

POWER STOCKS BRISK ON MONTREAL MARKET

Heavy Trading in These Issues Overshadowed Other Dealings on Exchange.

MONTREAL, Sept. 24.—Heavy trading in Power stocks overshadowed all other dealings on the local exchange today. Shawinigan acted quite sensationally, opening at 127-1/2 and quickly selling up to a new high for the year of 131-3/4. It closed at 131-1/2 with a net gain of four points for the day. Power improved a point to 224; Laurentide rose to 184; and Cedar Rapids rose to 67-1/4, but closed unchanged at 67.

War stocks were neglected. From after selling at 47-1/2 finished with a loss of 3-8 at 46-1/2. Steel of Canada also closed with a like loss at 25, while Scotia was 1-5 at 8-1/2.

There was activity in cement common, the price rising above the minimum to 22-1/4. It closed there with a gain of 1-1/4. The active buying was attributed to the company's early participation in war business, but at the office of the day, nothing of a definite character had been closed as yet.

The days' trading totalled nearly 3100 shares, 1400 mines and 15,100 bonds.
