SOME NEW IDEAS IN SHIPBUILDING

Canada Steamship Lines Making Addition to Toronto Fleet.

Montreal, Dec. 19.—The Canada Steamship Lines, Limited, are making an important addition to their passenger fleet between Toronto and Lewiston. Plans are now being completed for a steamer having a capacity of \$500 to \$500,000. The ship embodies a number of new features, such as terraced decks, moving picture theatre, children's playground, dancing pavilion, and several other new ideas. She will have a speed of eighteen knots and will be fireproof. Another feature is that all lifeboats will be recessed at the side of the ship, so that, in case of necessity, passengers will step from the deck into the lifeboats. The management expects to have this vessel on the route early in July next year. J. Norcross, president and general manager of the Canadian Steamship Lines, Limited, being asked if this will release one of the Lewiston ships for the Hamilton route, stated that the Hamilton service would be improved immediately the facilities for entering the harbor were made safe for vessels of this type.

PILES
Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation. Dr. Chase's Ointment will relieve you at once and as certainly cure you. Write for all particulars, or Edmundson, Bell & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.
