Pear Sir,—I take this opportunity of congravalatios, you upon the widespread reputation your justly exteened ferminion of Cod Uver Od has carried for the I throughout this extensive country.

As a treactly of general utility in the household, it is incentiable, and in cases of oversaxiom of mental or plays at labor to which the Clergy are exposed in the ordinary performance of their parochiol work, no one can have an idea of its efficacy before giving it a trice. Suffering from extreme debility for a length of time, after trying a number of other remedles, I was influed through persuasion of my Clerical Brethren, to try our bould of your Emulsion. Its controlling power was sometiment of your features of the remedles of the extraordy as long journeys with almost as little inconvergence as I experienced when I entered upon Ministeri I duty its years ago.
