COUNTER Check Books.

Few of the Retail Merchants of Canada require any argument to prove to them that Counter Check Books are necessary to the proper carrying on of any business. The Storekeeper who does not acknowledge this, and sticks to the old methods of recording sales, gives himself much unnecessary labor, and is probably

LOSING MONEY EVERY DAY

through not having this department of his business properly systemized.

Every wide-awake merchant uses

COUNTER CHECK BOOKS,

and desires to obtain the very best. Our facilities or the prompt execution of orders for first-rate Check Books are

UNEQUALLED.

We have the ONLY MACHINERY IN CANADA ADAPTED TO THIS CLASS OF WORK.

We manufacture a great variety of styles and sizes of Counter Check Books, including the "Paragon," "Standard" and "Acme." We claim for the "Paragon" that it is the "Best Counter Check Book in the world."

Our Counter Check Books, being patented, have advantages which cannot be obtained in any other book, and prices are the lowest compatible with first-class work.

MESSRS. FERRIS & CO.,

DEAR SIRS,—About two years ago I was in Philadelphia, and while there I bought one of your Steam Washers, and brought it home to my wife. She has been using it ever since, and is well pleased with it. It does all you claim for it, and every family should have one, for the saving on clothes every few months would more than pay for the machine.

Specific Malignant

ULCER CURED

By Dr. McCully.

This cut represents B. Rothwell, Esq., dealer in boots and shoes, 282 Queen St. East. After months of suffering and misery with an eating ulcer in his palate, he came to Dr. McCully and was cured in a few weeks.

Reader, this man when he came to us had little or no hope of recovery; he had gone to men in this city who, by their long connection with the hospital and personal as well as medical knowledge of such diseases should have been able to cure him, but he had spent his money in vain.

One of these men living on Jarvis Street has been very careful to denounce Dr. McCully in season and out of it, and on all occasions when his tongue was not too thick to wag, I have been a target for his choice literature. This man is a noble specimen of the average of the *genus medicus*. We cure chronic diseases of male and female, old and young.

Diseases of the nervous system, blood, bones, skin, chest, bowels, stomach, and liver, and organs of generation. We cure varicose veins in a single week, and when not bad in a single sitting. No knife—no silk stocking—no tying of the veins—can give city references to any victim. Consultation free.
