For subject Charles gave him the flowers in the garden. The little man fruit evaporator. If there is no open straightway buried himself in blank space and draught sufficient to carry verse, and when his brother re-turned was rewarded by the simple recommendation 'Yes, you can write.'

A GIGANTIC ORGAN.—The largest organ probably ever constructed was lation is shut off during the sweating lation from becoming musty if years. It is destined for the cathedral church at Riga. There are in it 7,000 pipes, 124 stops, with pedals, etc., proportionately annerous. A very complete "swell" arrangement allows the increase and diminution of sound to be effected with a diminution of sound to be effected with a voidably drenched, rub them dry as avoidably drenched, rub them dry as a voidably drenched, rub them dry as Young's Coye, Anna. Co., Aug. 20, 83. [3m] diminution of sound to be effected with singular perfection and delicacy of effects. The filling of the pipes could not be carried out by organ blowers, but is effected by machinery worked by a gas engine of 4 horse power. This organ is 20 meters high, 11 broad, and 10 deep (about 65½ ft. 30 ft., and 33 ft. respectively). The largest wooden pipe is 10 meters (32½ ft.) high, and its cubic contents 70 6 cubic feet; while by a curious contrast the small est pipe is made only a centimeter and a half high, and is attached to the greatest one.

Agricultural.

-Milking in a barnyard is an of

dairymen, and yet we know it is not an uncommon case : 1753 instead of 1752, a mistake of one sidered so slight we never mention year only. Mr. Lawson thus relates them, and the men really think we do
