MAY BE LABOR BOARD FOR THE DOMINION

Hon. Mr. Crothers Makes Interesting Statement in Vancouver

Vancouver, July 11.—In a series of conferences with Hon. T. W. Crothers, minister of labor, a deputation representing Vancouver organized labor asked for the appointment of a board under the Lennox Act to investigate the walk-out and conditions generally in the construction camp of the Canadian Northern in British Columbia. The labor men said they had been asked to do so by the railway laborers. The minister promised to give the matter his serious consideration.

He said:—"It is just a question whether the dominion government should appoint a permanent body composed of first-class men at good salaries to deal with all labor disputes. I may add that the matter is now receiving official consideration."

The announcement created interest.

GENTLEMANLY MR. BRYAN

His Act of Courtesy, Disregarding Politics, to Save Humiliation of Mrs. Taft

Helena, Mont., July 11.—A story of how William Jennings Bryan, in order not to hurt the feelings of Mrs. Taft, wife of the president, omitted from the original text of his now famous Bryan-Belmont-Morgan resolution certain caustic references to the so-called "rotam roller" methods of the republican national convention, and to President Taft as alleged recipient of favors from the "interests" is told by Robert F. Rose, of Helena, former private secretary for Mr. Bryan, who acted as his confidential stenographer in Baltimore.

"On going to the convention hall in Baltimore," says Mr. Rose, "Mr. Bryan was told that Mrs. Taft was in the audience, and, out of consideration for her feelings, he struck from the resolution all reference to the president. After the resolution was adopted I asked if he purposely had omitted that part of the resolution dictated to me. 'I purposely omitted it,' he said. 'Mrs. Taft occupied a box and I desired to do nothing which would subject her to humiliation.'"

IN THE DUNKER.

Caddie (politely): "What would you like now, sir?" A pickaxe?

HE REMEMBERED.

"There is a tide in the affairs of men," said the man who habitually quotes Shakespeare, "which, taken at the flood, leads on to fortune."

"Yes," replied the man who had married an heiress. "I remember the tide that led to my fortune."

"What was that?"

"It was overide, and we were sitting in the garden."

INSURE 10,000 NEW YORK POLICEMEN UNDER ONE CONTRACT

Annual Payment \$150,000—Mean Regarded as Exceptionally Good Risks

New York, July 11.—Arrangements have been completed by an insurance agent here whereby the 10,000 members of the police force of New York will be insured for between \$12,000,000 and \$15,000,000. The annual premium on these policies, amounting \$120,000, will be paid by the policemen. They are regarded as uncommonly good risks, since most of them are young, and even the older men had to undergo a rigid physical examination when they entered the force.

The average policy under the contract will be \$1,000, but any policeman may make arrangements whereby he can obtain insurance for a sum equal to one or two years' salary. The limit under the agreement is \$5,000. No further medical examination is to be undergone by the policemen.

So that the insurance policy of the whole group may not lapse with the loss of a few individuals annually, the bulk insurance has been arranged in a number of squads separately. The Patrolmen's Benevolent Association, with 8,000 members; the Traffic Squad, with 200; the Sergeants' Association, with 400; and the Lieutenants' Association, with 750 members, have each undertaken their own contracts.

CARRY DEAD BODY OF STRIKER IN STREET PARADE

New York, N. Y., July 11.—A weird way to win attention for their ranks was adopted by striking steamship firemen here yesterday when they virtually made a dead man a leader in their cause.

The body of Andreas Rodriguez, a striker who was shot to death in a riot on Monday night, was taken from the hearse and borne on the shoulders of relays of men who carried it for more than two miles through the water front section.

The empty hearse led the procession and following the bearers of the casket there were eighty empty carriages, the mourners having refused to ride.

Policemen Alexander Bennett was perhaps fatally injured while trying to disperse a crowd of strikers in Market street yesterday. He was hit on the head by a blunt instrument.

OF LOCAL INTEREST

St. John is proud of one show at the circus and it is the Hippodrome. One of the big acts of the show is the Willard Temple of Music and the greatest part of the act is the musical saw-mill and the interesting part is that the saws used are a product of the noted Simonds Canada Saw Company of St. John, N. B., Montreal, Que., and Vancouver, B. C.

The Willard family have played in every city of prominence in the United States, Canada and Mexico, and on August 18th they sail for London where they open a two
