

A Chance for Poultry Raisers

PLUCKING CHICKENS

A Special Winter Course of Instruction and Training

Poultry raising has grown to be an important industry in this country, and many people—men, women, boys and girls—would like to have some special instruction on the subject; but they cannot afford the time for a regular course at an agricultural college. To meet the wants of such people, young and old, the Ontario Agricultural College offers a Special Short Course in Poultry Raising.

This Course will commence on the 14th of January and will last until the 8th of February, 1908.

Admission

No tuition fee will be charged, nor any entrance examination required.

Any man, woman, boy or girl may enter for this Course, the only condition being regular and punctual attendance at all lectures, exercises and demonstrations throughout the Course. Ladies are especially invited.

Board and Lodging

Board and lodging can be had in the vicinity of the College and in the City of Guelph at \$3.00 to \$4.00 per week.

Outline of Work in this Course

This Course will include instruction in the following branches or departments of the Poultry business: Preparation of plans, specifications and estimates of poultry houses for various purposes—location, construction, ventilation and furnishings; breeds and varieties of fowls—origin and characteristics; principles of breeding and mating; judging; natural and artificial incubation and rearing; feeding, care and management; the production of eggs in Winter; demonstrations and practice in fattening, killing, dressing, and preparing chickens for home and foreign markets.
