

# VENIOT WILL RESIST CLASS LEGISLATION

### Is Prepared to Support New Government in Any Beneficial Policy

### HOPES HYDRO WORK WILL BE CONTINUED

### Convinced Development of Grand Falls Will End Depression

FREDERICTON, Aug. 14—Hon. P. J. Veniot, Premier of New Brunswick, whose administration was defeated at the polls on Monday, this evening issued a statement to the people of New Brunswick. It is the first full statement which he has made on the election and its results.

The statement is as follows: "The electors have spoken and we humbly bow to the will of the people. The outgoing government has striven during eight years to inaugurate such policies as would meet the requirements of the times. The development of our water powers and the hope of bringing back to our province renewed industrial activity and establishing a home market for our farmers, did not receive that support which it deserved.

**WATER PROJECTS HOPED.** "I am still convinced that the real solution of our industrial depression depends on the development of our water powers, and hope the incoming administration will be sufficiently strong to carry out this policy and not permit such a valuable asset to fall into the hands of corporations whose sole object will be a development in the interest of a few to the detriment of the people in general.

**TAXATION REDUCTION.** "The new Government will now have ample opportunity to lessen the burden of taxation so frequently promised by their candidates. I do not envy them their task in this respect, because my knowledge of the administration of provincial affairs, convinces me that provincial governments cannot give relief in this direction unless municipal administration undergoes a very radical change.

"The result of the election has not changed my opinion in the matter of the demands for relief made on the Government by the Lumbermen's Association. I still consider these demands unwarranted and feel that in the interest of the province they should be resisted.

**ISN'T SORRY TO QUIT.** "I wish to thank the friends who stood loyally by the Government, and while I regret the result and feel the defeat was not deserved, especially in view of the lack of any constructive policies on the part of our opponents, I am not sorry to be relieved of a very heavy responsibility.

"The new Government has now a free hand to carry on the affairs of the province, and the Premier can rest assured that I will always be willing to co-operate in any policy that in my opinion will be to the benefit of the people in general, but will resist to the utmost any movement that will have the appearance of class legislation.

**CONFIDENCE IN PROVINCE.** "I have the utmost confidence in the resources of our province and am convinced that New Brunswick can be placed in the fore rank of industrial

progress, but to accomplish this Government must not be controlled by any group of men who seem to view such matters only in the light of personal interest." (Signed) P. J. VENIOT, Fredericton, Aug. 14, 1925.

## Telegrapher Dies at Key After Setting Red Signal For Trains

PITTSBURG, Aug. 15—Facing death from a sudden illness, Kavanagh Jacobs, night telegraph operator for the Pittsburg & Lake Erie Railroad at Monongahela, near here, threw on the red signals to stop all trains a few minutes before he fell across his key, dead, from an attack of acute indigestion. Trains on the division were halted for more than an hour until another operator could be sent to man the wire. Jacobs' body was found at his desk by police who went to the station in response to an appeal from division headquarters of the railroad to investigate the failure of the operator to answer his call. Earlier in the night Jacobs had summoned a physician, but had declined to leave his post.
