.30 o'clock this morning when he reached the shore of England. He took only a few minutes more than was required by Tirabocchi in his record-making spurt across the choppy sea. Like Tirabocchi, Toth was lucky. He touched the bottom at the extreme edge of the little point of land separating Cape Margaret's Bay from Kingdown. Had he missed this point by even a few yards he would have had to keep going with his steady trudge on stroke several miles farther along the coast to find a spot to land.

Burgess acted as Toth's pilot and adviser throughout the swim and joined him in the water during the last two miles. To the advice of the English veteran Toth attributes no small part of his success.

THE JUNIORS' VICTORIES.

An easy win for Wesley was the result of their clash with St. Mary's. The score was 6 to 3. McKinlay, Mar-

shall and Perchard did all the scoring for the victors, while Burridge, Craas and Stone registered one each for the Southside lads. This game leaves Wesley, Holy Cross and Cadets at the top of the table of points, which makes a play-off for the championship necessary. The complete table for the year follows:—

Teams	P.	W.	L.	D.	P.	A.
Holy Cross	7	5	0	2	20	12
Wesley	7	5	0	2	18	12
Cadets	7	5	0	2	17	12
St. L.	7	3	3	1	12	10
Scouts	7	3	3	1	12	10
Caelic	7	3	4	1	9	14
T. A.	7	1	6	0	7	12
St. Mary's	7	0	7	0	4	30

Last night the Executive of the Junior League met the captains and delegates of the Wesley, Holy Cross and Cadets teams to discuss the play-off for the championship. It was decided to play one round, the first game of which will take place on St. George's Field next Wednesday. The games were drawn as follows:—
Cadets vs. Wesley
Wesley vs. Holy Cross
Cadets vs. Holy Cross

PAPYRUS AND VOLSTEAD.

According to latest advices the Volstead act may interfere with another more or less sporting event. Papyrus, the best of the three-year-olds on the English turf, was to have come to the United States to race the greatest of the American three-year-olds. The hitch seems to be over the Volstead act.

The owner of Papyrus declares that the horse is accustomed to drinking a bucket of beer at meals while training and that sometimes he has his beer just before a race. Without his accustomed beverage Papyrus, the owner fears, would not be able to do his best racing. It would seem rather unorthodox to let the English horse have every advantage while racing on an alien track. Perhaps it might be arranged to have some reputable physician issue a prescription for Papyrus, on the ground that the beer would be used for medical purposes only.

No doubt it is the Volstead act which prevents Epsom, the best of the French three-year-olds, from having entered in this match race. It is highly probable that Epsom had been used to his light wines with his meals and perhaps a glass or two of stripped absinthe in the afternoon. It would be manifestly unfair to have these bi-bulous equines forced to run in competition with strictly prohibition horses. On the other hand, the horses trained on beer and light wines might beat our white ribbon animals. Anyway, a horse should be allowed to take it or leave it alone.—N. Y. Herald.

Cricket Averages.

RECORDS OF COUNTIES WHICH HAVE FINISHED THE SEASON.

Yorkshire's cricket strength is revealed in the averages for the season. Six players have scored more than a thousand runs, and three have taken over a hundred wickets, and Rhodes and Roy Kilner performed the double feat. Rhodes is the leading bowler and Sutcliffe the leading batsman. Hampshire's record for the season includes sixteen centuries, seven of which were scored by Mead, who is at the top with the fine average of 44.1 per innings. Kennedy is the only player to take over one hundred wickets and score over a thousand runs.

RESULTS OF OLD COUNTRY SOCIETY.

LONDON.—Results of Association Football League games, played yesterday were as follows:

First Division.

Aston Villa, 1; Everton, 1.
Newcastle U. 1; Bolton W. 0.
Third Division (Northern Section).
New Brighton, 2; Durham C. 0.
Third Division (Southern Section).
Exeter City, 0; Portsmouth, 0.
Queen's Park Rangers, 0; Newport C. 3.

In the Northern Union rugby game Kelghley defeated York by 15 to 3.

UNAPPRECIATED ADVICE.

A wealthy motorist, while travelling through a Mississippi town, approached a gasoline station only to find the tender a lazy country boy. "Here, boy," said the motorist, "I want some gasoline. And get a move on you! You'll never get anywhere in the world unless you push. Push is essential. When I was young, I pushed and that got me where I am." "Well, governor," replied the boy, "I reckon you'll have to push again, 'cause we ain't got a drop o' gas in the place."

An interesting opening for the twill frock is a metal-edged affair, closing with a metal slide.

The Landlord's Liability.

London, Sept. 20.—Those who rent and sell houses may be interested in the case of a tenant who won his action in court in connection with a house which he rented. He found that the husband of his landlady had died of tuberculosis and he alleged that the house was infected. The judge agreed with him. "The plaintiff acted wisely on the doctor's advice to leave the house," and his advance rent which had been paid, was ordered returned.

Race Against Death.

VICTIM OF DIABETES SAVED BY INSULIN.

Jack Keightley, the five-year-old boy, whose parents brought him from South Africa in a race against death from diabetes, is leaving the London Hospital cured. He was in a state of diabetic coma when he arrived at the hospital on July 3rd, but responded at once to the insulin treatment. "He was practically a skeleton," and at the point of death," said an official, "but his whole system reacted so quickly to the treatment that he is now quite fat and well and extremely lively and cheerful."

Double-headed pins of jade, jet, marcasite or brilliants are worn with the small draped turbans.
