

Of Interest to Women

The Old, Old Story in a New Form.

Five hundred thousand leagues, I guess,
Our weary Earth has bowed thru space;
And fifty thousand miles, no less,
The pallid Moon has held her race.
The careful Clock has ticked away,
Full eighty thousand moments dear;
So long has been the lagging day,
Since last I saw you, Nora dear!

Toronto Local Council of Women.

At the executive meeting on Wednesday, reports were heard from the standing committees, before being submitted to the annual meeting on Jan. 20. The members are determined to enter the lists again in the interest of "pure water," particularly in finding that the 21,000 school children are drinking the water that is as impure as the tap water. The following resolution was adopted: Resolved, that the women of the Toronto local council desire to express their strong disapproval of the course pursued by some newspapers, in printing disquieting details of the previous Thaw trial, and earnestly hope that during the present trial all such details be suppressed.

Where Woman Fails

BERLIN, Jan. 9.—The short career of the women auto cab drivers in Berlin already has come to an end. Today Frau Von Papp, the only woman who was licensed to drive an automobile, retired because she did not possess sufficient endurance to withstand the arduous duties of the calling. Twenty other women, who have been learning to drive, failed to satisfy the police requirements for the granting of licenses.

BEAUTY PATTERN CO.

6001—A Graceful Model for a Fancy Waist.
The stylish overblouse illustrated is decidedly attractive and will be found very useful for wear over a dainty lingerie waist of lace or net. Tucks at the shoulders in the front are stitched down a short distance, in the back they are carried down to the waistline in shapely effect. The short, wide Japanese sleeves are laid in tucks and prettily caught up straps fastened by ornamental buttons, which are also used in the decoration of the front. Chiffon broadcloth or voile trimmed with heavy lace laid over black satin will reproduce most effectively, but any of the soft, supple fabrics of the season will be appropriate. For 36 inches bust measure 1 3/4 yards of 44-inch material will be required. Ladies' over-waist, No. 6001. Sizes for 32, 34, 36, 38, 40 and 42 inches bust measure.

A pattern of the accompanying illustration will be mailed to any address on receipt of ten cents in silver.

In the home of her sister, 631 Huron-street, the marriage of Miss Jean Smiley, formerly lady superintendent of the Western Hospital, Toronto, to Dr. Henry S. Shaw of Montreal was quietly celebrated yesterday by Rev. Dr. Broughall, rector of St. Stephen's Episcopal Church. The bride was given away by her brother-in-law, Thomas W. Res, and attended by her sister, Mrs. Res, as matron of honor; Dr. Shaw's brother, Dr. Al. Shaw of Montreal, acting as best man.

The bride wore a very beautiful gown of embroidered net, made semi-empire, over ivory chiffon and taffeta. A wreath of lilies of the valley and roses and lilies of the valley was carried. Dr. and Mrs. Shaw left later in the afternoon for a tour to New York and other cities in that vicinity before going to their home in Montreal, the bride traveling in a tailored suit of brown broadcloth, with pretty feather trimmed hat of brown panne velvet. The groom's gift to the matron of honor was a pearl star, and to the bridesmaids a pearl pin. The guests from out of town included Mr. and Mrs. Shaw of Montreal, parents of the bride, Mr. and Mrs. Al. Shaw of Montreal; Mr. and Mrs. P. Doble of Moosemilk. Among the many beautiful gifts received were from the board of governors of the Western Hospital, a solid silver tray; a silver Queen Ann tea set, and Crown Derby cups and saucers, from the ladies' board, one dozen and a half silver forks in case; from the medical and visiting staff, one dozen pearl handled dessert knives and forks and silver fish set in case with initial in gold; from the Alumnae Association, one dozen and a half tea and dessert spoons; from the house staff, a cut glass vase; and from the maids, a silver tray with initial.

Rev. Dr. R. P. MacKay, general secretary of missions of the Presbyterian Church, who has just returned from an extended tour of the far east, was tendered a dinner and reception at the St. Charles Hotel last night by prominent members of the various church bodies. CARETAKER CARTER OUT BUT NOT SO MR. CHAMBERS

Heated Charges, Which Bring Warm Denials.

Edwin H. Carter, superintendent of Riverdale Park, has resigned, his intention being conveyed in a rather torrid letter sent to the park commissioner yesterday.

As Mr. Carter has ceased to be a civic official, no further investigation will be made into his character, says Judge Winchester.

W. Carrell-Hall, counsel for Mr. Carter, said that he thought the latter should have been willing to fight out the issue, but that he was, on the whole, satisfied with his client's resignation, and that there was no intention of submitting any evidence on behalf of Mr. Carter.

The Carter Letter.
Mr. Carter asks that he be relieved of his duties in one month's time, and expresses regret that his "struggle of fifteen years to make a park for the people" did not receive more consideration.

The letter continues: "I have tried, with some measure of success, by documentary proof, to meet the 'tail bird' and hear-say evidence put in against Riverdale Park, but when Commissioner Winchester allowed the mere statement of Archibald, who said that he knew a man (name refused) who had heard these accusations against my moral character, to be put in as evidence, I immediately asked my counsel to withdraw from the case and not cross-examine the witness."

As you are aware, Messrs. Fullerton and Raney, the prosecuting attorneys for the city, gave us to understand about a week ago that if we would send in our resignation and throw up our hands, we might receive some consideration at the hands of the city council, but if we refused they were prepared to make use of this so-called evidence of immorality, of which Archibald gave us a sample when in the witness-box. When this was told to me I set them at defiance and challenged them to bring on their dirt and I do still set them at defiance.

As to the insinuations of Archibald, the "home-wrecker," I wish to state that I also am a member of the Toronto police force, and have been for ten years, and for a longer period a member of the county police, and if Archibald knew of these things that he insinuated he was negligent in his duty as an officer of the force in not bringing them before the police commissioners, and I challenge the convictions that I have secured in the police court will speak well as to the way that I have attended to that portion of my self-imposed duty.

W. W. Vickers, who is associated with Mr. Robinson, also asserted positively that Mr. Chambers would not follow Carter's course.

"There has been nothing brought out against Mr. Chambers," he said. "Nothing, that is, but a lot of talk and hear-say evidence, which has been on one side so far, with no chance to meet it, but we will do so in good time and show what some of these men are."

Mr. Vickers stated that the commissioner's illness, which is keeping him confined to his house, was due directly to the case, and that the commissioner had any reason to be apprehensive, but that after his long twenty-nine years' service he was inclined to work greatly to let his friends should misconstrue the evidence. All that had been actually disclosed was an attractive greeting card, which contains some happy quotations and a portrait of the donor.

Suffered From Heart and Nerve Troubles

FOR THE Last Ten Years.

The heart has supplied to it two sets of nerves, one set which quickens, the other which slows its action. The proper action of these nerves, so important to the well-being of the heart, depends upon the general condition of the nervous system. If there be nerve derangement of any kind it is bound to produce all the various phenomena of heart derangement.

Knowing the intricate structure of the heart, and being aware how diseases of the nerves affect the heart, we have combined in Milburn's Heart and Nerve Pills a treatment that will cure all forms of heart disorders as well as act on the heart itself, and in this is the secret of their success in curing so many cases of heart trouble which have defied all other treatment.

Mrs. John Riley, Dorco, Ont., writes: "I have been a great sufferer from heart and nerve troubles for the last ten years. After trying many remedies and doctors for two years, without the least benefit, I am today giving Milburn's Heart and Nerve Pills a trial. I am thankful to say that, after taking a few boxes, I am entirely cured, and would recommend them to all sufferers."

PLAY OF ELECTRIC LIGHT CO.

Power Ring Trying to Tie Up Citizens on Promise of Lower Rates.

The News last night took occasion to reproduce a great part of the correspondence published during the late campaign, which had formerly passed between the Electrical Development Co. and the hydro-electric power commission.

Other points of the debate were reviewed under the guise of an interview with W. K. McNaught, M.L.A., a member of the commission.

Rumors were also in circulation that the bond and shareholders of the company were anxious to know why the directors had not taken advantage of the government's offers, and it was even stated that a meeting had been held. No confirmation of this latter rumor could be obtained.

Now that the people have shown their determination not to be bulldozed the electrical interests are quite likely to discover that their true interests lie with the multitude of consumers rather than with the select few.

The Toronto Electric Light Co. is trying to endeavor to reduce its city customers into making five year contracts at reduced rates. The offer of the government commission of still cheaper rates without any contract is already bearing fruit, but the people are likely to wait for their own power, and avoid the unnecessary compliment which the company would impose upon them.

The Huron Old Boys' Association's 8th annual at home will be held in the Temple Building Feb. 7.

WHY MAJOR HODGINS WAS DISMISSED FROM SERVICE

Hon. G. P. Graham Brought Down Return — Classification of Mixed Cuts.

OTTAWA, Jan. 9.—(Special).—Hon. G. P. Graham brought down to-day a return showing the reasons why Major Hodgins, C.E., was dismissed from the service of the national transcontinental railway commission.

Major Hodgins was dismissed because of his inclination to treat the classification of mixed cuts from a business rather than a purely engineering viewpoint. If the ordinary classification showed a loss to the contractor, compared with the cost, he was to classify high enough to cover the expense when possible. Care, however, was to be exercised in doing this. For instance, he was not to allow any solid rock to cut where no such material actually existed.

Gordon Grant, inspecting engineer, says: "The engineers in the district lack confidence in themselves, and evasion of responsibility is the order of the day from the district engineer down to the youngest resident. It is quite evident that the contractor has never had the goodwill or proper co-operation of the majority of the commission's engineers in this district."

Major Hodgins says this is untrue. He says: "If I am given a free hand to do anything that I think advisable in the interests of the work I can guarantee that there will be no friction."

2200 BOOKS FOR VARSITY. Valuable Collection Presented by Prof. Fernow.

Prof. S. Fernow, late of the department of forests of Washington, who has lately joined the faculty of Toronto University, made an offer to the board of governors yesterday of his entire collection of books, magazines and pamphlets dealing with the ques-

tion of forestry on the condition that it be given a department in the library and be made available to the students of forestry and university men generally.

There are 2500 volumes and the collection is one of the most complete in the world.

The governors have accepted the generous offer with great gratitude.

Dr. Wood's Norway Pine Syrup

is rich in the lung-healing virtues of the Norway Pine Tree, skillfully combined with Wild Cherry Bark and the soothing and expectorant properties of other pectoral herbs and barks. It is a pleasant, safe and effective medicine for Coughs and Colds, Hoarseness, Sore Throat, Pain in the Chest, Asthma, Bronchitis, Croup, Whooping Cough, Quinsy and all troubles of the Throat and Lungs.

A single dose will convince you that it will stop the cough, soothe the throat, and start you on the road to recovery.

Be sure and do not accept a substitute for Dr. Wood's Norway Pine Syrup. The genuine is put up in a yellow wrapper, three pine trees the trade mark, and the price 25 cents.

Miss C. M. Woodcock, Kimmont, Ont., writes: "For some time I suffered from lingering cough. I was afraid it would turn to consumption, and as I had tried many remedies and found no cure I asked my father to get me a bottle of Dr. Wood's Norway Pine Syrup. When I had taken that bottle I was so much better I got three more, and I am now completely cured."
