

We were favored in October by an address from Miss King, who gave an interesting description of her work in China, and also of her escape from that land.

The sewing class at Nazareth street was carried on during the first three months of the year. We are sorry to report that Mrs. Mackay was not able to continue her work there throughout last session, nor has she been allowed to take it up again this year. However, under the able management of Mrs. Wm. Grier, we feel sure that it will be successfully carried on. The class opened on the first Monday in January, and will be continued until April. As thank-offering of Crescent Street Auxiliary, the treasurer handed to Miss McIntosh, treasurer of the Woman's Missionary Society, the sum of \$59.25. This, with contributions amounting to \$423.00, makes a total for the year of \$482.25.

Respectfully submitted,

C. DAVIDSON,

Secretary.
