### THE GREAT-WEST LIFE

#### Assurance Company's Record

has well borne out the founders' original claim that a Western Company—with its funds invested in profitable Western securities—could do remarkably well for the Policyholders.

This year the Fifteen Year Deferred Dividend Policies of the Company mature. These Policies have earned, and will be paid, the full amount of the high profits estimated at the time of issue. No estimate of profit to Policyholders has ever failed of realization.

High interest earnings, with economical administration of the Company's affairs, have resulted, and must continue to result, in most gratifying returns to Great-West Policyholders. Details on request.
