BOILERS BLEW UP

WILL VISIT DETROIT

Steamer.

Salonica, European Turkey, April 28. -The boilers of the French steamer Guadalquivir blew up today as she was leaving this port, and the steamer broke in two. Fire then broke out in the afterpart of the vessel. Several of the engineers were badly injured, and it is feared some of them were killed. The passengers are safe. The Guadalquivir belonged to Messageries Maritimes Company. Her hailing port was Marseilles. She was

HEART DISEASE

of 1,506 tons net burden, and was built

A Trouble Much More Common Than Is Generally Supposed.

in 1888 at Havre.

A healthy person does not feel the heart at all. If the hear self felt it is a sure sign of some one of the many phases of heart trouble. Some of the symptoms of heart trouble are shortness of breath, trembling of the hands, violent throbbing or fluttering of the heart, sharp spasms of pain, oppression on the chest, dizziness and clammy sweating, irregular pulse, and the alarming palpitation that is often felt most in the head or at the wrists. Of course people suffering from heart trouble haven't all these symptoms, but if you have any of them it is a sign of heart trouble and should not be neglected for a moment.

Most of the troubles affecting the heart are caused by anaemia, indigestion or nervousness, and when any of these causes lie at the root of the trouble it can be surely cured by the use of Dr. Williams' Pink Pills. You mustn't trifle with common medicines. and above all you shouldn't further weaken your heart by using purgatives. You must cure your heart disease through the blood with Dr. Williams' Pink Pills. You can easily see why this is the only way to save yourself. The heart drives your blood to all parts of the body. Every drop of your blood flows through your heart. If your blood is thin or impure your heart is bound to be weak and diseased; if your blood is pure, rich and healthy, it will naturally make your heart sound and strong. Dr. Williams' Pink Pills actually make new. rich, red blood. And that new, rich, red blood strengthens your stomach, stimulates your liver, soothes your nerves and drives out of your system all the disorders that helped to disturb your heart. This has been proved in thousands of cases. Here is a case in point. Mr. Adelard Lavoie, St. Pacome, Que., "For nearly three years I was greatly troubled with a weak heart, and in constant fear that my end would come at any time; the least exertion would overcome me; my neart would palpitate violently and I would sometimes have a feeling of suffocation. I was under the care of a doctor, but did not get relief, and eventu ally my condition became so bad that I had to discontinue work. While at my worst a neighbor advised me to try Dr. Williams' Pink Pills. I did so, and they simply worked wonders in my case. I used only half a dozen poxes when I was able to return to my work, strong and healthy, and I have not since had any sign of the old trouble.' We would again impress upon those who are ailing that they must get the genuine pills with the full name "Dr. Williams' Pink Pills for Pale People," on the wrapper around every Sold by all dealers or by mail at 50

In reference to the beet sugar business, the speaker said that the four factories had flourished in a manner that was not disappointing, though results did not reach expectations. Still 14,909,500 pounds of sugar had been produced, and the Government felt justified in their granting a bounty to an industry which he was sure would show an advance this year.

The Premier sat down amid much

should take the first occasion to express ernor, who was now at rest full of years and full of honors. He had been a worthy man and the speaker wished to acknowledge his courtesies and kindness of heart. The country was gratified at the wise selection by the Dominion Government of the new Lieutenant-Governor. Speaking to the budget, Mr. Ma-

theson claimed that the ordinary receipts would not be equal to the ordinary expenditures, and he estimated that at the end of this year there would be a deficit of \$239,000. This would be the result, notwithstanding the taxes the Government were now collecting. The people, he said, did not care what minished, and I was losing hope of re- money was spent as long as they were not called upon to pay taxes. Coming to the estimates he said a deficit could be expected, amounting to \$450,000. Part of the expenditure was on capital ac count, however, including \$18,000 for the infirmary at London. He was glad to see that the Government had abandon ed the idea of changing the reformatory then able to resume work. That was to the county of Oxford. Mr. Matheson made a comparison of the expenditures four years to see if the cure would be in 1902, with those of ten years prepermanent, and now am convinced that vious, showing the increase.
