Members of the Press Gallery Digest Their Annual Dinner.

Debate on the Manitoba School Question Next in Order-Dull Times for Members' Wives.

[Specially reported for the ADVERTISER by our editorial representative at the Capital.]
OTTAWA, March 5.—The example of Mr. Charlton, M.P., in donating \$1,000 to the Aged and Infirm Ministers' Fund of the Presbyterian Church was referred to in complimentary terms in a city church today. Finance Minister Foster sneered at Mr. Charlton the other night because he is a Presbyterian elder. The member for North Norfolk backs up his faith by his works, which is more than Mr. Foster does.

Last night the members of the press gallery held their annual dinner in the House of Commons restaurant. It was the most successful yet held. Thirty-five press men attended along with 35 guests, including Hon. Wilfrid Laurier, Hon. Maccenzie Bowell, Hon. J. C. Patterson, Hon. L. H. Davies, Hon. T. M. Daly and Messrs. Monorieff, Landerkin, McKay, Fraser and other M. P.s. President Fred Cook, correspondent of the Empire, presided and respondent of the impire, presided and Vice-President Magurn, correspondent of the Globe, occupied the vice-president's chair. Speeches were limited to three minutes and were models of originality, that of Mr. Laurier bing especially enjoyable.

Mr. Tarte will take he refuses this evening to say, but I unlerstand his position will be that the Gerenment is to be condemned for refusing to do its duty in regard to the school mestion and in delegating it to the Supme Court.

Mr. Campbell, M.P. for Kent, and Mr. Fraser, M.P. for Gaysboro, N.S., were invited to address a mass meeting of Glengarry electors at Alexandria Saturday afternoon. They alked straight for a radical measure of a reduction and for greater economy in government. These sentiments, one who was there tells me, were applauded to the echo by the mixed political assemblag present. Mr. Rayside, M.P.P., also poke. The opinion is prevalent here that too many such meetings cannot be hel in the present condition of the country.

MONDAY EVENING, MARCH 6, 1893.

President Cleveland Takes the Oath of Office.

Departure of Ex-President Harrison for Indianapolis.

Grand Military Parado Accompanied by Howling Blasts of Wind and

Dritting Snew,

Washington, March 5.—The characteristic feature about the inauguration was the clear, steady and excellent enunciation with which President Cleveland's message was delivered, and the absolute absence of any gesture. Mr. Cleveland gave no other emphasis to his remarks than that derived from the emphatic tone and determined nod of the head with which he at times stated some of the more foreible passages of his oration. He spoke without notes and turned from one part of the assembled crowd to the other, sometimes addressing the multitude in front of the stand and then again turning to the side and addressing himself more particularly to the people on the stand. The reference to the currency question provoked considerable cheers, but the loudest approval was given the tariff section of his remarks. The President began the delivery about 1:30 o'clock, and it occupied 25 minutes.

At the conclusion of his remarks Mr. Cleveland turned around to the Chief Justice to take the oath prescribed by the constitution. The Bible used in the ceremony was given President Cleveland by his mother 41 years ago, by his special request it was eight years ago put to the same service for which it was used yesterday.

After the inauguration the Presidential party returned to the White House. At 3 o'clock x-President Harrison and Mrs. Mc Kee bade the assembled party farewell and entered their carriage to x-Postmaster General Wanamaker's for lunch, thence to the station for their departure for hadian.

and entered their carriage to ex-Postmaste General Wanamaker's for lunch, thence t the station for their departure for Indian and entered their carriage to ex-Postmaster General Wanamaker's for lunch, thence to the station for their departure for Indianapolis. After spending a few minutes in the parlor, President Cleveland, on the arm of Chairman Berret and accompanied by Gen. Schofield and Admiral Gherardi, proceeded to the reviewing stand and took his place there. The 15,000 souls, more or less, that patiently awaited the approach of the Presidential party to the reviewing stand in the grounds of the White House will probably never forget the experiences of the day. Full play was afforded the northwest wind in the open space between the treasury and the army and navy buildings, and it tore around and about, roaring down the avenue, whistling through the trees, picking up the snow and carrying it into eyes and ears and nostrils, stripping the bunting that decorated the stands from its place and causing the timbers to creak until more than once the advance occupants of the Presidential stand were inclined to abandon their posts. A hearty cheer greeted President Cleveland's appearant on the reviewing stand. As the President appeared before the multitude, and while the cheers were yet rending the air, the bugles sounded "Forward, march," the officers repeated the command, and the line of march was taken up from a point opposite the Treasury Department. Mr. Cleveland followed hisown precedent in saluting only the national flag when it passed him. He also occasionally bowed to friends in the parade. He stood on the stand in the face of the howling wind impassive and dignified, not seeming to mind the waves of dritting snow that were carried in his face.

The weather was too severe to be long withstood with comfort, and the White House party returned at intervals to warm themselves. Towards evening the ladies of the party retired from the stand and did not return. But the enthusiasm of the multitude was not half vented until Gen.

Fitzhugh Lee made his appearance at the head of the third division. The ovation that had been given him all along the route of the parade apparently reached its highest point as he saluted the President. Cheer followed cheer and those on the stand with the President joined in the demonstration. The shouts were taken up with renewed vigor

people of Sandgate, county of Kent, were aroused by the rocking of the houses and loud rumblings underground. Walls split, ceilings fell and foundations sank and roots fell. As the inhabitants fied to the streets they found large rents in the ground and were almost overcome by noxious vapors. Everybody supposed the town was being shaken by an earthquake, and hundreds fied in a panic. Troops in an adjacent camp hastened to the aid of the people still in Sandgate. The soldiers find citizens worked for two hours in moving the most valuable property from the houses and in erecting tents in the fields about a mile outside the town for the women and children. At the end of that time the rumbling had ceased and an investigation was made. ENCOURAGING PROGRESS.

Adelaide Street Baptist Church Anni versary - Sermon by Rev. A. T. Sowerby-Numerous Additions to the Membership.

versary — Sermon by Rev. A. T.
Sowerby—Numerous Additions
to the Membership.

Large gatherings attended the anniversary services held yesterday in the Adelaide
Street Baptist Church, the congregation
in the evening especially taxing the capacity
of the auditorium to its utmost extent.
Rev. A. T. Sowrby, pastor of the Aylmer
Baptist Church, preached both morning
and evening and addressed the Sabbath
school in the afternoon. The morning
sermon was a scholarly and at the same
time a decidedly practical discourse. On
the subject of "Christian Fretfulness; Its
Cause and Its Remedy." The reverend
gentleman took for his text Psalm xxxvii.,
verses I and 3, "Fret not thyself because
of evil-doers, neither be thou envious
against the workers of iniquity. * *
Trust in the Lord and do good; so shalt
thou dwell in the land, and
verily thou shalt be fed." Referring to the Psalmist's utterance of
these words, the preacher rapidly and conoisely sketched the varying vicissitudes of
David's life—a life marked by anxiety and
trouble, but brightened by a strong belief
in God's faithfulness to fulfill all his promises. The preacher dealt first with the
cause of Christian fretfulness. He spoke of
the influence of the body on the spirit, the
worry and anxiety incident to the daily
struggle for life—for it is a struggle—and
the personal hardships that the child of
God is subject to. Then there is the
enmity of the world which the Christian has to face. "Whatever the world
may say," remarked the preacher, "we
honestly try to live right; we stumble and
the world langhs." All these causes help
to make the Christian fret. This state of
things is an actual fact, but it is not a
healthy condition. The different phases of
this fretting have their origin in the one
great tap-root—a lack of faith in God—forgetfulness of God's promises and of God's
love.

In the second place the preacher deals
with the remedy. "We must follow

love.

In the second place the preacher dealt with the remedy. "We must follow providence and not force it," said he. "Allow God to lead us in his own way. He who is a firm believer in God will wait quietly the unwinding of the spool of life. God has a path marked out, and, that followed, all will end well." The true child the faith in a special providence—in of God has faith in a special providence—in

lowed, all will end well." The true child of God has faith in a special providence—in a personal providence. Paul learned the lesson, "In whatever state I am therewith to be content." Said the preacher, "We must subscribe to infinite wisdom, and not prescribe it." The antidote for Christian fretfulness is firm trust in Christ. Faith upholds the missionary in the jungle and carries the Christian safely through the missma of worldliness. His hope is a most reasonable one, for it is assured by facts—the fulfilment of God's precious promises.

Rev. Mr. Sowerby addressed the Sunday school in the afternoon. He spoke to the children in a happy vein and won the close attention of his youthful listeners. The reverend gentleman's evening sermon was a pointed, earnest appeal to the unconverted, based on the words found in Matthew xi., 23: "And thou Capernaum, which art exalted unto heaven, shalt be brought down to hell; for if the mighty works which have been done in thee had been done in Sodom, it would have remained until this day."

After the sermon, Pastor Mihell baptized nine young converts, mostly members of

After the sermon, Pastor Mihell baptized nine young converts, mostly members of the Sabbath school, and subsequently 22 newly-added members were given the right hand of fellowship.

The special music furnished by the choir, under the leadership of Miss Rendell, the organist, was of a superior and decidedly pleasing character, despite the fact that the young people have recently had little or no opportunity for practice.
