INDOOR BASEBALL ST. JOHN'S A. C. WON.

The St. John's Athletic Club indoor baseball team defeated the Seventh Fusiliers' team at the drill shed last night. There is no doubt as to which side won, although the official score went and hid itself. For want of the official figures, the score is given as 4 to 11 in favor of the St. John's A. C. Some of the Seventh's strong men were absent on account of the minstrel show. The teams were:

The Seventh will meet the same team in the near future, when they hope for

better success.

CRAZY TO FIGHT.

Paris, Dec. 7.-The Petit Journal says that M. Delcasse, minister of foreign affairs, has received proof that the disorders which resulted in the murder of French naval officers at Kwang Chao, China, recently, were fomented by the British. The paper urges that now is the time for France to avenge Fashoda. The whole French press is urging war with Great 'Britain, which the Figaro calls a giant with feet of clay. The Echo de Paris says Britain's navy is her only line of defense, and this is vulnerable, as it is at the mercy of the elements.

Admiral Dupont, in the Gaulois, urges the immediate acceptance of the naval plans and the voting of credits to prepare the French fleet for war.

THE CONSPIRATORS' TRIAL. In the French Senate, sitting as a high court today, several police officers testified that an understanding existed between the anti-Semites and the Nationalist and Socialist leaders. Superintendent Puybaraud testified that a committee for a federation of the various leagues had been proposed. During the presentation of this evidence, M. Guerin and other prisoners frequently interrupted with vehement protests. M. Puybaraud, however, maintained that his evidence was correct, adding that at one meeting the question of a triumvirate had even been discussed. M. Deroulede, he said, was to have been one of this triumvirate, but he considered it inexpedient to mention the names of the other two. This evidence evoked great violence from the prisoners and their counsel, and the court thereupon adjourned. CABLE NOTES.

### BICYCLE VS. SKATES

Wheelman Beat a Roller Skater on a

Cincinnati, Dec. 7.—Probably the most novel contest in the history of the bicycle and roller skate occurred here Tuesday night, when Harry A. Gibson, the world's middle-distance cycling champion, defeated Reno Runck, a long distance roller skater, in an Australian pursuit race at the Music Hall rink. The track was but a polished floor, unbanked, making the turns extremely dangerous. Gibson fell at the second turn, but was up and on his machine as Runck came within six yards of reaching him. Gibson gradually wore out his opponent, winning at the commencement of the seventh mile. The entire distance made was 6 miles and 1 lap on a ten-lap track. The time was 18 minutes and 10 seconds.

## **GOD HELP THE BOERS**

If the Life Guards Ever Get at Them.

The departure of three squadrons of the Household Brigade for South Africa lends a picturesque interest to the military news of the week, says The Blacksmith, in the Guelph Mercury. This means that 100 men have been selected from each regiment of the Household Guards, namely, the First and Second Life Guards and the Royal Horse Guards. These are the tallest men in the imperial service, the minimum height being six feet, although a growing lad of five feet ten inches is often enlisted. Of these three regi-ments the Royal Horse Guards are esteemed the finest, because although their height is the same the chest girth required is greater in the Blues than in the First and Second Life The uniform of the Household Brigade is similar, with the exception of the tunic, which is scarlet in the First and Second Life Guards blue in "the Piccadilly Butchers." Each regiment carries the steel cuirass, big gauntlets, white leather breeches, high jack-boots and the long straight sword-40 inches in the blade. They ride big black horses specially bred as weight carriers. The average guardsman will ride in khaki 21 stone. These men are trained to the highest notch with the sword, in the saddle and with the gloves. The onset of and with the gloves. The onset of such a regiment at charging pace is

something tremendous, and up to date no European regiment opposed to the Household has withstood the terrible impact of their charge. At Waterloo they rode through Milhaud's heavy culrassiers as if the latter had been little children, and later, at the midnight charge of Kassassin, they did splendid service. You may be cut down by a Hussar or a light dragoon and your chances of recovery are hopeful; if you are lunged through by a heavy dragoon or spitted by a lancer your chances of convalescing are one in three, but if you are cut down by one of the Household Guards there is nothing for it but immortality. The Disease Prevalent in Tilbury Is Chicken-Pox, So Medical Experts Say.

Chatham, Ont., Dec. 7.—There were number of prominent Ontario medical men in Tilbury Tuesday, including Dr. Bryce, secretary of the provincial board of health; Dr. Hodgetts, provincial health inspector; Dr. Hall, M. H. O., Chatham; Dr. Coventry, M. H. O., Windsor; also Dr. Sharp, medical health officer, and Drs. Ferguson and Milligan, of Tilbury. They pronounced the few cases of skin diseases that exist in Tilbury to be purely chickenpox. This should set at rest all the false rumors about Tilbury village being infested with smallpox.

with a persistent Cough that nothing but Dr. Wood's **Norway Pine Syrup** seemed able to cure.

The constant hacking cough that sticks to you in spite of everthing you have done to relieve it, means danger. The longer the sough stays, the more serious menace is it to your health. It's easy to check a cough at the outset with Dr. Wood's Norway Pine Syrup. If you've let it run on, though—takes a while longer to cure it, but Dr. Wood's Norway Pine Syrup can cure it even then, after other remedies fail.

Here's the case of Miss Allida Rivard, Emerson, lean., who says: "Last winter I contracted a bad cold which stuck to me n spite of the different remedies I tried. The constant coughing reduced me so that I was almost a skeleton. A friend told me Dr. Wood's Norway Pine Syrup would cure me so I thought I would try it. The first bottle helped me so much I continued its use until I had taken three bottles in all, which completely cured me. I have recommended this remedy to dozens of my
