ST. JOHN'S CHURGH OPENS

Notable Event In Norway-North Toronto Council are After Metropolitan-Co. News.

NORWAY, June 25.—(Special.)—A memorable event in the annals of the Village of Norway was the formal opening last night of the new parish house in connection with St. John's Anglican Church, followed to-night by the reception to many of the past and present members of the church.

The history of St. John's Church is one of aggressive and progressive work thruout, but it has remained for Rev. W. L. Baynes-Reed, the present belov-

ed rector, to inaugurate and carry to successful completion the splendid new parish house, which, perhaps, more than any other in the city or suburbs.

than any other in the city or suburps, embodies all that is modern and homelike in a parish house.

In this work Rev. Mr. Reed has had the assistance of a devoted and energetic committee, consisting of George F. Davis, Dr. Clarke, J. W. Miller, T. Taylor, Charles Lennox, W. F. Wagner, Mr. Stetson, L. Bennett and Rev. Mr. Gay, the assistant curate.

The building which is a fine brick structure stands immediately north of structure stands immediately north of the church, facing Woodbine-avenue, contains splendidly designed and well-built rooms, large and well lighted, suitable for gatherings of all kinds, and will include a gymnasium and other athletic rooms, library, commit-tee, Sunday school and other apart-ments. The Sunday school will for the present be held in what will eventually

ments. The Sunday school will for the present be held in what will eventually be used as the symmasium. A well-squipped kitchen is also among the rooms in course of completion.

It is the purpose of the members of St. John's, at a later date, to add two additional storeys. The cost to date has been about \$10,000, and the whole has been about \$10,000, and the whole has been about \$10,000, and the store of this amount has, thru the generostity of the members and friends of St. John's, been practically provided for. The additional cost, when the extension is finally carried into effect, will be about \$8000 or \$18,000 in all. The architect, Charles F. Wagner, and one of the churchwardens of St. John's, been practically provided for the members of St. John's, been practically provided for the members of St. John's, been practically provided for the additional cost, when the extension is finally carried into effect, will be about \$8000 or \$18,000 in all. The architect, Charles F. Wagner, and one from him. Upon further searched and a revolver, with five chambers loaded, was taken from him. cted the formal opening, and to-ght the beautiful building was ronged at the social and reception rvice. Rev. W. L. Baynes-Reed wel-med the visitors in a happy address. Rev. J. B. Fotheringham, a former assistant curate, and Rev. Mr. Gay also spoke briefly. A varied program, musical and otherwise, was given, for the most part by the young people of St. John's. A feature of the great success which makes the work of this church is the large number of young men and women who accord the most hearty and loyal support to every movement for the progress of the church. Coffee and refreshments were served during the evening ..

NORTH TORONTO. Council Met and Talk Over Metropo tan Matters.

NORTH TORONTO, June 25.—A special council meeting was held to-night in connection with the proposed application to the railway commission rethe Metropolitan Railway. Both the town solicitor and engineer attended. It was decided to compel the company to properly ballast their track with good gravel and 18 inches outside the rails, the switches to be filled with macadam, also to have the ditches macadam, also to have the ditches across the tracks covered with an iron macadam, also to have the intentes across the tracks covered with an iron grating, and to have the snow and ice removed in winter. The council will try to show the commission that the car service is inadequate. The town will also ask the the thru traffic should be no impediment to the local traffic. Speaking of the inadequate service, Councillor Parke suggested that the town appoint a person to be stationed at the C. P. R. crossing, in order to keep count of the number of passengers going out on the little cars during the busy hours, and to note the number who are compelled to use the next car for lack of room. The suggestion was favorably received and Councillors Parke, Brownlee and the mayor will form a committee to work out details.
