ATROCIOUS OPPRESSION.

Dr. MacKay Denounces Treatment of Koreans by Japs.

"In a letter to Hamilton Cassels, K.C., Rev. Dr. R. P. MacKay of Toronto, general secretary of foreign missions for the Presbyterian church, declares that the treatment of the Koreans by the Japanese is an 'atrocious oppression.'"

"I was a Japanese enthusiast until I came here, but I have changed in spite of myself," writes Dr. MacKay. "They have spent tens of thousands in writing themselves up and winning the confidence of Europe and America, and thus securing moral support and funds. Yet in reality they are barbarians. Their treatment of the Koreans is scarcely less atrocious than the horrors of the Congo."

"I am told by one of the oldest missionaries in Korea to-day that there is not a case on record in which Korea got justice against a Japanese. And this is done, made possible it is believed, because of British alliance. An old court, Korean gentleman called on me the other day and asked whether this was western civilization. He knew Britain's influence is in this, altho too courteous to say so. I never before blushed for my country."

Not Within the Law.

Robert J. Latta and his wife Mary were yesterday tried by Judge Morgan on a charge of demanding, with menaces, \$25 from J. W. Myer, and were discharged, the judge deciding that they did not come within the law.

and SuburbsJUNCTION MAN MEETS
WITH SHOCKING DEATH

Metropolitan Passengers Get Severe 'Shaking Up'—Canal To Be Pushed Ahead.

TORONTO JUNCTION, Aug. 2.—Henry Marshall, 37 years old, who resided at the corner of Weston-road and Eglinton-avenue, Mount Denis, was killed at 10.45 a.m. to-day. Marshall, who was a teamster by trade, was bringing a load of slabs to the brickyard, and as he was passing the St. Clair-avenue crossing the load began to slip. To escape being hit by the falling wood Marshall jumped off the wagon between the horses, just as some slabs fell over him and struck one of the team, which became frightened and bolted forward. Marshall was knocked down and the wheel passed over his chest, completely crushing his ribs. He was carried into Harrison's grocery store and Coroner Dr. Mason and Dr. Mavey and MacNaimara were soon the scene, but found that life was extinct. An inquest was not considered necessary and the body was taken to Williams' Speers' undertaking rooms. Marshall is survived by his widow (who is a daughter of George Symes, ex-governor of York Township) and six children, of which the youngest is a baby of one week old. The funeral will take place on Monday at Prospect Cemetery, and will be conducted by the Orangemen, deceased being a member of Toronto Junction L.O.L. No. 602. Marshall's father was for many years postmaster at Mount Denis.

A young man named Garnet Jones, who resides at 36 Pacific-avenue, while at work this afternoon at Heintzman's piano factory had his hand caught in a roller, which necessitated the removal of about half an inch from the ends of two of his fingers. He was attended to by Dr. Mason.

Within a week there have been two accidents on the Weston-road, three men falling off wagons. The father of Jack Pigott, fireman, fell off a load of wood a few days ago as he was leaving the G.T.R. yards, and was seriously hurt.

About 20,000 cords of wood are brought to the brickyards each season for the Weston-road and about 30,000,000 bricks are carried away. Yet there have been practically no repairs done to the road to accommodate this heavy traffic.

William Harris, secretary-treasurer of the school board, returned last night from an enjoyable vacation at Muskoka.

In the police court to-day two boys named John Hain, 28 Edmund-street, and John Fisher, 89 Edmund-street, were brought up on a charge of trespassing on C. P. R. property and stealing rides on passenger trains. Police Magistrate Ellis advised them with a warning, but declared that if any boys are caught trespassing in future they will be heavily fined or put in prison.

Patrick Connors, who was arrested on the light of George McKeown on the night of July 27 for assaulting Mrs. Evans, proprietress of his boarding-house, appeared in police court this morning as Mrs. Evans' first appearance. Connors was allowed to go on suspended sentence.

Christopher Sparks, a boy who was arrested on the evidence of William Cuddehe for breaking seals on C.P.R. freight cars, appeared in police court this morning as Mrs. Evans' first appearance. Connors was allowed to go on suspended sentence.

Thomas of 59 Annette-street and her daughter, Mrs. Strangeways, returned to-night from a month's visit to Waterford, Ireland, with side trips to the Lakes of Killarney and other points of interest and beauty.

EAST TORONTO.

Great Season For Sports—Business Will Suspend on Monday.

EAST TORONTO, Aug. 2.—The local lacrosse team had an excellent practice on the "rye field" to-night, preparatory to their match with the Elks at the Dovercourt Park, at 4 o'clock to-morrow. Players are requested to take the 2 o'clock car from the corner of Gerrard and Main-streets.

The vital statistics for the town for the month of July are: Births 12, deaths 2, and marriages 1. East Toronto baseball team meet the Balmby Beach Seniors and the St. Joseph's play the Evangelists. The teams are all fairly well matched, and the games so far this season have all been good exhibitions, altho the Balmby Beach team have fallen short of other years. The standing, however, at the present time is such that the matter of supremacy is still in doubt, and a rattling good afternoon's sport is assured for to-morrow. The standing:

PICKERING.

Pioneer Dies at Good Old Age—Monday Will Be General Holiday.

PICKERING, Aug. 2.—Dr. Bateman has disposed of his practice in the village to Dr. Bell of Moscow. The school board have secured A. G. Green of Beeton and Miss Mary Campbell of Strathroy as teachers in the public school for the next year. The damage to the oat crop thru Pickering Township will, it is believed, not be as serious as was at first thought, many of the fields showing considerable improvement. NORTH TORONTO.

Thru Car Smashes Into Local on Metropolitan, Injuring Many.

NORTH TORONTO, Aug. 2.—The intersection of Glenwood-avenue was the scene of a rear-end collision between a Newmarket and Glenview car at 10.10 this morning. The Newmarket car came to a stop to allow a passenger to board it, and the Glenview one followed it too closely. J. Johnston, the motorman and A. Phillips, conductor, were able to stop his car before it dashed into the rear of the thru car, smashing its fender and the front vestibule. The motorman was cut about the face and head by glass. The conductor had his back sprained by being thrown against the brake in the rear vestibule. Mrs. W. H. Key, 19 Bismarck-avenue, received bruises on the head, caused principally by hat pins, and the shoulder. Mrs. Campbell, 19 Bismarck-avenue, had her face cut, and Mrs. Harris, 9 Berryman-street, a sprained ankle.

Several children received minor cuts about the head and neck. The patients were conveyed to the residence of Councilor Charles Murphy, and Dr. Bond was sent for who dressed the wounds, after which they were conveyed to the home of Mrs. W. H. Key, 19 Bismarck-avenue, where Dr. Crawford, the company's doctor, awaited them and further attended to their injuries, which are in no case serious.

The board of works committee, at their last night's meeting, considered their estimates for the year, and the result is: 60 tons of stone, \$1500; repaving water supply and watering Yonge-street, \$600; purchase of street on plan 639, \$250; bridge for Castlefield-avenue, \$900; Orange Hall property purchase, \$550; purchase of horse and wagon, \$250; Yonge-street arch near Albertus-avenue, \$900; Sherwood-avenue concrete culvert, \$167; repaving and grading of side streets, \$1000; proportion of Balliol-street drain, \$337; interest on far sidewalks debentures, \$100, \$100, and on concrete sidewalks, \$400; commissioner's salary, \$450. Total estimate is \$1000 less than last year. The finance committee will meet next Tuesday evening for the consideration of their estimates, when it is expected that the tax rate will be 19.2 mills on the dollar, as against 19.12 mills last year. Owing to the increase in assessment, the taxes will be about the same as last year. The council will meet next Thursday instead of Tuesday.

Quarterly meetings will be held on Sunday in the Eglinton Methodist Church. Fellowship meetings will be held in the morning and holy communion services in the evening. The pastor, Rev. N. Wellwood, will have charge of all the meetings.

Sedgitz Powders and Fruit Salts to settle your stomach and keep your blood pure and cool these hot days, at Twiddy's Drug Store, corner Yonge-street and Eglinton-avenue.

The Young Men's Club of the Eglinton Methodist Church held their meeting last night, at which a number of impromptu speeches were made and the musical program was much enjoyed.

Arthur Mullins sold a lot of 100 feet frontage on Balliol-street to Mr. Mallon of the St. Lawrence Market for \$10.50 per foot, or \$1050 for the entire frontage.

James Farewell has returned from a few weeks' trip to British Columbia. Mr. Bauer, motorman on the Metropolitan, returned from a fishing expedition to Roche's Point, where he made some good catches.

A gentleman well versed in school matters states that the establishment of a high school requires that permission must first be obtained from the county council in session. The law requires that the town asking for the privilege must have a population of at least 1000. The recommendation of the council must be approved by the minister of education. After his approval the council must appoint a high school board. To this board the municipal council appoints three trustees, one of whom must be a high school teacher for a term of three years, and the public school board one member for a one-year term. The teaching staff shall consist of a principal and two assistants. In view of lack of accommodation and equipment, special permission may be obtained for a state of a principal and one assistant. This, however, would only give a temporary arrangement. To pave the way for a high school, permission to getting permission from the county council, a proposal is being made to engage a highly-qualified and experienced high school teacher to do regular high school work. By this action a fee could be imposed, say at \$1 per month per pupil, the usual county rate would be \$100, and the county grant \$100. Thus the larger part of the salary of a high school teacher would be secured. A high school is rapidly growing, increased popularity as a residential quarter, and the overcrowded condition of Toronto's collegiate institutions; it is evident that a large and prosperous high school would soon be established.

NEW MARKET.

Canal Seems to Be in Fair Way to Completion—Wheat Crop Fine.

NEW MARKET, Aug. 2.—The regular monthly meeting of the Women's Institute will be held to-morrow (Saturday) at the home of Mrs. Philip, Yonge-street, at 2.30 p.m.

The initial steps in the Holland River Canal, which it is expected will be completed from Lake Simcoe to Newmarket in three years, are now under way. Tenders have already been let to the amount of \$750,000, which includes the work of building the bridges between the road leading from Holland Landing to Bradford and as far as Huron-street in Newmarket.

At Holland Landing, where the canal crosses Yonge-street, there will be a steel swing bridge and a 16 foot lift. There will be a turning basin north of Huron-street, between Davis' ferry and the Metropolitan tracks, 500 feet long and 200 feet wide, with 8 feet of water.

Farmers up thru North and East Gwillimbury, engaged in cutting wheat, say the crop is excellent.
