

WORKS OF REFERENCE.

The Student is reminded that, in our young country, Works of Reference are not easily procured; therefore it was thought advisable to adhere as much as possible to the language of authors, whenever their opinions were quoted.

The following is a list of the authorities quoted in the text:

- | | |
|---|---|
| <p>ARCHER BUTLER's Lectures on Ancient Philosophy.</p> <p>VICTOR COUSIN's History of Modern Philosophy, Eng. Ed.</p> <p>SIR W. HAMILTON's Philosophy of Common Sense.</p> <p>CALDERWOOD's Philosophy of the Infinite.</p> <p>REID's Philosophy.</p> <p>HARRIS's Pre-Adamite Earth.</p> <p>COMTE's Positive Philosophy (Martineau).</p> <p>CHALYBAUS' History of Philosophy.</p> <p>MORELL's Modern Philosophy.</p> <p>TIMÆUS of PLATO.</p> <p>HUMBOLDT's Works, Cosmos and Views of Nature.</p> <p>HUGH MILLER's Works, Testimony of Rocks, and Foot-prints.</p> <p>LYELL's Principles of Geology.</p> <p>DE LA BEECHE's Geological Observer.</p> <p>MURCHISON's Siluria.</p> <p>BETE JUKES' Geology.</p> <p>DARWIN's Zoology.</p> <p>OWEN's British Fossils.</p> <p>LIVINGSTONE's Africa.</p> <p>COMBE's Phrenology.</p> | <p>SEYFFARTH's Scripture Cosmology.</p> <p>HICKOCK's Rational Cosmos.</p> <p>SOLLY on the Brain.</p> <p>KNOX's Edition of Edwards' Natural History.</p> <p>CARPENTER's Physiology.</p> <p>DRAPER's Do.</p> <p>AGASSIZ' Do.</p> <p>RICHARDSON's Do.</p> <p>MANTELL's Wonders and Medals of Creation.</p> <p>Cyclopædia of Natural History.</p> <p>LATHAM's Man and his Migrations, &c.</p> <p>PRICHARD's Natural History of Man.</p> <p>SMITH's Human Species.</p> <p>Types of Mankind (Glydden and Nott.)</p> <p>Indigenous Races of Men.
