

which the candidate was born, or by his own declaration, pursuant to the Act 5 & 6 William IV., cap. 62.

2. A certificate of moral character from a magistrate, or a minister of the religious denomination to which the candidate belongs, who has personally known him for at least two preceding years.

3. A diploma in surgery (or a degree in medicine, provided an examination in surgery be required for such degree) from some body competent by law to grant or confer such diploma or degree.

4. A certificate of having attended two courses of lectures, of six months each, on the practice of physic, and of having attended, for six months, the practice and clinical instruction of the physicians at some hospital containing at least, on an average, one hundred in-patients; or of having attended one course of lectures, of six months, on the practice of physic, and clinical instruction for twelve months.

5. A certificate of having attended, for three months, the practical instruction given at one of the public asylums for the treatment of the insane.

6. A certificate of having attended, for three months, one of the institutions, or wards of an hospital, especially devoted to the treatment of ophthalmic disease.

Candidates who may not have been able to attend the practice of an asylum for the insane, or of an ophthalmic hospital, for three months previous to their offering themselves for examination, will not be excluded from examination, but will, if successful in obtaining recommendation for appointments, be required to produce certificates of having attended such practice during the interval between the examination and the time of proceeding to India.

7. A certificate of having attended a course of lectures on midwifery, and of having conducted at least six labours.

8. A certificate of having acquired a practical knowledge of cupping.

Candidates may also, at their option, send in certificates of attendance at any hospitals, or on any courses of lectures, in addition to the above. Attendance on a course of military surgery, and the practical study of surgical operations on the dead body, are recommended.

The examination will include the following subjects :—

1. Surgery in all its departments.
2. Medicine (including the Diseases of Women and Children), Therapeutics, Pharmacy, and Hygiene.
3. Anatomy and Physiology, including Comparative Anatomy.
4. Natural History, including Botany and Zoology.
