FARMERS TAKING KEEN INTEREST IN O. A. C. WORK

Figures Show That 95 Per Cent of Students Go Back To Farms.

Splendid Work Is Being Done to Help Farmers of Canada.

Terento, June 21. - Following is some of the information contained in the annual report of Hon. James S. Duff, Ontario minister of agriculture,

which has just been issued Of the 492 boys taking the general course at the college, 356 were from Ontario, 70 from other provinces of the Dominion, 66 from 17 other countries, including 22 from England, and 17 from the United States.

Dairy Improvements. With a view to gathering up-to-date and useful information on dairy matters, the department is having a survey made of two townships in Eastern Ontario and two in Western, to show modern tendencies and to in-

dicate present needs. Experiments by the poultry departments of the O.A.C. with Buff Orpingtons, Rhode Island Reds and White Leghorns showed that buttermilk produced the most and cheapest eggs, while no animal food in all instances gave the best eggs for hatching. O. A. C. No. 21 barley, developed at

the college from Mandscheuri, is now taking practically all the prizes in competition, and O. A. C. No. 72 oats, which is now being further experimented with promises to duplicate the success of O. A. C. No. 21 barley. water for a period of twenty min- rupture,

Resented Demands Made by Militants

Serious Trouble Was Barely Averted at Women's Suffrage Meeting.

Budapest, June 20,-Militant suffragettes nearly caused a serious row at today's session of the International Woman's Suffrage Alliance, Mrs. Anne Cobden-Sanderson and Mrs. Charlotte Despard, both English women, and the tter president of the Women's Freedom League, delivered fiery harangues advocating militant tactics and protesting against their exclusion as fraternal delegates from all participation in the proceedings of the alliance They claimed as fraternal delegates they were entitled to the same rights as the official delegates.

The non-militant delegates resented the success of O. A. C. No. 21 barley.
