## DEEP WATERWAYS CONVENTION.

## The Success of the Gathering is Now Practically Assured.

Ald. Thompson's call daily contains acceptance of the invitation to attend the Deep Waterways Convention.

The City Clerk of Toronto writes that the council has passed a resolution to the effect that they are in hearty accord with the objects of the convention and will send a delegation.

The Chicago Board of Trade acknowledges the honor of receiving the invitation and will send a delegate.

The Business Men's Association of Des Moines, Iowa, cordially approve the objects of the convention and will take action at their next meeting in the matter of delegates.

The clerk of the municipality of London writes that the matter is of very great importance to Manitobans and they hope the work of the convention will result in securing the 20-foot channel.

He does not say if they will be represented by a delegate.
