Weak and Run Down, With Heart and Kidneys in Bad Condition -Restored by Hood's Sarsaparilla.

"I was very much run down, having been sick for several months. I had been trying different remedies which did me no good. I would have severe spells of coughing that would leave me prostrate. I was told that my lungs were affected, and my heart and kidneys were in a bad condition. In fact, it seemed as though every organ was out of order. I felt that something must be done and my brother advised me to try Hood's Sarsaparilla. I procured a bottle and began taking it. Before it was half gone I felt that it was helping me. I continued its use and it has made me a new woman. I cannot praise it too highly." Mrs. SUMMER-VILLE, 217 Ossington Avenue, Toronto, Get only Hood's, because

Live Stock Markets EAST BUFFALO, N. Y., Dec. 17.— attle—The receipts for 24 hours Cattle—The receipts for 24 hours were only fair, 65 cars, and these were all consigned through. A few loads of Canada stocker cattle were reported to arrive, but had not come in up to a late hour. The outlook is fairly good for rext week. Veals and calves—Only about 25 loads were on sale, for which the demand was fairly good for any-

thing of fair to good quality at \$6 50 to \$7, but common thin years were hardly salable at over \$4 to \$5. Hogs-With the 8 cars of hold-overs we had 30 cars in up to noon, with the demand fairly good from York men and eastern purchasers, but, as was the case yesterday, only one of the packers was on the market. CHICAGO, Dec. 17.-Receipts of cattle today were too light to make a mar-ket and quotations in consequence were almost entirely nominal; a few medium grade cattle and one or two choice lots of Christmas beeves were disposed of at yesterday's ruling prices; the recent improvement in prices is expected to bring large numbers of cattle to the market next week. There was a good demand for hogs, and prices were fully as high as yesterday's best time; hogs sold all the way from \$3 15 to \$3 25 for common, up to \$3 40 to \$3 45 for choice to extra droves, the bulk of the sales being at \$3 30 to \$3 37½; while most of the pigs sold at \$3 10 to \$3 25. Two Women Murdered With the Obj t of Robbery.

A Man Att ... His Wife and Little Daughter With a Hatchet and Then Kills Himself.

Birmingham, Ala., Dec. 19.-Telegraphic advices from Banks, Ala., tell of a horrible crime at the Meyers plantation, near that place. Mrs. Ida Meyers, a wealthy widow, and her daughter-in-law, Mrs. Meyers, also a widow, conducted a store, and it was known that they kept a large amount of money in the dwelling across the road from the store. A young man, named Cook, was employed to superintend the farm, and he occupied a room in the house. Some time between midnight and day, Cook was aroused by a noise in the room of the elder Mrs. Meyers. He sprang out of bed and ran to the door of the room, where he saw Mrs. Meyers struggling with two strange men. He rushed to her assistance, and was knocked senseless with a club.

When he regained consciousness Cook found the house on fire, and the elder Mrs. Meyers apparently dead on the floor. Dragging her from the fire he went in search of the younger Mrs. Meyers, and found her dead in her room, her brains having been beaten out. He rescued her body just in time from the flames. He then rang the fire bell and roused the neighbors, who came in great numbers, but were too late to save the house or any of its contents. It is believed that the robbers obtained about \$3,000 in cash, and evidently they thought they had killed all three parties, and fired the house to cover up their crime. Scores of men are out searching for the miscreants, who, if caught, will be lynched.

New York, Dec. 19.-While the Brooklyn police were searching for Alfred Carrier, a traveling salesman, who late on Saturday night assaulted his wife and baby with a hatchet in that city, his dead body was hanging from a clothes-pole in the backyard of a residence near his home. It is now believed by the man's relatives and police that was insane. He left his home to purchase some Christmas gifts about 7 o'clock Saturday night. He returned two hours later and found Mrs. Carrier in the kitchen, rocking their only child, Dorothy, 4 years old, to sleep. out warning he took a new hatchet from under his coat and attacked his wife. He struck her four times in the head, and hit the baby once. Their chances for recovery are slight.

She was literally scalped from the neck to the eyebrows. The scalp was left hanging in the machinery so as to form evidence of the manner of the accident, and the laundress was taken to the Broussais Hospital.

Dr. Malherbe, who had charge of the case, sent immediately for the scalp. He had the hair shaved off and the scalp carefully washed and dipped in an antiseptic solution, and then carefully applied to the head.

Everything proceeded in the most satisfactory way, and the young laundress was discharged little the worse for her accident.
