Wall Street, Noon, NEW YORK, Aug 29.—Speculators who were disposed to continue operations on the long side were aided in their efforts by improvement in commission house business. This demand was especially noticeable in the broader market for numerous specialties, which are not often dealt in. While stocks showed a hesitating tone at times, there was no serious interruption to progress upward during morning, and traders who attempted to depress the market found it too strong for them. The rise was accelerated by orders from traders, who finally went into the market, after holding out for a

NO COLOR LINE FOR FORESTERS HIGH COURT SAYS

Amendment to Have Order for White Males Only Was Defeated.

Ottawa Selected as the Next and Mrs. Brown at Webbwood on Monday. The body of Mrs. Kelly was Meeting Place for the Bienniel Session.

Colored citizens may still be admitted to the courts of the Ancient Order of Foresters. The feature of this morning's session of the high court convening in the Dominion Savings building, was the defeat, by a large majority, of an amendment to admit [Special to The Advertiser.] only white males to the order. The TORONTO, Aug. 29.—Morning prices passing of the amendment would have meant relinquishing part of the motto of the order which remains, "No creed in religion, no nationality or color." Had the high court decided to draw the color line, a distinct cleavage and breaking away from the order in Great Britain would have resulted. British Isles the equality of all races, creeds and colors is strongly adhered to, but some of the courts in the order in the United States will not admit colored men
