

CHARITY ORGANIZATION BUREAU.

Firms and individuals who dispense charity will find it to their advantage to make use of the Charity Organization Bureau.

Members of the above Bureau do not give casual relief without first obtaining a report on each applicant from the Secretary.

Immediate investigation and report will be made of all cases referred by members to the Bureau.

For further information, apply to the Secretary, Miss Jean Crawford, G.W.V.A. Building. (Phone 2079). Office hours, 9.30 a.m. to 12.30 p.m., and 2.30 p.m. to 5.30 p.m. (Saturday afternoons excepted).

Everybody's Friend

TO THE FRONT ONCE MORE.
TO THE CIVIC ELECTORS OF ST. JOHN'S.

LADIES & GENTLEMEN:—As you were kind enough to give me your valued support on the many previous occasions I sought election at your hands, I have decided to again solicit your esteem and confidence for four years more as one of your civic representatives.

During the several terms I have had the great honor of being a member of the Municipal Council Board I have consistently practised the policy of conforming to your desires in so far as the civic revenue permitted.

I shall be very pleased indeed to again do my utmost towards bringing about many more essential improvements that are still necessary, and, therefore, feel that as you have so highly approved of my civic record in the past you will be pleased to again remember me on polling day.

A SPECIAL WORD TO THE LADY VOTERS.

You may have many friends to choose from ladies, but as a special favor will each one of you please be kind enough to record a vote for me.

James T. Martin

EVERYBODY'S FRIEND.

3rd TIME.

THIS IS MY THIRD TIME OF ASKING.

That my actions at the Council Board the first time, were appreciated, over eleven hundred people testified at the last election, and now at the request of a majority of those electors, I have again decided to comply with their request, and to ask you Ladies and Gentlemen voters, for a continuation of that confidence at the coming election. Should I again be elected, I will pledge myself to help carry out to the best of my ability, any sane scheme that will tend to the making this my native town a brighter, better and cleaner city, having due regard to the cost to those who will have to pay for it.

A word in season, however. Should those contemplated improvements be carried out, I am convinced that extra taxation will have to be put on an already overtaxed people, for I am one with Mayor Cook who, a short time ago told the people that they cannot make bricks without straw.

Thanking you in anticipation, yours truly,

S. G. COLLIER.

BILLIARDS.

The Stance.

The Stance—or how to stand properly—is perhaps the hardest point for the beginner to acquire. Indeed, the reason that quite fair players miss absurdly easy strokes is a defect in standing. It is quite easy to place one's ball at the right angle for any stroke and then miss it through standing wrongly. One would naturally think that if he can get a half-ball angle right he will make the stroke. But as a matter of fact strokes are made with the feet almost as much as by the arm. The body must be fairly behind each, and one can get fairly behind a stroke only by placing the feet in the proper position. If you are playing for strokes at the left hand side of the table the body should be swung slightly, and very slightly to the right. If strokes are on the right hand side the body should be swung ever so slightly to the left.

In taking a position at the table care should be exercised not to have the feet set too far apart and they should always be turned towards the table. When making a stroke the left foot should always be pointing as nearly as possible in the direction in which you wish your ball to travel. The body must be behind the stroke and too much stress cannot be laid on this particular point. After a while your body will automatically take the proper position but the beginner at first must always think about it. Every alteration of the position of the arm in aiming must be accompanied by a corresponding alteration for the position of the feet and body. The next point in standing is to have your left foot well forward and your left leg slightly bent to ensure ease of position. The right foot should be at a fair distance off—say a foot and a half—with the right leg bending a little, according to course to the stroke you are playing. The best billiard pose is something like a boxer's crouch, but there is no strict rule excepting the feeling of being comfortable and at ease when striking. Positions, of course, alter according to the stroke played, but the main thing is to feel comfortable and to get down low as possible. Don't stand stiff and straight and never mind the chaf about doing the correct thing. Begin right, otherwise it will take an enormous amount of time and practice trying to get right afterwards.

Friday—How to handle the Cue.

JOHNIE BROWN LOSES.

LONDON, Nov. 20.—(C.P.)—Harry Mason, British lightweight champion, defeated Johnny Brown, the clever Scottish welterweight, in a twenty-round bout at Albert Hall here last night. The men fought here some weeks ago when Brown was given a very unpopular decision, but there was no question about the winner last evening, as Mason was by far the most clever, and won easily.

Elky Clark, the British flyweight champion, who intends visiting the United States soon to obtain a match for the world's flyweight championship, won by a technical knockout from Antoine Morice, of France, who retired in the 17th round.

TWO KNOCKOUTS.

NEWARK, Nov. 20.—George Ward, of Elizabeth, N.J., welterweight, last night knocked out Alex. Hart, of Cleveland, with a right uppercut to the chin in the 7th round of a 12-round match.

AKRON, O., Nov. 20.—Eddie Shea, Chicago, won a technical knockout over Willie Ames, veteran Akron featherweight, last night, when Ames was unable to answer the bell for the third round because of two broken ribs.

FINNIGAN GETS DECISION.

ATLANTIC CITY, Nov. 20.—Honey Boy Finnigan, of Boston, won the decision over Billy Kennedy, of New Orleans, here last night, in a 12-round bout.

NIGHT FOOTBALL.

CASPER, Wyoming, Nov. 20.—Using a white enameled football on a field lighted by huge electric lamps and gas flares, Casper High School defeated Midwest High, 60 to 0, last night.

THE MURPHY CUP.

The trustees of the Murphy Cup have notified University of New Brunswick they must meet the Wanderers on neutral ground—Sackville—or the latter will be awarded the cup.

STILL AN AMATEUR.

OTTAWA, Nov. 20.—Joe Lamb, Maritime amateur hockey player, has not signed a contract with the Ottawa Senators, officials of the local club stated here this morning. Lamb, who works in a Montreal bank, is spending his vacation here, and has been practising with the local professionals at his own request. If Coach Alec Currie considers he is good enough for professional company, he will likely offer him a contract, but whether or not the Maritime player will sign is not known. At present, it is emphasized by the officials he is "strictly amateur."

HOCKEY LEAGUE MEET.

The Halifax Hockey League met recently and unanimously adopted a resolution urging the Maritime Amateur Hockey Association to recommend the suspension of the residence clause thereby enabling hockey players of Halifax to be eligible to become members of the Dartmouth Hockey Club.

The Dartmouth proposal requests the suspension of the Amateur residence clause until such time as a governing body may make a thorough investigation of the extenuating circumstances existing here.

Dalhousie Tigers, barred last season for refusing to play-off for the Maritime title after winning the League title, were allowed to carry on this year. Mr. McManus informed the meeting that except for the annual Christmas trip, no exhibition games would be played by the Collegians and that the players would be able to represent the League in the playoffs if they were so fortunate as to capture the title again.

Mr. Pettipas submitted a notice of motion suggesting that the name of the League be changed to read "Halifax and Dartmouth Amateur Hockey" or "Halifax County Amateur Hockey League."

President Wiswell, who has so capably filled the office for six years, asked to be permitted to retire, but the meeting prevailed upon him to act once more. The officers are:—

President—A. C. Wiswell.
Vice-President—N. C. Ralston.
Secretary—Basil Courtney.
Executive—P. C. Neville, Crescents; W. G. Bishop, Dartmouth; J. F. McManus, Dalhousie; A. L. Phillips, Wanderers.

OTTAWA DEFEATS VICS.

OTTAWA, November 20.—The world champion Victoria Cougars, fresh from or perhaps tired from two victories in Montreal, went down to defeat last night before the Ottawa Senators, 6 to 2. The Senators got goals clean cut and left no room for dispute, leading the Senatorial offensive came veteran Cy Denney, who banged four goals. Hooley Smith and Nighbor got the other two.

In centre the great Nighbor again showed that he is in a class by himself. He outplayed whoever was op-

posed to him. Hooley Smith came next on the honor list with a magnificent game both ways. Clancy and Boucher were both good.

Louie and Frederickson stood out for the losers, with "Old Fox" Jack Walker and Hart both turning in useful games.

BANQUETTED BY CRESCENTS.

J. E. Ahern, sporting editor of the Herald, well-known hockey and baseball player, of the Crescents A.A.A., who is leaving for New York to spend the winter, was tendered a banquet by members of the Crescents at the Green Lantern recently.

His clubmates also presented him with a gold fountain pen and pencil. President G. F. Greig, Vice-President J. G. Quigley, P. C. Neville, T. F. MacDonald, M. P. Martin, Cyril Hannan and Jack MacDonald, all spoke in eulogistic terms of Mr. Ahern, not only for his good work as a writer and athlete, but the good assistance he had been in encouraging school athletics and his managing of sporting events. Mr. Ahern thanked them for their good words and said that he regretted his departure from Halifax, but hoped it would be only temporary.

TUNNEY GETS DECISION.

CLEVELAND, Ohio, Nov. 19.—Gene Tunney (188), N.Y., was given the decision over John Risko (192), Cleveland heavyweight, in a 12-round bout here last night. Tunney decisively outboxed the local man, taking six rounds and Risko two. Four were even. Tunney staggered Risko with blows to the stomach and jaw in three rounds, but was unable to floor him. In the 11th he pounded Risko repeatedly without receiving a return.

"Two heads are better than one," so vote for FANNIE McNEIL and MAY KENNEDY.

Cure of Our Fish and Standardization

The facts that have appeared from time to time during the present season that there has been a great improvement in the cure of fish exported from the Labrador coast is now being borne out by the buyers on the foreign markets.

Mr. Jose Marsal, who is still residing in St. John's, approved of the quality of the fish when it left here, and his firm in Valencia were so pleased with the quality arriving that they intimated at once that their efforts would be given wholly for the sale of our fish in preference to any other country this year.

The announcement in our last issue that Mr. Gherardi of Genoa, one of the principal firms in that important centre, endorsed these facts in an uncertain way and praises the quality of the Labrador fish now reaching that market notwithstanding the pessimistic utterance of our northern contemporary. Similar news also reaches us from Greece, where the consumption of fish is extra good this year, and it is looked upon as the very cheapest food obtainable for the large influx of their population from Syria and Turkish territory.

Our announcement last week that an important group were now organizing efforts for a still greater improvement in our cure for next year and their determination to make plans for a better standardization of our fishery products has met with general approval from all quarters.

The last attempt was merely on paper and being under Government control it was seen at once to be a whim of the moment.

To improve the cure of our fish and standardize its export cannot be a private organization conducted for the benefit of a few, but it must be done for the greatest benefit of the majority and on a solid foundation for the good of the whole country.

The Government were led into such quixotic measures for the control of shipments and prices and met with such defiance that it is useless to ever expect politicians to take part in this again.

The movement must come from the fishermen themselves, backed up by the exporters and the organization through the Board of Trade and supported by the Government.

The Chicago Board of Trade has made a wonderful success with their system of inspection in wheat and food products, so that the world today practically follows their lead both for standards and daily price values.

Difficulties will occur and schemers will try to outwit the officials, but such treachery in our midst should be stamped out in no uncertain way. The Trade Review is here to back up this group now being formed to take up this good measure, and we can assure them that they will have the wholehearted support of the country.

The value of their accomplishments will be increasingly apparent, as no person can expect a revolution in such an old established trade in a day, but we all recognize that we are now at a standstill, and this country must proceed with the times.

Let the Board of Trade be a mechanism to serve the whole country, and they will gain in dignity and public confidence.—Trade Review.
