GANADAS HEH-CLASS PLA

A HIGH AUTHORITY. C. S. JEKYLL, Esq., Organist and Composer to Her Majesty's Chapels Royal, writes:—

"For beauty of tone and excellence of mechanism and workmanship, I consider the Mason & Risch Pianos of high-class production, and think your firm worthy to rank among the first manufacturers of the world."

C. S. JEKYLL,

St. James' Palace.

ride SIR CHARLES TUPPER'S OFFICIAL REPORT TO THE CANADIAN COVERNMENT.

"The exhibit of Pianos was most important. That of Messra. Mason & Risch, of Toronto, comprised nine instruments of different styles, including the 'Princess Model,' with its case of Canadian cherry, finished in olive green and gold. This beautiful instrument was selected for Her Majesty the Queen, and now fills a place of honor in Windsor Castle. All these instrument received the highest praise from competent critics. Dr. W. C. Selee, Organist in Ordinary to Her Majesty at Hampton Court Palace, admired them in every respect, but chiefly for their great damping power, which he had met with in no other instruments. Mr. C. S. Jekyll, Organist of Her Majesty's Chapels Royal, also paid a high tribute to the Pianos of this exhibit, classing them among the finest instruments in the world. But, tar above the testimony of even these authorities, we must place that of a Master, lately passed away, with whose name anything once associated will not be forgotten. The handsome canopy of Mesers. Mason & Risch contained an attraction which stood quite alone in the whole Exhibition, and drew to the spot all whom Music could touch and Art delight. This was a life-size portrait of the late Abbe Franz Lizst, painted by Baron Joukovsky at the Master's request, especially for presentation to Mesers. Mason & Risch, in acknowledgment of the excellence of a pianoforte sent to him at Weimar by these gentlemen."

Messrs. Mason & Risch Invite all Visitors to Toronto to Call at their Warerooms, 32 King-st. W. And Inspect their Large and Varied Stock of Planos and Organs. They make no display at the Toronto Exhibition, but are showing at their rooms the most beautiful assortment of Planos ever gathered under one roof in Canada, some of them being fac-similes of the instruments that attracted such general admiration in London, England, last year.

Away from the noise and bustle of the Fair, all lovers of what is good and genuine in Music and Art will have an opportunity of bearing and critically examining that grandeur, richness, purity and sympashetic tone-quality which has with their perfection of mechanism

MASON & RISCH PIANO IN ITS POSITION OF ACKNOWLEDGED PRE-EMINENCE.

And which has done so much to make Canada's progress in the field of Music and Art Manufacture so notable. MESSRS. MASON & RISCH have also on hand a well-selected Stock of DECKER BROS.' PIANOS, MASON & HAMLIN and W. DOHERTY & CO.'S ORGANS, as well as the following list of second-hand Pianos, all of which are in thorough order, and during the time of the Ethibition will be offered at VERY LOW PRICES, as they are determined to close them out and make room for new stock-Included in this stock are Pianos by

Steinway & Sons, N. Y. Dunham & Sons, N. Y. Hazelton Bros., N. Y. Haines Bros., N.Y. J. & C. Fischer. Chickering, Boston. And several other Pianos of Canadian and American Manufacture.
