Winnipeg Cricketers Union Horse Want Headquarters Of the C. C. A. Exchange

WINNIPEG, Jan. 19.—There was a large attendance of cricketers at the meeting last night in the city hail. It was decided that A. R. Morrison, the secretary of the, W. C. A., should go east to again represent the west at the annual cricket meeting to be beld in Toronto the latter part of February by the Canada Cricket Association. The meeting, which was first called for the Western Canada Cricket Association, developed into a Win nipeg Cricket Association meeting, masmuch as the W. C. A. was left to finance the whole affair.

It is on the cards that Winnipeg with make a hard fight for the headquarters of the Canada Cricket Association, which is at present being operated from the east. The securing of this will be a big thing for Winnipeg from a cricket point of view, for it will mean that this city will be the centre of Canadian cricket. The international matches will have to be played here as well as the east between west match.

The entertainment of the cricketers will, of course, fall upon the western association, but this is a small item when one considers the good that will be done for the game in the west.

Hon, Hugh John Macdonald was in the chair and made an ideal chairman. His individual interest in the game will do much to boost it along this season.

No man should be weak; no man should suffer the loss of that vital element which renders life worth living. No man should allow hims elf to become less a man than nature intended him; no man should suffer for the sins of his youth, when there is at hand a certain cure for his weak ness and loss of vitality.

Most of the pains, most of the weakness of stomach, heart, brain and nerves fram which men suffer are due to an early loss of nature's reserve power through mistakes of youth. You need not suffer for this. You can be restored. The very element which you have lost you can get back, and you may be as happy as
