Mention Canadian Bee Journal.

TESTED QUEENS are usually sold for \$2.00. I will explain why I wish to sell a few at less than that. As most of my readers know, I re-queen my apiary each spring with young queens from the South. This is done to do away with swarming. If done early enough it is usually successful, it will be seen that the queens displaced by these young queens are never more than a year old; in fact, they are fine tested Italian Queens RIGHT IN MILK TIME; yet, in order that they may move off quickly, and thus make room for the untested queens, they will be sold for only **\$1.00**. Or I will send the Review for 1894 and one of these queens for only \$1.75. For \$2.00 I will send the Review, the queen, and the book, "Advanced Bee Culture." If they prefer the young laying queens from the South, they can have them instead of the tested queens at the same price. A discount given on large orders for untested queens. Say how many are wanted, and a price will be made.

W. Z. HUTCHINSON, Flint, Mich.
