

Witte mann's Bavarian Lager Beer Brewery

PRINCE ALBERT, N.W.T.

Built upon a ground 208,000 square feet. Situated on the River Street.
Largest Brewery West and North of Winnipeg.

Capacity 250,000 Gallons per annum.

Own big Malt House in connection with the Brewery, going all year.

IF YOU ARE GOING TO THE YUKON

Several routes are open to you, but after an experience of twenty years, we advise your going via Prince Albert and Fort McMurray. By this route you avoid all dangerous rapids and every day you can secure abundance of Fish and Game. Your provisions can all be secured from

BUFFALO HALL

One of the oldest business houses in Prince Albert, and experienced packers will assure you a perfect outfit at reasonable prices; and, most important of all, put up so as to keep for any length of time. Drop us a card if you want any special information.
