

## The Teeth and Modern Dentistry

---

**I**N no profession is the necessity of keeping well advanced and in touch with the latest methods so vitally important as in the practice of Dentistry.

In the **Baltimore Dental Rooms**, Brown Block, Charlottetown, just opened by Drs. Wright and Lodge, modern dentistry is practiced. The maximum amount of good work is accomplished with the minimum of discomfort to the Patient.

The rooms are completely equipped. The Laboratory is equal to all demands for crown and bridge work. Extracting and treating of teeth very carefully and considerably done. All instruments carefully sterilized after being used
