Just a word, ladies, about little item that should interest you. Personally I enjoy a good meal very much (natural, for a man, you say), but to me a real nice set of china makes a well-prepared meal just that much better.

Now, mind you, I'm not saying this because I want to sell you a set of china, but because it's true, not only of me, but of almost any man, I think.

About \$1 a week from now till the winter will buy a splendid set of our famous Bridal Rose pattern of china. Come in till we show it to you and explain this easy plan of acquiring a set of real china. When will you be in? To-morrow! That suits me fine.
