REMOVAL.

G. B. FRASER

Has removed directly opposite his old stand, where he has opened with a brand new stock at much lower prices than could be bought earlier in the season.

G. B. Fraser is too modest to advertise that he is selling much cheaper than those who make a great blow. Still facts are stubborn chiefs, and a discerning public pronounce Fraser's to be the cheap store to deal in.

G. B. Fraser gives his old friends a cordial invitation, and invites all who wish to save money to call and see his new stock.

Water Filters !

These Filters entirely remove animalculae, colour, taste and odour from water, and deprive it of the organic matter which is so dangerous to drinking water. They are the best possible preventives of Cholera and all other diseases arising from drinking unwholesome water.

No water should be used for drinking or cooking without being filtered, and no house can be thoroughly furnished without a good filter.
