

The College has been regularly visited by the Ladies of the Committee. They feel greatly encouraged by the bright outlook for the Mission, and are making the most strenuous efforts to wipe off its debt and give the College a free scope for continuing and adding to its good work.

Respectfully submitted,

ETHEL S. BOND,

Hon. Secretary.

MEMBERS OF THE LADIES' COMMITTEE.

SABREVOIS COLLEGE ANNUAL CLOSING EXERCISES AND REPORT OF PRINCIPAL LARIVIERE.

My Lord, Ladies and Gentlemen:—

With the expiration of another scholastic year, I am reminded of the duty of presenting to the friends of this Institution a brief report of the work that has been done, and also of the measure of success that we have met.

Our schools re-opened the 15th of September last. Our register shows that 86 pupils have been in attendance during the session, of whom 59 have been boarders, and 27 day pupils. Although our teaching staff, as compared with that of previous years, has been somewhat weakened numerically, yet the school has not suffered in any way in that special direction. I am fully confident that the work has been done most faithfully, thoroughly and efficiently. This necessarily means extra hard work on the part of the teachers, and to-day we have the satisfaction that we have not worked in vain.

We are proud of the progress that some of our pupils have made, and we are satisfied in this respect with the progress of every one of them.

Intellectually the class of pupils that we have had would compare, I think, favourably with the pupils of any school in this city. Physically, too,

they are in the best state of health, and if of rather large build. In the opinion of the right
