

Members of the committee were placed at the disposal of the committee by members elected. In each case the committee gave careful thought to the matter, having in view various considerations which had to be weighed, and the committee also consulted the people who were immediately concerned, before coming to a conclusion. The committee has now successfully accomplished its work. With the two elections announced herewith and the one which will follow, the government will be in a position to conduct its preparation for the work of the session already well advanced, and to continue the separate for the session of business.

Mr. Morrison's Statement.

Mr. Morrison, who was the speaker at the meeting this morning, said: "I am glad that the government has come to a decision as to the session to be opened. The premier's statement I understand has already been given to some. It will be no news to you, however, that the session will run in last April, the only date which has been suggested for the session. It is now a question of less definite reports to that effect."

"I am now going to explain my part in the matter which has been mentioned. I was appointed to deal with the matter, and to that committee my name was added without consulting me, because of my wide acquaintance with the supporters of the U. F. O. in the country. I have gone over the list of names and the committee selected, that as all it is quite wrong to suggest that the country has been in a state of anarchy. It has been under the rule of the elected representatives of the people, who chose Mr. Drury as premier and Mr. Morrison as minister."

"Delay has been caused because we wished to secure the voice of the people rather than follow the old plan of executive domination. The press has incited impatience over the delay, but we think that adherence to this democratic principle established at the beginning of the session campaign, that the people should decide counts more than the adverse criticism that we have received."

Editorial, Farmers' Sun, Jan. 21.

"A Seat Must Be Provided."

It is imperative that a seat be found for the Hon. Wm. Morrison in the assembly of the province. If the business of the country is to be carried on, in selecting Mr. Drury as premier, the seat of Mr. Drury was vacated by three main causes. He wanted a good lawyer, a man free from corporate entanglements, and a good fighter. In Mr. Raney he has found all three. His reputation as a lawyer is unquestioned. He has never accused him of being a tool of the "big interests," and in so far as being a "bona fide fighter" is concerned, he has only to ask the liquor interests, the race track ring and other lawbreakers to get an unbiased opinion.

"The objection that Mr. Raney is a Toronto lawyer and therefore should not represent a rural constituency is foolish. It is true that in the past we have had too many lawyers in both our federal and provincial houses, but under our present system of administration, it is imperative that a lawyer have charge of the attorney-generalship.

"The U. F. O. members gave Premier Drury a free hand in selecting his cabinet and promised him their support in carrying on. It is therefore, imperative that someone should provide a seat for the attorney-general. He has selected and thereby assist him in administering the laws of the province."

Plies Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, blinding, or protruding Plies, Stop Irritation, Soothe and Heal. You can get results soon after the first application. Price 50c.

**HAMILTON**

Hamilton, Jan. 20.—John T. Irwin, head of the firm of Thos. Irwin & Sons, was instantly killed today when an iron trolley wire snapped and fell, hitting him on the head.

Two other sections of Barton Township have made application to the City of Hamilton for annexation.

The staff of the Bank of Hamilton has been voted a 20 to 25 per cent. salary bonus.

Col. Wm. Hendrie has resigned the presidency of the Hamilton Branch, N.Y.C. League of Canada. Capt. Geo. T. G. J. has consented to succeed him.

In the supreme court case of Alfred Garber v. August W. G. G. the former was awarded damages of \$1287.

At the annual meeting of the Soldiers' Aid Society held at the Soldiers' Club, over \$12,000.

The first annual banquet of the physical fitness of the Y.W.C.A. was held tonight.

John Bull, president, was in the chair at the regular meeting of the H.D.S.A. in the C.O.F. Hall.

**Third Week of the Great JANUARY SALE OF HIGH-GRADE ORIENTAL RUGS**

At a Great Saving

More than in previous years our January Sale has been a great success owing to exceptional orders given in high-grade Eastern Rugs. During the next two weeks many other special offerings will be made from this large stock. Come and see them for yourself.

**75 EXTRA FINE KAZAKS**—A lot of well-selected specimens of this famous make, in silky and lustrous piles with rich blues, rose and ivories; suitable for halls and living-rooms. Average size, 7 x 4. Regular value \$150.00. Very special (only two to one customer), at \$112.00

**25 KABISTAN RUGS**—Close pile and silky Caucasian weave, in small all-over designs. Average size, 6 x 4.6. Special \$137.50

In addition to the above, we have a great many Rugs in small, large and medium sizes, at very special and attractive prices.

In view of the great scarcity and prevailing high prices of Oriental Rugs, this announcement should meet with an enthusiastic response from our city and out-of-town buyers.

**DRURY PROMISES GRANT TO MEMORIAL**

(Continued From Page 1)

The present addresses and occupations of the ex-students of the regular course of the Ontario Agricultural College. In this study of the relationship of the ex-students to agriculture it was found that four-fifths of all the ex-students of the regular course, 30 per cent. of the diploma men and 92 per cent. of the B.S.A. men were engaged in agricultural work.

Students' War Record.

It was learned that 78 of the students and the ex-students of the regular course had enlisted in the recent war, 239 became commissioned officers, and that upwards of fifty received decorations for services in the field. No less than 107 O.A.C. men lost their lives in the war, and in memory of these it is planned to erect a memorial hall on the college campus. The co-operative work in agriculture has been conducted for thirty-four years, during which time there have been 24,102 distinct tests made throughout the province. Each of these tests consisted of from three to ten plots.

President's Address.

Hon. Nelson A. McNeil, the president of the Ontario Agricultural College, gave his address to the gathering and was well received. He referred to the fact that there had been a notable falling off in the number of experimentalists during the period of the war, but evidence of a revival has been shown by the increased demand for material for experiments during the past autumn. He said that the crops throughout Ontario during the past year have been below the average, but higher prices have helped in a large measure to make up the loss. He had brought out little relief to the labor situation in rural Ontario. The retaining of those on the land who are the major born is the surest hope for the future of agriculture. To this end improved environment, shorter hours of labor and better pay are necessary.

Dr. C. Zavitz presented his annual report of co-operative experiments in agriculture for 1919, including tests of grains, potatoes, roots, fodder crops, hay crops, etc. The report was most exhaustive and complete one, and contained much valuable information to the farmer of Ontario.

Arrange Annual Sale.

A meeting of the Guelph Fat Stock Club was held today. Arrangements were completed for the holding of the annual sale of pure-bred cattle at the Winter Fair buildings on Wednesday, March 3. Jas. McDonald of this city and Captain Robson of London were appointed auctioneers, with W. J. Taylor and Roy Hindley as assistants. The various committees were also appointed. The secretary, J. M. Huff, states that he has already received 80 entries, which is almost a record, but it is expected that some of these will be culled.

Eliminate Scrub Bull.

Commissioner of Agriculture, Bailey expressed himself quite hopeful of the success of the elimination of the scrub bull, to deal with the Ontario cattle-breeding associations have each selected one man, who, in addition to a man for each of the provincial and Dominion governments, will act as a council. At present all efforts are to be concentrated in six counties, widely spread, in which the agricultural representatives have been called upon to assist and formulate plans of attack. To overcome the difficulty where farmers are not familiar with the proper uses and individuality to make careful selections, a man who is a good judge of the breed is selected, and his services are to be at the disposal of the farmer at no cost.

Hundred Acre Farm Best.

One of the most interesting addresses of the afternoon was that of Prof. Leitch, the man who has carried out the enlightening rural survey in some counties of Ontario, who gave a summing up of his figures in comparing the dairy and beef industry.

In the figures presented it was clearly shown that a man with a hundred-acre farm in Oxford was better off than a man with equal area in Peel county. The reason for this was that the financial returns in the best of the dairy industry when the amount of investment or total capital was considered there was not much difference. Except in small farms the returns are better for milk farming than dairying if capital invested is the same.

Through his excellent address Prof. Leitch emphasized the fact that a farmer with over 100 acres in size was the most profitable and offered opportunities the smaller farm would not give.

**DINEEN'S**

**JANUARY FUR SALE**

The Most Wonderful Event in the History of the Fur Trade

In addition to our own manufactured stock, which is very heavy, we purchased from one of the foremost high-class fur manufacturers in Quebec the whole of their surplus stock of HUDSON SEAL COATS, trimmed and untrimmed; LADIES' MUSKRAT COATS, LADIES' MARMOT COATS and LADIES' HUDSON CONEY COATS, as well as fine Canadian Mink CAPES and MUFFS, ERMINE SETS, MOLESKIN, FOX, SQUIRREL, OPOSSUM, BADGER and WOLF SETS. This stock, with our own, will bring about an event of unusual importance in the fur trade. Some may wonder why we REDUCE PRICES so greatly in the face of a rising fur market, but our unalterable principle to clear out stock before the end of our financial year (Jan. 31st next) is the reason. EVERY ARTICLE IS MARKED IN PLAIN FIGURES ON SPECIAL PRICE TAGS, and the ORIGINAL PRICE ticket is also there for your comparison.

**A HEARTY RECEPTION**

Williamson Road Home and School Club Entertains Mayor, Controllers and Aldermen.

A reception to the elected Mayor, board of control, ward aldermen and school trustees was given under the auspices of Williamson Road Home and School Club last night. A large number were present and the auditorium was well filled with members and friends. Speeches were delivered by Mayor, Controllers Joe Gibbons and James well, and School Trustees Mrs. Courage, Dr. Beer and Alderman Mrs. Hamilton. An interesting feature was the recitation of a poem by Mrs. Courage, who advocated more women on the board of education. Dr. Beer said he felt more confident in his capacity as a school trustee than being a member of the board of control.

John Henshill thanked and J. Leary expressed his appreciation to the speakers. Mr. Leary remarked that the association should keep a close watch on the board of education during the year. Refreshments were served and the proceedings terminated with a social hour.

**RIVERDALE RATEPAYERS.**

Executive Committee Consider Further Data Necessary Before Joining Hospital Delegation.

Many matters of local interest were discussed at a well-attended meeting of the Riverdale Ratepayers' Association executive committee meeting at Douglass avenue last night. L. W. Millen, president, was in the chair. It was decided to ask the next regular monthly meeting regarding the new Greenwood avenue athletic ground. It was also decided to ask the board of control to meet one month in the evenings to receive deputations and to bring the question up at the next central council meeting for endorsement. Geo. Smith pointed out that larger numbers of citizens could join deputations in the evening.

Regarding the proposed hospital for Riverdale, the meeting felt that more details were required by the association before taking definite action, and declined to appear with the deputation at the City Hall.

It was decided to memorialize the city council to conscript all vacant lots for spring, and to interest the central council in the matter. It was also decided that the H. C. of L. was touched upon and as the feeling of the meeting was that the question concerned the provincial and federal governments, a separate organiza-

**Men's Own Brotherhood Elects New President**

The Men's Own Brotherhood of the Central Methodist Church has secured a new president in J. J. Noad, a prominent merchant in the Earlscourt district, who was elected to that office at a meeting held last night in the basement of the church. The executive committee was called together by the president, Rev. E. C. Hunter, when he told them that, owing to excessive work in the church, he would be unable to continue to take the lead in the Men's Own Brotherhood, with which he had been connected for nearly two years. The meeting was held in the presence of Bryce, who is soon to relinquish his duties in the Central Church, having accepted a position with the Methodist Board. After some discussion Mr. Noad's name was brought forward, and on a vote he was elected to that office. The members numbered around 300, and the Brotherhood is doing excellent work in this district.

**Anti-Vaccinationist Doctor Attacks Rockefeller Grant**

That the anti-vaccination crusade must be carried into every part of the Dominion was the slogan of the Ward Six Anti-Vaccination League at a well-attended meeting held in the Church of Christ on Paton road last night.

Dr. Catto was in the chair and cited a number of cases coming under his own personal supervision in which ill-results had followed the use of vaccine. He attacked the Rockefeller gift of \$5,000,000 numbers in the interests of science, and charged ulterior motives.

Farmer C. Darroch spoke, and Alex. Craig, chairman of Ward Six anti-vaccination branch, made a vigorous criticism of the practice and said that the crusade against it would go on until the act was repealed all over the Dominion.

**EARLSCOURT G.A.C. SIGNS.**

The \$2000 gratuity petition for the returned soldiers is being signed up in Earlscourt, the New Britain Post, G. A. C. having charge, and President H. Parfrey is getting the signatures. A large number of the soldier organiza-

**W.V.V.A. CHRISTMAS TREE.**

The Earlscourt branch of the W. V. V. A. held their annual Christmas tree and entertainment last night at the headquarters, at Belmont Hall, on St. Clair avenue. All the children of Earlscourt and district, little orphans and soldiers' children, and others, all receiving invitations to take part. The large Christmas tree was placed in the centre of the hall, loaded with presents. After games had been played and songs had been sung, each child was presented with gifts from the tree, also candies, fruit and sandwiches. Several hundred children were present, and the whole affair was in charge of the Ladies Auxiliary of this branch, assisted by the veterans and executive committee.

**RURAL HIGHWAYS**

Townships on the Main Roads Fear Change in Queen's Park Policy.

Committees have been formed in the township bordering on the lakefront between Toronto and Ottawa to meet and confer on the question of securing and carrying out of the highway policy advocated by the late Ontario government.

Speaking to The World yesterday a Pickington man said there were indications that the gentlemen at Queen's Park were not so zealous in the importance of solving a high-class road outway from Toronto. He was surprised that Toronto, which in the form of appropriate and motor license fees, undertakes to pay with the front-end government, such a large share of the cost of highway building from Toronto, should not try to submit to the new policy which he felt would be a conference in Toronto very shortly on this question."

**HYDRO AT WOODBINE**

Wires Are Now Being Strung and Work is Nearing Completion.

Good progress is being made with the Hydro-Electric street light installation in the Woodbine Heights district. The poles are erected, and a stringing of the wires will shortly be completed. The heavy snowfall of the past few days has practically tied up the district, and many residents have been unable to leave their homes during the height of the storm yesterday. The Danforth avenue civic cars took nearly two hours to negotiate the distance between Woodbine avenue and the eastern terminus. The snow-plows were continually in action, and a number of men were employed in

**CIVIC ABATTOIR HEAD GOES TO ARGENTINA**

Supt. Wright of the civic abattoir has resigned his position to take an engagement with a British meat firm operating in Argentina. The salary Mr. Wright will receive is about three times that paid by the city, and this will be supplemented with a bonus. Supt. Wright tried in various ways to put the abattoir on a proper financial sustaining basis, but, headed by executive Controller McBride, members of the board of control and council balked at any changes, and this year's council now has the problem to solve. Last year's board of control decided to authorize for a manager for the abattoir, and the problem is now up for settlement.

**APPOINTMENT KEPT BY ALLEGED THIEF**

Many men are known to have broken engagements, but Herbert Miller has an appointment marked in his pocket diary to visit the city hall on Jan. 21 that he will fulfill this morning. Miller was arrested at midnight in the Express Hotel, Yonge street, by Detectives J. McConnell and Stewart, charged with theft. He is alleged to have entered the hotel room, a woman and stolen a gold watch, a ring and sum of money, entrance having been made to the room by the use of a skeleton key.

The detectives stated Miller came here two days ago from the United States and registered at the hotel. He was known under the alias of McNeill. On searching the prisoner, McConnell and Stewart found the stolen ring in the lining of Miller's coat. The watch was found hidden under the bed mattress. A diary in Miller's pocket gave a list of the various cities visited

by him and the dates on which he made his visits.

According to the book, he intended taking a trip to the city hall this morning, but not under the circumstances that his trip this morning will be. Instead of strolling around the corridors of the hall, as originally intended, Miller will be escorted to the police court dock and charged with theft of the money and jewelry from the hotel room. The police, in addition to recovering the stolen goods, found the key used to unlock the door of the room from which he is alleged to have stolen.
