The City Light And Power Rates

We publish to-day a Contract which was made in 1922 by the Municipal Council of St. John's with the St. John's Light and Power Co., Ltd., whereby the latter undertook to supply electric power to light the streets of the City. In the issue of the Telegram dated May 15th, 1922, a reference was made in the Report of the Weekly Meeting of the Council to the fact that an arrangement had been made in this connection, but so far as we can ascertain the actual terms of the Contract have not previously been given to the public.

In Saturday's issue of The Evening Telegram the light and power rates which apply in New York, Montreal, St. John, N.B., and in Sydney, N.S., were published. They were obtained by the Municipal Council in order that a comparison might be made with the rates which obtain in St. John's at the present time. Both in the article mentioned and in previous references to this question it has been shown that the charges imposed by the local Company are considerably in excess of those in towns outside of Newfoundland, and as yet no reason has been given to account for our high rates, particularly in connection with the electricity used for lighting purposes.

Not long ago the hopes of householders in St. John's ran high when it was learned that a power plant was being established at Seal Cove, and the citizens understood that the United Towns Electric Company and the St. John's Light and Power Company would be competitors in the business. Those hopes, however, were dashed to the ground when the former disposed of its surplus power to the latter, and the Nfld. Light and Power Company having been formed, became sole distributors.

To all intents and purposes this Company has a monopoly, and for any concessions that may be granted in the form of reduced rates, the city must rely on the generosity of the Corporation. Such bodies, however, seldom allow sentiment to interfere with business. Here, they are without a rival in the field, and there is no authorized Board to decide what rates shall or shall not be charged in connection with public utilities. In consequence there seems to be little likelihood of any material reduction being made in the prices charged householders for light.

Whenever this subject has been discussed, the possibility of developing the water power at Mobile, which is owned by the City, has been mentioned as the solution of the difficulty. Even if money were available for this purpose, it is questionable, in view of the existing Contract, whether such an undertaking would be regarded as a good investment. The Company has been given the right for twenty years to supply power for electric street lighting purposes. When the Contract was made, there were 221 large and 45 small street lights, and the rates agreed upon were \$64.80 a year for each of the former, and \$24.00 for the latter subject to revision at the expiry of each five year

period. Previous to the date of the Contract, we understand the cost of the lights was \$70.00 a year for the large and \$30.00 for the small, and the Council was enabled to install an additional twenty of the former and fifteen of the latter without extra cost. The original figure agreed upon was \$15,400.80 a year based on the service in operation at that time. Since then 70 large and 12 small lights have been added to the street lighting system.

It is not our intention in this article to consider the merits or demerits of the terms of this Contract, but simply to show that for twenty years at any rate there is little chance of the Mobile River being used by the Municipal Council for the development of electric power.

While it may be contended that the street lighting is not the chief consideration, it is nevertheless a very important part of the city's business, and would be a big factor in deciding whether or not the Mobile water power should be developed. If such were undertaken, the power at present used for heating, house lighting and driving machinery would in all probability have to be shared with the rival concern, but the City would still be obliged to continue paying out a considerable sum to the Nfld. Light and Power Co. under the terms of the contract.

Methodist Missionary Centenary

A meeting of the Missionary Committees of the four Methodist Churches in the city was held in Gower St. Church Parlor last night, when it was definitely decided that the Centennial Anniversary of Missionary endeavour in Canada and Newfoundland, which is now reached, will be fittingly celebrated, and committees were appointed to make the necessary arrangements. The celebration will take place some time before Easter.

The Annual Meeting of the Ladies' College Aid Society will take place Thursday afternoon, at 4 o'clock.—Jan.14.11

"The Double Triumph"

TO-MORROW NIGHT AT THE CASINO. \$94.50

To say that the students of St. Bonaventure's College surpassed themselves last night by their presentation of "The Double Triumph" were but to utter a half-truth, for their efforts were nothing less than a distinct achievement, and afforded two hours and a half of intense pleasure to a capacity house. We are glad to know that the performance is to be repeated to-morrow (Thursday) at the Casino at 8.15 p.m. Rarely has there been witnessed in St. John's such an array of youthful talent. The costumes, being Roman of the early centuries, are most attractive, because so correctly portrayed, and together with the well-chosen scenery present a spectacle of grandeur. The play itself is full of exciting incidents and from the onset completely captivates the audience. At the conclusion there is a tableau upon which so much time and skill have been expended and such elaborate electric fittings employed that it leaves an impression never to be forgotten. Various musical items and recitations will be given during the intervals, while the boys of Mount Cashel will be there with their band, which is sustaining in creditable fashion the high reputation already so deservedly won.

The object is, in itself, so worthy that it cannot fail to command the attention and arouse the sympathy of the public: it is to assist the work of the Christian Brothers in their Novitiate, which is now the training ground of so many of the best type of our Newfoundland boys. Reserved seats at Hutton's, 50c., Gallery, 40c., Parquette 30c.

Supreme Court

(Before Full Bench.)
 The King upon the complaint of John Walsh vs. John R. Courage, J.P.
 The Chief Justice reads judgment in which Mr. Justice Johnson and Mr. Justice Kent concur. It is ordered that the conviction stand.
 Courage who was out on bail and who was sentenced to 12 months imprisonment, has been removed to the Penitentiary to serve out his term.
 Mr. W. J. Browne, who appeared for the Crown, continued his argument on points of law, which had not concluded when adjournment was taken at 5 p.m. yesterday. He held that the magistrate had the power to impose sentence of 12 months imprisonment.

AN IMPORTANT DECISION.
 The decision in the case interprets the law on Section 8 of the Stipendiary Magistrates' Act. The Section has now been decided to be a code in itself, self-contained—referring to indictable offences tried summarily. Section 9 has now been determined to refer to the two Sub-Sections of Section 7. The effect of this decision is that the Magistrate may sentence on conviction a person found guilty, to imprisonment for any period up to 12 months or to pay a fine up to \$200. Hitherto the practice has been to give the option of paying a fine or in default imprisonment. This decision leaves the discretion in the hands of the Magistrate.

Thomas B. Clift and James A. Kelly.—Mr. Halley, in cheque drawn to cash for \$22.70. Mr. Foote, K.C., for Plaintiff, opens the case for the Plaintiff. Thomas B. Clift was called and examined by Mr. Foote and cross-examined by Mr. Halley. The action is for \$1289.00 for goods sold and delivered. Recess was taken at 1 p.m. until this afternoon at 3 o'clock.

PEPYS BEHIND THE SCENES.

January 13th.—Wake this day with a great ache of my shoulder and do at first take it to be my rheumatism returned. But being that I was curling last night, I believe it must be a stiffness of the shoulder muscles from too much exercise.
 I am up and at meeting Povey, he tries to interest me in some industrial investments that he makes, but with poor success since I am resolved never to gamble in stocks no matter how tempting they may be.
 To the Board of Trade, where Mr. Short's holds me some time in discourse and talks chiefly of the great Catholic Pilgrimage to Rome which will be this year, and like to be in all, some 4 million people to visit that city. Mr. Short's do believe that this will have a beneficial effect upon the price of fish, being that it will be in greater demand than last year. Being come to the subject of fish, he tries to tempt me into the fish trade that we had with the United Kingdom more than a century ago, and he offers to show me records of the ships that came from St. John's for Povey between 1805 and 1809.
 This night, the weather grows milder, comes a great rain and such rain falls, the walking made worse than ever I have seen it, and the hardest task possible to keep one's feet dry.

Magistrates Court

The postponed case of the St. John's Gas Light Company versus Richard G. Silverlock, a motor mechanic, came up before Judge Morris this morning. The charge reads that the accused did at St. John's unlawfully connect a gas piping in his garage on New Gower Street with the gas main of the St. John's Gas Light Company and steal therefrom gas, the property of the said company to the value of \$250.00 or thereabouts. Mr. A. Kelly who appeared on behalf of the accused, entered a plea of "guilty" and asked for mitigation of sentence. The defence was then fined \$200.00 and costs or in default twelve months imprisonment. The accused was discharged.
 A drunk and disorderly was fined \$2.
 A second drunk was ordered to pay \$1.00 the cost of conveyance.
 A man again charged with his mother last night apparently insane, was later examined by a doctor and removed to the Lunatic Asylum.
 The Minister of Finance and Customs summoned into Court this morning, the master of a local vessel, charging him with making false reports to the Customs, which constituted a breach of 204, Chapter 23, Consolidated Statutes. The case was postponed, sine die.
 A case for assault was postponed until Saturday morning.

To-Night's Hockey
 The second hockey match of the Newfoundland Amateur Hockey League takes place at the Prince's Rink to-night between the Fieldians and Terra Novas.
 The mild weather which prevailed over the city last night and early this morning threatened a postponement, but we are glad to state that the ice at the rink has not melted any, and the opposing captains with a goodly number of the players who visited the rink at one o'clock to-day decided that no game should go on. The indications point to a cooler atmosphere during the afternoon. With this in view arrangements were made with the Management to have a well heated ice surface open to the weather as long as possible. The match has been advertised for eight o'clock.
 Both teams will enter the arena to-night with strong and formidable aggregation, and a battle royal for the honors is predicted. The Fieldians, last year's champions, will be minus manager has added new material to the team strength, and they will enter the fray to-night ready to defend their laurels. The Terra Novas on the other hand have a well balanced team which looks good for the championship. Jack Canning the playing manager has rounded out a fast and snappy aggregation of players, who are said to be in the best of condition, and they are determined to do their utmost to win the points to-night.
 Referee Tohin will call the players together at 7.15. The reserved seat tickets are all sold out, and it looks like another bumper house to greet the players to-night.
 The players will line-up as follows:
 Fieldians Goal Terra Novas
 N. Hunt G. Field
 H. Rendell Left Defence G. Gillis
 A. Bayly Right Defence W. Peters
 A. Lloyd Centre J. Field
 E. Ewing Left J. Canning
 E. Reid Right W. Clarke
 Spares (Fieldians)—E. Jorret, J. Alderdice, F. Rendell, (Terra Novas)—W. Barrett, M. Power, F. Martin.

TO-DAY'S MESSAGES.

FINANCIAL CONVENTION SIGNED.
 PARIS, Jan. 14.
 All the powers represented in the Inter-Allied Financial Conference to-day signed the agreement regarding the distribution of the Dawes' annuities, Rumania and Italy signed with reservations. The various delegates were called upon to sign the protocol in the following order—Belgium, France, Great Britain, Japan, United States, Greece, Portugal, Rumania, Jugoslavians, Czechoslovakia. The signing of the Financial Convention brings to a fitting close what has been by common consent the most successful Inter-Allied meeting since the Armistice. The British Chancellor of the Exchequer retains home with assurances that the French Government is imbued with the keenest desire to settle the debt question, and is disposed to ford its creditors the same advantages which it receives from its debtors.

KOREAN FAMINE REPORTS EXAGGERATED.
 TOKYO, Seoul Korea, Jan. 14.
 The reports that have been circulated to the effect that 3,000,000 persons are fasting in Korea are greatly exaggerated, according to an announcement yesterday in government circles. While admitting the existence of famine conditions in Korea due to the failure of the rice crop, government officials are inclined to minimize the reports of suffering. Adequate relief measures have been taken it was said.

In Loving Memory

of our dear husband and father, Samuel G. Stanley, who died Jan. 14th, 1923.
 To-day brings back sad memories, of that sad and bitter blow; That was cast upon our homestead Just two years ago.
 In our hearts we mourn the loss, Or him we loved so dear; What would we give to clasp his hand His gentle voice to hear.
 His loving smile and welcome voice, That were so dear to us; He's resting now in Heaven above In God alone we trust.
 Friends may think we have forgotten When at times they see us smile; But they little know the sorrow That our smile hides all the while.
 No pen can write, no tongue can tell, Our sad and bitter loss; But God alone has helped us well To bear our bitter cross.
 —Inserted by his wife and children.

Note of Thanks.

I desire to sincerely thank Mrs. Confield, No. 3 Cumming Street, for the recovery of my watch which I advertised for in the Evening Telegram. MISS JEAN QUZEWELL, Patrick Street, City.

Tom Mix in a Thriller at the Majestic
"Eyes Of The Forest" A Sensational Feature.
 Readers are invited to read the Majestic advertisement elsewhere in this issue wherein it will be seen that a big show is booked for the last half of the week.
 Tom Mix's latest starring picture, "Eyes of the Forest," which opens a 3 days' run at the Majestic Theatre, is a romantic story of that picturesque body of daring men, the Forest Air Patrol, of whom little is ever heard.
 In "Eyes of the Forest" Mix, as Bruce Thornton, an army pilot, is assigned to forest patrol service. On his first trip over the woodland, watching for fires and timber thieves, he spots an outlaw lumber plant. Landing in a clearance several miles from the spot, he crashes into a hut, disabling his machine by the accident, however, he meets Ruth Miller, play-mate of his for two years. The post office is being used by the gang of killing her step-father.
 Bruce is convinced the girl is innocent. He sets about to prove his contention and encounters Hogan, a member of the lumber stealing band, to whom Ruth was married against her will. Hogan comes after Ruth to take her away from her Uncle, with whom she was hiding from her husband and the law. There is an encounter and Hogan is beaten by the girl by force and recruits his hand to storm the cabin.
 An attempt is made to kill Bruce by blowing up the roadway. He escapes unhurt and, racing for his life from the band of marauders, he leaps from his horse to an airplane. Thrill follows thrill until Hogan is caught and proven to be the real murderer and the leaders of the lumber thieving gang get their due.
 Saturday a special matinee for the (Fox) will be added to the Tom Mix feature. Don't forget the arrival of Jacobson and Evans, a high class musical act.
