SUPREME COUNCIL TAKE STEPS TO KEEP PACE

POLES AND UKRAINIANS ORDERED TO STOP FIGHTING IN GALICIA

France Prepared to Resume Diplomatic Relations With Austria—International Air Code and Labor Agreement Adopted

PARIS, March 19.—The situation in Galicia was considered today by the supreme council and it was decided to request the Poles and the Ukrainians to cease hostilities under certain conditions.

The text of the official statement containing this announcement, issued this evening, follows:

"The supreme allied council met this afternoon between 3 and 7 o'clock. The exchange of views took place in regard to the military situation in Galicia. The council agreed to the terms of an injunction to be addressed to the two armies facing each other in front of Lemberg, requesting them to suspend hostilities at once, on certain conditions.

"The council then dealt with the western frontier of Poland and heard the report of the commission of Polish affairs, which was presented by its chairman, M. Jules Cambon.

"The next meeting will be held on Friday, March 21, at 3 p. m."

FRANCE TREATING WITH AUSTRIA

PARIS, March 18.—(Havas Agency) The French government, the Petit Parisien announces, desire to resume at least unofficially diplomatic relations with German Austria. Foreign Minister Pichon, it adds, has called to Paris Henri Allize, the French minister at The Hague. The paper says that M. Allize probably will be sent to Vienna.

Italian claims before the peace conference will encounter no difficulties, and a solution will be easy, according to the Paris correspondent of the Giornale D'Italia, of Rome.

A SIGNIFICANT ORDER

PARIS, March 19.—(Havas Agency) The chamber of deputies has authorized the removal of special fortifications about Paris, which were erected shortly after the war began.

The commission on international waterways, ports and railroads of the peace conference has decided to recommend to the conference that Switzerland should be given the navigable facilities on the Rhine for which she has made demands.

The military terms of the treaty of peace have been amended by the elimination of the clause providing for the control of Germany's armament for an indefinite period. Admiral Benson, of the United States navy, pointed out that the original terms committed the United States to a virtual indefinite occupation of Germany, and it was chiefly on his insistence that the terms were modified. It was also pointed out that control of any portions of Germany for such a period would delay the return home of American troops, and would amount to annulling the sovereignty of Germany.

As amended, the terms provided for control through the time fixed for the delivery of materials of war, guns and ships, but not through the period during which war damages will be paid by Germany.

INTERNATIONAL AID CODE

PARIS, March 19.—(By the Associated Press)—In a report submitted today the commission appointed to consider plans for an international air code announced that the British proposals have been, in the main, accepted. An international council will be formed as a section of the league of nations to handle all matters relative to aerial navigation.

It has been decided that each nation is entitled to sovereignty over the air above it, subject to the granting of permission for the passage of foreign aviators. There is to be no discrimination against any nation by another, air pilots will be on an equal international basis, and there will be international rules governing the right of way for airplanes and airships.

LABOR MATTERS SETTLED INTERNATIONALLY

PARIS, March 19.—The commission on international labor legislation held probably its last meeting today when it reached an agreement on all points at issue. The American contention that each country should settle its internal labor problem without invoking the power of the league of nations prevailed.

The commission on the international regime of ports, waterways and railroads met at the ministry of public works today to consider clauses regarding transportation by rail to be inserted in the treaty of peace.

The following official communication regarding the labor meeting was issued this evening:

REGAL

The Big Value in FLOUR

IN THE HOMES of the people, far and near, "REGAL FLOUR" is known for its high and uniform quality; it is known as the most important factor in bread baking success.

Telephone No. 1-11

regarding the labor meeting was issued this evening:

"The twenty-eight and twenty ninth meetings of the committee on the international labor legislation took place today. The special sub-committee, appointed to find a solution of the difficulties which have arisen in regard to application of labor conventions by certain federal states presented a report suggesting a solution which was adopted by the commission.

"The final reading of the British draft convention for the establishment of a permanent organization for international labor legislation was completed and the draft convention as amended was adopted by the commission for submission to the peace conference.

"The commission then continued the discussion of the labor clauses to be recommended for inclusion in the treaty of peace."

A Handsome Vessel

Yarmouth Herald

During the past year or so many handsome new vessels have visited Yarmouth, some of which were fully complete and ready for sea and were being towed to the loading ports, whilst others were in tow for their homes to be rigged and fitted. Another one, unriggered, arrived on Saturday in tow of steamer Keith Cann and is, without an exception, the prettiest lined vessel that has yet graced Yarmouth's waterfront. She was the schr. Herbert Eugene, launched a fortnight ago at Freeport, for La Have parties, to which place she will be towed by the tug Mary H. Cann to be rigged and fitted.

The handsome vessel measures 122.10 feet over all, 27 wide, 11 depth of hold and 190 gross tonnage. She was built under the supervision of W. A. Brooks, Freeport, and her fine lines and beautiful mould bespeak much credit for that gentleman as a master builder. The Herbert Eugene was first intended for the salt bank fisheries but she was recently purchased by Newfoundland parties who will use her as freighter. Capt. Byron Ritcey, of LaHave, is in charge of the vessel, which, whilst in port was admired by many people.

ADMITTS THAT SHE POISONED HER HUSBAND

Seattle Girl Causes Death of Wife of Man She Waited

SEATTLE, March 19.—Miss Ruth Garrison, eighteen, confessed today, the police said, that she put poison in the food of her luncheon guest, Mrs. Grace E. Storris, twenty-eight, yesterday because Mrs. Storris was a rival to the affections of her husband Douglas Storris, an automobile mechanic. Mrs. Storris died in a department store emergency hospital immediately after luncheon.

Miss Garrison telephoned Mrs. Storris yesterday, the police allege, and asked her to come to lunch and discuss the question of a divorce for Storris. The girl reached the tea room ahead of her guest, ordered the meal and, according to the police, placed the poison in a fruit cocktail.

Miss Garrison was arrested today and under persistent questioning, the police said, she admitted placing the poison in Mrs. Storris' food.

Monroe Doctrine Placed in True Light

LONDON, March 20.—The Liverpool post says:

"Lord Robert Cecil places the Monroe Doctrine in its true light with regard to the League of Nations. He says in effect that so far from the League being the death blow to the capital article of American political faith it is the application of that article on a universal scale.

"According to the draft of the covenant the parties to the league undertake 'to respect and preserve as against external aggression the territorial integrity and existing political independence on the part of every member of the League. The most absolute supporter of Monroeism could surely desire no more than that.

"The independence of both Americas is guaranteed by an overwhelming majority of the powers, great and small. The League of Nations will give America her rightful place in the van of the forces of civilization and henceforth are to shape the large purposes of our race."

A Cure for Pimples

"You don't need mercury, potash or any other strong mineral to cure pimples caused by poor blood. Take Extract of Roots—drugist calls it 'Mother Seig's Curative Syrup'—and your skin will clear up as fresh as a baby's. It will sweeten your stomach and regulate your bowels." Get the genuine. 50c. and \$1.00 Bottles. At drug stores.

DANGER LURKS IN EVERY ONE OF US

We Are As Full of Deadly Poisons As A Germ Laboratory.

AUTO-INTOXICATION OR SELF-POISONING

"FRUIT-A-TIVES" Absolutely Prevents This Dangerous Condition.

The chief cause of poor health is our neglect of the bowels. Waste matter, instead of passing from the lower intestine regularly every day, is allowed to remain there, generating poisons which are absorbed by the blood.

In other words, a person who is habitually constipated, is poisoning himself. We know now that Auto-intoxication, due to non-action of the bowels, is directly responsible for serious Kidney and Bladder Troubles; that it upsets the Stomach, causes Indigestion, Loss of Appetite and Sleeplessness; that chronic Rheumatism, Gout, Pain In The Back, are relieved as soon as the bowels become regular; and that Pimples, Rash, Eczema and other Skin Affections disappear when "Fruit-a-tives" are taken to correct Constipation.

"Fruit-a-tives" will protect you against Auto-intoxication because this wonderful fruit medicine acts directly on all the eliminating organs. 50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent on receipt of price by Fruit-actives Limited, Ottawa.
