Shall All Saloons and Bars in London be Closed at Seven O'clock Every Night as at Present on Saturday Nights ?

Twelve Good Reasons Why You Should Vote for Early Closing.

A Straightforward, Yet Moderate Ap peal to Men and Women Who Pos-sess the Responsibility of the Franchise.

We want an expression of your opinion by vote on the occasion of the coming municipal election, Monday, Jan. 2, 1895, whether it would not be better, in the interests of the community, as a suggestion to the license commissioners, to make the hour of closing the bars for the license year, beginning next May, 7 o'clock p.m. Our reasons for this movement are:

1. Because we believe Hon. W. E. Gladstone's statement—"Greater calamities are inflicted upon humanity by intemperance

inflicted upon humanity by intemperance than the three historic scourges of war, pestilence and famine." The more bars and the longer hours the more drinking and consequently the more intemperance.
The following London statistics indicate

2. Because these licensed houses are th bane of our young men, who are allured be the blandishments of friendship and the attraction of open bars. Therefore we appeal to the parents of London, whether eir own sake for that of their neighbors

rivisus, homoward bound, are often diversibled into the barroom and the benevolent are burdened to help those whom drink has made poor. Ask the doctors, the King's Daughters and Sons, and the various benevolent workers if this is not true. The liquor-sellers themselves admit they do the most of their business after 7 o'clock p.m.

like sticks in a bag of water. It's all "beer bloat!"

7. Because a large proportion of the liquor sold under high sounding names, is fraudulent and absolutely poisonous. Hon. Geo. Gifford, 2 merican consul, La Rochelle, France, wrote in 1882: "All French brandy

I trandulent and absolutely poisonous. Hon. Geo. Gifford, 2 merican consul, La Rochelle, France, wrete in 1882: "All French brandy might properly, and perhaps ought to be, excluded from the United States on sanitary grounds," simply because such a thing as pure brandy is almost, if not entirely, unknown even in France, and what is true of brandy is true of so-called foreign wines.

S. Because, as Ruskin says, "The encouragement of drunkenness for the sake of the profit on the sale of drink is certainly one of the most criminal methods of assassination for the money hitherto adopted by the bravoes of any country." It it were only the drinker was killed it would not be so bad. You have but to look at the murder of Detective Phair to see what a few cents worth of liquor can do! And the end is not yet. Every man hanged in London for crime was brought to the gallows through intemperance.

9. Because the public have to foot the bills! Who pay the jailers, turnkeys, the extra policemen, the witnesses and lawyers in orliminal cases, three-fourths of which are caused by drink? And now, when we want to vote on a resolution introduced by an almost unanimous vote of the council, without any expense to the city, these license-holders want to prevent you from expressing an opinion on this question and to save you the trouble of writing yes or no on your ballot papers on election day, put the city to the expense of defending their action in Court of Chancery, Toronto! How considerate they are of your rights and privileges!

10. Because, if the Scripture be true, that the drunkard is excluded from the Kingdom of Heaven, this business not only keeps him, but it certainly prevents the seller from doing any genuinely religious work.

How many license-holders are regular attendants at church—are Sunday school.

selier from doing any genuinely feligious work.

How many license-holders are regular attendants at church—are Sunday school teachers, elders, deacons, class-loaders, Y. M. C. A. workers, sick and prison visitors, etc.? "By their fruits ye shall know them." Many of these men do not want their own children near their bars, or under the influence of the traffic. No class has suffered more than they by the evils of drink. We want to heip them out of the business.

drink. We want to neip them out of the business.

11. Because it is your duty to vote.

Do you only vote in a Parliamentary election when you are sure your candidate will be elected? Has there not been a leasening of drinking in the past? What caused it? The men in the business? The indifferent, like some of you, or, as you are fond of saying, "public opinion?" Who created public opinion? Those who never gave, spoke, or voted to hinder the traffic?

Do not call us cranks and fanatics while you do nothing yourself. Does it not seem sometimes, even to you, that "if these should hold their peace the very stones would cry out."

should hold their peace the very stones would cry out."

12. Because it is important in every way that you should show where you stand. You remember the Master's statement, "He that is not with me is against me," Can you be neutral on such a question? Canon Farrar says, "fleel convinced; if men, if Christians, had a heart of pity in them, have any spark of nobleness in them, they would do everything in their power to show that it is an evil that is destroying our brothers and sisters in multitudes.

They would do their best in some way or other to save the continuance of this avil in their midst." What will you
