GENTLEMEN,—The watches manufactured by you have been in use on this railroad for several earst by our enginemen, to whom we furnish come 300 of them carried on our line, and we consider them good and reliable time-keepers. Inseed, I have great satisfaction in saying your ratches give us less trouble, and have worn and owear much longer without repairs than any atches we have ever had in use on this road. As ou are aware, we formerly trusted to those of nglish manufacture, of acknowledged good restation; but as a class they never kept time as greetly, nor have they done as good service as we rectly, nor have they done as good service as we have the superior of t

NEW YORK CENTRAL RAILROAD.
Locomotive Department, West Division, \(^1\) Rochester, Dec. 24, 1806.
GENTLEMEN,—I have no hesitation in saying that I believe the great majority of Locomotive Engineers have found by experience that Waltham Watches are the most satisfactory of any for their uses. They run with the greatest accuracy and steadiness, notwithstanding the roughtiding of an engine, and as I have never known one to wear out, they must be durable. I hope to see the time when Railway Companies will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion t would greatly tend to promote regularity and safety.

We now make five different grades of watches

Every leader selling these watches is provided with the Company's printed card of guarantee, which should accompany eachwatch sold, so that buyers hay feel sure that they are purchasing the genuine rticle. There are nuncrons counterfeits and imitations of our watches sold throughout the country, and we would caution purchasers to be on heir guard against imposition. Any grades of Waltham Watches may be purhased of watch dealers. Testimonials cast be obtained on application rom many persons in Canada who have worn the ratches with the greatest satisfaction.

I continued it until I have taken about ten bottles, using the Pills, and I find that I have or uneasiness. I am well and have pleasure in attending to my business. The doctor remarked to me I was looking much better. I told him that the Great Shoshoness Remedy was doing it.
